Create your own time lines and printables

Our current unit of study is Early Explorers of North America. We will discover the many brave and courageous explorers who were responsible for finding the many lands we live in today. We will discuss the reasons for travel, how they made their voyage, routes, and the historical significance of each.

Directions. Step 1: Explain that by reading biographies or biographical plays the students will learn about the explorers who came to the New World. Either individually or in groups they will fill out a chart on their explorer. These will then be shared with the class. A master chart will be made by the teacher so that the students can learn about all the different explorers.
