Scientific writing and communication needs to take care of a wide range of audience, from students and researchers to ex-

perts. The main objective of this book is to offer the basics of scientific writing and oral presentation to students and researchers working for their M.Phil. and Ph.D. degrees in science subjects. This book provides information on how to write research reports (theses, papers for publication, etc.,) and to prepare for poster and oral presentation at conferences and scientific meetings. The book also offers guidelines for preparing proposals for research projects.

English Fluency is a tailor-made compilation of the entire syllabus prescribed for the first and second semester students of English Core who have scored in the range of 60 to 80 percent marks in English in Class XII. It presents complete clarity on concepts and formats from examination point of view. With minimal textual emphasis and optimal use of practical exercises, an effort has been made to make learning a pleasure for students. The aim is to equip the readers with skills required to hone English as a language of communication. The book also caters to learners looking for interesting and innovative material in English reading, writing, speaking, listen-

ing, grammar and vocabulary building. Since its publication in 1985, the "MLA Style Manual" has been the standard guide for graduate students, teachers, and scholars in the humanities and for professional writers in many fields. Extensively reorganized and revised, the new edition contains several added sections and updated guidelines on citing electronic works--including materials found on the World Wide Web.
