Psychology for Musicians: Understanding and Acquiring the Skills by Andreas C. Lehmann, John A. Sloboda & Robert H. Woody. New York: Oxford University Press, 2007. 268 pp., £17.99 hardback. ISBN 0195146107 - Volume 26 Issue 2 - FREYA BAILES

Designed to address the needs and priorities of the performing musician rather than the research community, it reviews the relevant psychological research findings in relation to situations and issues faced by musicians, and draws out practical implications for the practice of teaching and performance. Rather than a list of DOs and DON'Ts, this book equips musicians with an understanding of the basic psychological principles that underlie music performance, enabling each reader to apply the ...
