Psychopolitics: Neoliberalism and New Technologies of Power is perfect for us. It explores how we have left the disciplinarian society of biopolitics for a time of psychopolitics, where entrepreneurs of the self practise self-exploitation and self-surveillance.

Psychopolitics: neoliberalism and new technologies of ...

Byung-Chul Han, a star of German philosophy, continues his passionate critique of neoliberalism, trenchantly describing a regime of technological domination that, in contrast to Foucault's biopower, has discovered the productive force of the psyche. In the course of discussing all the facets of neoliberal psychopolitics fuelling our contemporary crisis of freedom, Han elaborates an analytical framework that provides an original theory of Big Data and a lucid phenomenology of emotion.

Psychopolitics Neoliberalism And New Technologies

In Psychopolitics: Neoliberalism and New Technologies of Power, the English translation by Erik Butler released by Verso in 2017, Korean-born German philosopher Byung-Chul Han would likely agree with the parallel I'm drawing between the drug-using gamblers' addictions and my own more subtle, technological one, interrupting, as it did, my ability to truly contemplate. Han, however, does not use the language of addiction, but of religious fervor.

Byung-Chul Han, a star of German philosophy, continues his passionate critique of neoliberalism, trenchantly describing a regime

of technological domination that, in contrast to Foucault's biopower, has discovered the productive force of the psyche. In the course of discussing all the facets of neoliberal psychopolitics fueling our contemporary crisis of freedom, Han elaborates an analytical framework that provides an original theory of Big Data and a lucid phenomenology of emotion.
