Although they are often labeled "quiet," it is to introverts that we owe many of the great contributions to society--from van Gogh's sunflowers to the invention of the personal computer. Passionately argued, impressively researched, and filled with indelible stories of real people, Quiet shows how dramatically we undervalue introverts, and how much we lose in doing so.

Quiet: The Power of Introverts in a World That Can't Stop ...

Quiet: The Power of Introverts in a World that Can't Stop Talking is a great book. Susan Cain does a good job of presenting how our culture favors extroversion and looks down on introverts. It

may seem at first that Cain is trying to say that introverts are better than extroverts, but reading through the whole work she does a wonderful job of challenging introverts to grow in certain areas.

The power of introverts | Susan Cain

With Quiet: The Power of Introverts in a World That Can't Stop Talking, Cain explores introversion through psychological research old and new, personal experiences, and even brain chemistry, in an engaging and highly-readable fashion. By delving into introversion, Cain also seeks to find ways for introverts and extroverts to better understand one another--and for introverts to understand their own contradictions, such as the ability to act like extroverts in certain situations.
