Rol-Air Owners Manuals- Need An Owners Manual

Though, it's not that simple. The reason is that the R134A runs at a higher pressure due to the size of its molecules being smaller when compared to those of the R12. Just filling your compressor with the R134A would cause your compressor to work harder due to the increased pressure and eventually create a leak to seal.

R12 to R134a Conversion, Information & Necessary Parts ...

Retrofit R12 to R134a. R-134a refrigerant operates at higher pressures than R-12 does, so older systems may require replacement components such as A/C hoses, O-rings, and possibly a compressor to retrofit R12 to R134a. All A/C system refrigerants require unique service fittings.
