An in-depth analysis of Alice Walker, her writings, and the historical time period in which they were written.

Moses Fleetwood Walker was the first black American to play baseball in a major league. He achieved college baseball stardom at Oberlin College in the 1880s. Teammates as well as opponents harassed him; Cap Anson, the Chicago White Stockings star, is blamed for driving Walker and the few other blacks in the major leagues out of the game, but he could not have done so alone. A gifted athlete, inventor, civil rights activist, author, and entrepreneur, Walker lived precariously along America's racial fault lines. He died in 1924, thwarted in ambition and talent and frustrated by both the American dream and the national pastime.

Worsley analyses black cultural representations that appropriate anti-black stereotypes. Her examination furthers our understanding of the historical circumstances that are influencing contemporary representations of black subjects that are purposefully derogatory and documents the consequences of these images.

Releasing control is relief... I was warned about men like Brett Maclean. He was dark and thrilling, intense and controlling. And he captivated me from the very start. He unleashed something inside of me like no other. His bad rep and troubled past drew me to him like gasoline feeding a flame. With just one taste, I felt the danger in him, the uncontrollable power that left me breathless. The passion consumed me. Fast and hard. Temptation could n't guard my heart. I should have known a man of such raw and wild desires came with competition.

When Ellen Jamieson breaks up with her long-standing boyfriend, she plans to go travelling. But first she agrees to house-sit for her parents, who are trying to find a buyer for their idyllic cottage in the Cotswold village of Oddlode. The village is full of quaint and eccentric characters, both blue-blooded and below the salt, and Ellen is the subject of much speculation. Under the wing of Ophelia ('Touch Pheely') Gently, an impoverished local sculptor, Ellen goes to an Auction of Promises village fundraiser and wins a mysterious lot of three wishes. These have been donated by Jasper Belling, the incredibly gorgeous prodigal son of the local lord of the manor. Falling in love with a notorious hell-raiser is the last thing Ellen intended, and the convoluted scandals of the villagers put many obstacles in the way of the young lovers. Several ancient skeletons come rattling out of various cupboards before a no-holds barred, loved-up finale.

Young Walker Judson has a grand secret. He sees light emanating from and surrounding other folks. Soul shadows, the boy terms them. Years later, as director of The Living Light Healing Center, he meets the hunchback, Lauren Finch, and straightens her spine. She's seduced by his charisma, becomes his devout assistant, and ultimately transforms into a powerful healer in her own right. When all goes awry, even as Lauren's faith is challenged, even as others abandon Walker, she remains steadfast. But how far is she willing to go to prove her devotion, and what will it take for her to peel off the blinders and trust her own strengths? And so, is Walker Judson truly a healer-gone-bad or a saintly soul whose paranormal talents are misunderstood? Ultimately, you, the reader must decide. Today's news is rife with stories of physical and emotional abuse on the part of Catholic priests, Buddhist monks, as well as school teachers and sports coaches. Furthermore, cults such as the People's Temple, at the behest of their leader, Jim Jones, require followers to commit mass suicide. On another vein, politicians, athletes, and entertainers, Bill Clinton, Anthony Weiner, Tiger Woods, and Michael Jackson--to name a few--violate the trust of family and supporters, destroying lives in the process. So why are tales of manipulation and abuse so rampant among the powerful? Then again, why are followers so easily swayed that they cast aside common sense and discernment? The Worship of Walker Judson, an award winning novel, explores the misuse of power and the ease with which seekers relinquish it. Psychic phenomena, cultism, mystics and madmen, the retelling of the Christ story in the context of the persecuted healer, along with the role of personal choice versus

karmic destiny are also examined in this novel.

"Dayspring, my dictionary tells me, is an archaic word meaning 'dawn.' But I have chosen Daysprings as the title for this collection of meditations for the several meanings in the ancient word and its components. I hope these brief reflections shed new light on old, familiar passages and illuminate the way through new ones. I also hope these pieces will prove to be springboards to new and creative meditation for readers, pastors, and preachers, and that they will find within these pieces an extra buoyancy for each day. Lastly, I hope these thoughts will flow like fresh, living waters through days of fast and feast, bringing refreshment. —from the Preface In his accompanying volume to *Brightest and Best: A Companion to the Lesser Feasts and Fasts*, Sam Portaro offers meditations for each of the weekdays for the seasons of Advent, Christmas, Epiphany, Lent, Holy Week, and Easter. Following the lectionary texts for each day, he focuses on the seasonal themes of incarnation, manifestation, suffering, redemption, and resurrection, showing how the eternal truths of the gospel shed light on the ordinary and extraordinary events of our lives. Solidly grounded in the prayers and scriptures of these seasonal liturgies, Portaro's meditations bring fresh and powerful—sometimes pointed—insights for those who follow the daily readings and prayers of these days of the weeks in the church year as found in *Lesser Feasts and Fasts*.

Warren Commission Report is the result of the investigation regarding the assassination of United States President John F. Kennedy. The U.S. Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed Commission to report on the assassination of President John F. Kennedy, mandating the attendance and testimony of witnesses and the production of evidence. After eleven months of the investigation the Commission presented its findings in 888-page final report. The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald, that Oswald acted entirely alone and that Jack Ruby also acted alone when he killed Oswald two days later. The Commission's findings have proven controversial and have been both challenged and supported by later studies.

An inventive tale by a beloved Hans Christian Andersen Award winner celebrates our differences—and the joys of inclusion—through the lens of artificial intelligence. From the boundless imagination of David Almond comes a thought-provoking question, packaged in a lively illustrated chapter book: what if a robot went to school? When a new boy joins their class, everyone thinks he's . . . odd. George doesn't behave like other kids. He doesn't think like other kids. But he's great at football and snacking, and that's what matters to Dan and Maxie and friends, who resolve to make George feel welcome. Over time, they learn that he's just like them, in most ways, except one: George is a robot, part of an ambitious new experiment, with sinister people bent on destroying him. When his lab pulls him out of school, can George's new friends recover him—and set him free? Told in David Almond's signature rollicking narrative style, this poignant tale about what it means to be human, paired with warm and funny black-and-white illustrations, will inspire children to think and giggle in equal measure.

A suffragist who wore pants. This is just the simplest of ways Dr. Mary Walker is recognized in the fields of literature, feminist and gender studies, history, psychology, and sociology. Perhaps more telling about her life are the words of an 1866 London Anglo-American Times reporter, "Her strange adventures, thrilling experiences, important services and marvelous achievements exceed anything that modern romance or fiction has produced. . . . She has been one of the greatest benefactors of her sex and of the human race." In this biography Sharon M. Harris steers away from a simplistic view and showcases Walker as a Medal of Honor recipient, examining her work as an activist, author, and Civil War surgeon, along with the many nineteenth-century issues she championed: political, social, medical, and legal reforms, abolition, temperance, gender equality, U.S. imperialism, and the New Woman. Rich in research and keyed to a new generation, Dr. Mary Walker captures its subject's articulate political voice, public self, and the realities of an individual whose ardent beliefs in justice helped shape the radical politics of her time.

This biography explores Alice Walker's life experiences and her lifework in context of her philosophical thought, and celebrates the author's creative genius and heroism. • Represents the only biography that offers a philosophical examination of this deeply philosophical artist-activist • Provides insightful perspectives on negotiating our ever-changing and volatile world

The sharp edge of love... Brett MacLean was possessive. Even more since I became his. He was my desire...my ultimate pleasure...he was mine. As each day passed, he revealed a part of himself that had lain dormant. A broken childhood. A troubled man. One I was determined to help. After months together, I thought I knew him. But soon realized I was wrong. His dark secrets were only the beginning. The past was more disturbing than I ever could have fathomed. His deep seeded need for me came with a price that could have consequences. I needed him just as much. Because of this, we would be tested. My greatest fear was that it would take us beyond the limits of our love.
