Rich Dad Poor Dad: What the Rich Teach Their Kids About Money - That the Poor and Middle Class Do Not! By Robert T. Kiyosaki -

Book Summary - Readtrepreneur (Disclaimer: This is NOT the original book, but an unofficial summary.) The school system does a lousy job teaching students about money. So take in charge of your financial education so you can impart your wisdom to your kids. Rich Dad Poor Dad reveals the cruel truth; many people don't know enough about money for their financial future because the school system doesn't teach it to them. In order to debunk a handful of myths and provide the necessary knowledge to become successful, you need to challenge your beliefs and learn all about money; Rich Dad Poor Dad helps you to do just that. (Note: This summary is wholly written and published by readtrepreneur. It is not affiliated with the original author in any way) "I'd rather welcome change than cling to the past." - Robert T. Kiyosaki You don't need a high income to become rich but before that, you must have an enriched mind. In Rich Dad Poor Dad, you will train your mind first so you have the necessary tools to get anything you want. Robert Kiyosaki stresses that you must educate your kids about money so they have a better life. You will be the most important source of knowledge for them because the school system won't provide what's expected. P.S. Rich Dad Poor Dad is an extremely useful book that will help you educate yourself so you can teach your kids the things that they might not learn anywhere else. The Time for Thinking is Over! Time for Action! Scroll Up Now and Click on the "Buy now with 1-Click" Button to Grab your Copy Right Away! Why Choose Us, Readtrepreneur? ● Highest Quality Summaries ● Delivers Amazing Knowledge ● Awesome Refresher ● Clear And Concise Disclaimer Once Again: This book is meant for a great companionship of the original book or to simply get the gist of the original book.

This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

In Multiple Streams of Income, bestselling author Robert Allen presents ten revolutionary new methods for generating over \$100,000 a year—on a part-time basis, working from your home, using little or none of your own money. For this book, Allen researched hundreds of income-producing opportunities and narrowed them down to ten surefire moneymakers anyone can profit from. This revised edition includes a new chapter on a cutting-edge investing technique.

If you assume financial health is beyond your reach, think again. Read These Methods To Be Rich, Second Edition is the current money classic that will improve the lives of many individuals all over the world, to teach them how to properly invest and create their finances. Easy investment techniques and, this is no-stress, no-excuses, simply a simple approach that will instruct and show you choices on how and what to invest to make great fortunes every day. If you want to have the freedom to pursue your aspirations and stop reacting to your day job, then this book will teach you all you need to know. Do you want to have the flexibility and freedom to spend more time with your family, travel around the world, or focus on your projects? Are you searching for a technique to raise your income every day and grow your wealth without going through stress and spending a lot of money upfront while still holding your day job? If your answer is "yes" to any of the above questions, then you may want to consider investing in these ways as a route toward your financial independence.

As a child, were you drawn to other kids who had more toys than you? When you watched movies of rich people, did you tell your-

self, "I want to be like that someday?" Have you always dreamed of becoming a millionaire? If so, then it's time to stop dreaming and start doing. Becoming a millionaire is not an unattainable task. You can make a simple lifestyle and mindset changes that will put you on the path to wealth and riches. The reason so many people do not become financially wealthy is that they put a limit on what they can achieve. They put boundaries between them and their ideal life. Instead of figuring out how to obtain the things they want, they simply make an excuse and close themselves off to any solutions. This is why people use phrases like, "I can't afford that," or "that's more money than I will ever make." My question is, if other people can do it, then why can't you? Don't bring up excuses of people being born into money or having advantages that you didn't. Guess what? There are people in this world who are born with almost nothing and rise to become some of the wealthiest people in the world. Are their stories rare and unique? Yes. But that's because the people who are willing to do what it takes to become a millionaire are rare, as well. I have faith in you, though. I believe you are capable of becoming a millionaire. You just don't know how yet, and that is why you are reading *How to be a Millionaire*. The purpose of this book was to show you that your limiting mindset is what is holding you back the most. Also, a lack of financial education is preventing you from growing your riches. The days of having a single income and putting it into a single savings account are passé. There are many unique ways of growing your wealth and changing your mindset so that you can become the millionaire you deserve to be. The following chapters in this book will discuss: The benefits of being a millionaire and the blessings you can bring to others. The various types of debt that exist and how you can remove yourself from it. How you can save and invest for the future, while also being able to buy the things you want. Stop sacrificing joy for extra income. Automating your finances to save you time on mundane tasks, like going to the bank or having to talk to a banker. Managing major expenses in your life with as little stress as possible. Finally, after learning about managing your finances and changing your mindset, you will understand how to increase your income from many different sources. After reading this book, you will never want to tell yourself, "I can't afford that." Instead, you will ask, "How can I afford that?" You will start living with an abundance mindset and realize that there is plenty of money out there; you just have to

know where to look for it. Never limit your thoughts again and start living like a millionaire. If you are ready to start changing your financial future, obtain more freedom in your life, buy the things that make you happy, and stop limiting your potential, then do not wait any longer. Get a copy of *How to be a Millionaire*, and start changing your life today. Be more confident in your finances, and never let anyone stop you from earning that first million. Millionaires are born every day. It's time for you to be born, as well.

Summary of *Rich Dad Poor Dad - What the Rich Teach Their Kids About Money That the Poor and Middle Class Do Not!* - talks about growing up with two fathers - a biological father and a best friend's rich father - and how both men influenced his views on money and investing. The summary debunks the idea that becoming rich requires a large income and illustrates the difference between working for money and making money work for you. The messages are more meaningful, relevant and important today than they were two decades ago. It rejects the idea that becoming rich requires a huge income. It rejects the idea that housing is a valuable asset. It demonstrates why parents cannot rely on schools to teach their children about money. It defines once and for all an asset and a liability. It teaches us how to teach our children about money so they can be financially successful in the future. Disclaimer: This is a summary of the book, not the original book, and contains opinions about the book. It is not affiliated in any way with the original author.

How did *The Millionaire Mailman* become a best seller in such a short time? Because it answers fundamental financial questions, that's imperative for anyone who does not want to spend their retirement years bagging groceries to make ends meet. This is the definitive financial book to learn about asset protection, wealth creation, tax efficiency modeling, and asset allocation for retirement, small business development, and estate planning for any income level. *The Millionaire Mailman* is a product of decades of financial training, investment teaching, and 21st century wealth building strategies, combined with solid professional credentials. However, the cornerstone of this book is the result of intimate, inside, first-hand knowledge on how the rich becomes rich and stays rich. This knowledge wasn't acquired by sending out impersonal questionnaires to complete strangers. It was acquired through friendships with hundreds of millionaires over a period of

many years. They talked. I listened. I learned. *The Millionaire Mailman* focuses your energies on key financial components that will lay the foundation for exponential net worth growth. You can confidently take the offensive to managing your money. *The Millionaire Mailman* promotes direct discussions on the key challenges that are blocking you from reaching your financial goals.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will learn what financial intelligence consists of through concrete examples drawn from the life and personal experience of Robert Kiyosaki, author of the best-seller "Father rich, father poor". You will also learn : what are the new rules of money and the causes of poverty; that there are five types of financial IQs that describe financial intelligence; that financial intelligence is learned from experts; how to get richer by managing your budget better; how to awaken your financial genius. *Increase Your Financial Intelligence* is a collection of solutions to increase your financial intelligence and better understand how money works. By taking his journey as an example, Robert Kiyosaki shows that it is possible to start with little and become rich by following a few simple rules. You will not find in these pages any recipe or magic formula to get rich faster, but tools to increase your financial knowledge tenfold. *Buy now the summary of this book for the modest price of a cup of coffee!

In this stunning new book, Dr. Ernesto Martinez offers us a step-by-step guide on the best and the most successful ideas to start your own business. He asks the question: what can you do now to increase your income? His answer is that there is a new labor market forming in this global workplace brimming with opportunities for those that are willing to act now and be bold! This basket of opportunities is creating new businesses and industries. Technology is making it possible to integrate workers from around the world with ease. The changes we are seeing are happening exponentially faster than they have in the past, and people who are not transitioning are missing out on opportunities. *How to Become Rich and Successful: Creative Ways to Make Money with a Side Hustle* Subtitle: *How to Become a Millionaire - Learn the Best Passive Income Ideas* will give you the pathways to starting new businesses to pursue and form the life you've always wanted."Dr. Ernesto Martinez offers strategies to start your own businesses immediately! A treasure chest of advice and information that any entrepreneur can

follow and implement. I highly recommend this book for anyone interested in starting a new business." John Sendrey Software Engineer, Start-up Incubator, and professional Side Hustler.

Murder In Sylvania is a true history about a grisly murder that happened in a small, quiet community in northwestern Ohio back in 1857. Everything contained in this book was prepared from documents that existed at the time of the murder, and the actual names of people and places are used throughout. The reader will learn about all the gory details of this murder, confessions to other murders, the sentencing and the hanging of a man whose childhood set the stage for this hardened criminal. The murder, committed by Return Jonathan Meigs Ward, was the first case of capital execution in Lucas County, Ohio, and this brutal murder was the last of a series of slayings committed by this first presumed serial killer in the state of Ohio.

How to manage your money when you don't have any was specifically written for Americans of all income levels who struggle to make it on a monthly basis. It provides both a respectful, no-nonsense look at the difficult realities of life after the Great Recession and a hope-filled, easy to follow path toward better financial stability for even the most financially strapped households. Content rich, personal, and jargon free, the book is opinionated and at times humorous. Full of current everyday references, it is meant to be a quick read which will appeal to the average reader just struggling to make ends meet.

At last, for a generation that's materially ambitious yet financially clueless comes I Will Teach You To Be Rich, Ramit Sethi's 6-week personal finance program for 20-to-35-year-olds. A completely practical approach delivered with a nonjudgmental style that makes readers want to do what Sethi says, it is based around the four pillars of personal finance--banking, saving, budgeting, and investing--and the wealth-building ideas of personal entrepreneurship. Sethi covers how to save time by not wasting it managing money; the guns and cars myth of credit cards; how to negotiate like an Indian--the conversation begins with "no"; why "Budgeting Doesn't Have to Suck!"; how to get things rolling--for real--with only \$20; what most people don't understand about taxes; how to get a CEO to take you out to lunch; how to avoid the Super Mario Brothers trap by making your savings work harder than you do; the difference between cheap and frugal; the hidden relationship between money and food. Not to mention his first key lesson: Gett-

ing started is more important than being the smartest person in the room. Integrated with his website, where readers can use interactive charts, follow up on the latest information, and join the community, it is a hip blueprint to building wealth and financial security. Every month, 175,000 unique visitors come to Ramit Sethi's website, lwillteachyoutoberich.com, to discover the path to financial freedom. They praise him thoughtfully ("Your site summarizes everything I want with my life--to be rich in finances, rich in experience, rich in family blessings," Dan Esparza) and effusively ("Dude, you rock. I love this site!" Richard Wu). The press has caught on, too: "Ramit Sethi is a rising star in the world of personal finance writing . . . one singularly attuned to the sensibilities of his generation. his style is part frat boy and part silicon Valley geek, with a little bit of San Francisco hipster thrown in" (San Francisco Chronicle). His writing is smart, his voice is full of attitude, and his ideas are uncommonly sound and refreshingly hype-free. Sick of Hearing the Same Old Advice ? " Word Hard , Control your expenses , Credit Card is a "No , NO " Do not get into Debt !! Debunk all those assumptions that you will be Rich if you study hard and work hard . This Book is actually not one of those .They don't teach you how to get rich at school is all about the importance of money. The premise of the book clearly distinguishes the difference between the thinking of the rich and the poor. In essence, the only limitation between you and the rich is in your own mind, and achieving success lies in breaking these walls. At schools, you would have been stuck at algebra, pythagorean theorem, and organic chemistry but you never study financial planning, making money, or saving money. The book provides real-life examples to reprogram your thinking to that of the rich and wealthy. you can't just graduate and leave formal education and expect yourself to be financially well equipped. Many people think that having a good education is sufficient to the roads to acquire new wealth , well they can't be any more wrong! It is having the mindset of the wealthy that will make you rich. That is why many lotto winners who becomes instant millionaires loses most of their money because they don't have the proper mindset to maintain or grow their money. You'll discover why some of your money beliefs might be wrong and that could be holding you back , you need to consider what are the principles and what behaviors the rich have , that you do not have (Yet) Laura Maya takes this idea and breaks it into twelve chapters. You wouldn't find a recipe to turn

rich overnight. Rather, the book provides a solid foundation for setting the psychological stage for strong financial habits. Another feature of They don't teach you how to get rich at school is the anecdotal references in the book. Laura likes to use lots of anecdotes to illustrate her points and she is quite good at it

Working from home and receiving a full-time income on the internet is the dream of everyone. Tons of people are now enjoying the internet life. They put in their hours and work when they wish, wherever they are, and you can be part of it. How many ways are there to make money online? The answer is there are hundreds of ways to make money online, and this book talks on 110 of them. If you are looking for an online option to earn some extra money, this book is for you. You will not find any get-rich-quick methods in this book. This is because they don't stand. Starting up an online business is like any business, something that will take time and effort to create. The bulk of people who try to make money online tends not to succeed most time. These people fail because there are so many means to make money online and they get lost and subdued. Making money online isn't tough. You just need to know where to capitalize and what techniques work. In this book on how to make money from the comfort of your home, there are verified methods that have made millionaires out of everyday people, as well as the hints you'll need to create more income streams. Keep in mind that you won't become a millionaire in one night but you will discover that there is money to be made online and the more you understand the more money you'll make. This book can be your starting point to understanding how you can make money online. If you are exclusively fresh to online opportunities and need some starting suggestions then this is a terrific book for you. This book does not encompass 110 ready-to-implement business schemes. It is a hands-on book that will push you in the proper direction on how to begin. If you'd prefer to build your business that you can operate from the comfort of your home, or if you'd love to make more money with a side hustle, you might not know how to get started. Learn some ways in this book you can take to uncover potential income streams and take on active and passive income opportunities.

Learn the Truth About Rich People and What Really Sets Them Apart from Everyone Else! Most people would love to create (more) wealth and achieve (more) financial success, so that they can live the life of their dreams. You could be one of them. To

achieve this you need to learn the inconvenient truths about the rich. The inconvenient truths contain information about what rich people do. What they do sets them apart from everyone else. Creating more wealth requires a dedication to living by good daily habits in pursuit of a major goal or purpose. Without living by the daily habits of rich people conveyed in the inconvenient truths, it's exponentially more difficult to attain financial success, maybe even impossible. Opportunity is all around us, although only those who follow the habits, contained in the inconvenient truths, see them. Unfortunately, most individuals have bad habits, thus making themselves less attractive for accumulating any serious wealth. They are never taught the inconvenient truths about rich people. The top 5% income earners in the USA know these truths and habits contained in them and apply them every day. Most are taught, at a very early age by their parents, the habits needed to achieve financial success in life. This is why it is true when people say "the rich get richer." The remaining 95% don't know these truths; they are never taught these important truths by their parents or by their schools. As a result, they struggle their whole lives financially. It's time to change this around and this book will make that a reality. In this book we'll delve into the following: - What rich people do to make amazing amounts of money - How the rich make great sums of money with one simple technique. - What rich people do to save amazing amounts of money. - Why you need to avoid this one technique according to Mark Cuban, Warren Buffett, and Andrew Carnegie. - Why a lack of money is no excuse and how Bill Gates got the ball rolling without money. - What really sets them apart from everyone else. - And much more! Go ahead and hit the Buy now button to get started!

Do you wonder just how much extra income tax you're paying, because the rich don't pay their share? You might be surprised. In the well sourced and documented "The Rich Don't Pay Tax ...Or Do They?" John Gaver undertakes a critical look at official IRS collections data to determine which income groups really do or don't pay what portion of the US personal income tax load. He goes on to further analyze the IRS tax data to quantify just how fair or unfair that outcome may be to the various income groups. "The Rich Don't Pay Tax! ...Or Do They?" contains URLs to the source data and lays out the relationships in that data, along with clearly laying out the calculation methods that help bring the IRS data into focus. Then, in a step-by-step manner, Gaver shows how the si-

lent threat of an unintended consequence of our tax code is quietly, but seriously undermining our economy, to the detriment of everyone - rich or poor. Of course, why present a problem without a solution? So, the author shows how a thoroughly vetted plan that has already been presented as a solution to other problems would also solve the problems brought to light in this book, if undertaken soon. Although this book exposes a critical threat to our economy, it's really about a fair and equitable solution that would reverse this threat. While the silent nature of the very serious issues exposed in this book does keep them out of the public eye, the real threat is in who is aware of these issues and what they are doing about it. This book is about what YOU can do about it. Don't delay. Order your copy now.

First published in 1926, 'The Richest Man in Babylon' is an inspirational classic that is celebrated as the greatest of books on finances by George S. Clason, an American author. Clason was a successful businessman who founded the Clason Map Company of Denver, Colorado, and published the first road atlas of the United States and Canada. This book was initially a prominent series of pamphlets on thrift and financial success, using parables set in ancient Babylon, written by Clason, and circulated in large quantities by banks and insurance companies and later became familiar to millions. It is a timeless classic, revealing the secrets to making money and keeping it. It reveals the secrets to wealth, providing priceless guidance, advice, unforgettable parables, financial problem-solving tools, and invaluable information which will get you on your way to prosperity. This book is an essential read for all who want to attain financial well-being. The parables are told by a fictional Babylonian character called Arkad, a poor scribe who evolved as the richest man in Babylon. Incorporated in Arkad's advice are the 'Seven Cures' (or how to generate money and wealth), and the 'Five Laws of Gold' (or how to protect and invest wealth). An essence of Arkad's advice is around 'paying yourself first', 'living within your means', 'investing in what you know', the importance of 'long-term saving', and 'homeownership'. Title : The Richest Man in Babylon by George S. Clason ISBN 13 : 9789354990717 ISBN 10 : 9354990711

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where

data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

In *Start Late, Finish Rich*, David Bach provides much-needed advice for all those who've asked themselves 'Why didn't I start saving when I was younger?' Whether you're in your thirties, forties, fifties or sixties you still have the opportunity to put your life on the right track and stop worrying about the future. Using the *Finish Rich* wisdom that has already inspired millions of people, David Bach shows how you really can transform your finances with the right attitude and clear, step-by-step guidance. This positive, practical book is packed with a wealth of information on how to get out of debt, save more, earn more, and most importantly LIVE more! You've spent long enough working for money; now it's time to make your money work for you.

The Secrets of Great Wealth: Secrets the Rich Would Wish You Never Knew is an interesting story of financial information that can change your life and rewrite your financial story forever. Cast against the background of ordinary-day examples, you will discover the easy possibility that you can achieve financial freedom in your life-time. In fact, right about now, as you heed the instructions it contains, your life can begin to attract the financial fortunes you may only have seen in your dreams. With insight given on how you can play the stock and real estate markets, two reputable and popular investment channels for wealth creation, you may have to sack your brokers in both markets, and still be able to play these markets profitably yourself, creating wealth for your financial freedom in the process. This book covers insightful information on the following areas: It identifies the greatest secret to wealth; It will teach you secret strategies on Real Estate investment in Nigeria with or without capital; It will enlighten you on how to complete a three-bedroom flat with less than three million naira; You will be taught how to become an expert trading on the Nigerian Stock Market without having to rely on your stock broker; It will reveal to you the secret of Marital Harmony; It will help

you develop and achieve the goal of financial freedom; You will be helped to discover your purpose and fulfil your destiny; You will learn how to set achievable goals, make good plans and budget your way into wealth; You will discover the greatest business that can give you residual income without you working; You will be inspired to discover and pursue your passions; You will learn how many incomes there are and how to use them to multiply your wealth; You will be exposed on what to do before retirement to live the kind of life you desire in retirement; You will learn how the super rich make their budget; You will also learn how to tithe your way out of poverty into wealth and how to buy land in Nigeria successfully; including how banks trap unsuspecting Nigerians into mortgage debt and the way out of it. This book essentially teaches that you can rewrite your financial story by yourself!

You found the right place: this book is written for you if you make over \$100,000 and want ways to reduce your taxes, save more money in general and make more. It's exactly the book I wish I had a few years ago. When I made my first million dollars, I waited around for an award ceremony that never happened. At that point I started looking around for books, websites, podcasts, or videos to shed light on what do "rich" people do to reduce their taxable income use their money to make even more, and how to save more money now that I'm earning a lot more. But I was shocked to find that there was nothing around. There were a shit ton of stories about how to start a business, how to make \$1,000 a month, seven habits for manifesting money-but what about the guys and girls who actually have a little bit? Stumped, I bent over and paid my taxes like a good citizen. But I knew the super rich understood something I didn't. They had the "bible" of rich shit you do when you have bookoo bucks. I wanted in. Here are a few examples of what they were doing: - Donald Trump has saved \$100 million+ from doing land easements- Most yacht owners expense 50%+ or more from their boat by moving into a charter- Mitt Romney used the IDGT to minimize his \$100 million estate taxes. How do they do it? Answering that question became my mission: to uncover what super rich people are doing that us commoners don't know about, so we can take power back for ourselves. But there wasn't a central repository of this knowledge. So many financial advisors were poor; they gave out information, but hardly any of them followed those strategies themselves. Furthermore, when they did give me advice or when I found suggestions in blog posts, it was

unclear how these things actually worked. So I kept asking around to find out what others they did, and took notes. I've interviewed lots of millionaires, wealth managers, and tax strategists to figure out what to do with my own money, and here I'm sharing it with you. Everything in this book is a validated strategy for high earners that I've personally used or talked with someone directly who's done it for themselves.

Tells how to live within your means, cut spending, save ten percent or more of your income, avoid debt, and invest in mutual funds

From Zero Money to Wealth is a practical book written the conviction that everybody can become wealthy. The author writes from his life's story how he was able to build sustainable wealth in a period of 5 years after qualifying from University. Raised in a background of poverty, he was very lucky to get a University education - joined through a Mature Age Entry system. At the point of starting, he had nothing but a University degree. He currently owns a highly rated secondary school, a milling factory, a poultry farm, rental units and a consultancy. In the book, you will be able to: Ask yourself the tough and oft avoided question - why am I poor? Find how your being in lack is related to your reality - that set of opinions formed and held by you about who you are. How you can identify wonderful opportunities right where you are and maximize their use. How you can start your business without any money. Find the different ways of raising seed capital - if needed for translating your dreams into reality. The question of money. Why everyone can get it, how some people keep and multiply into great wealth while others waste and remain poor. Develop a plan for retiring early from your regular 9 to 5 work and live a life of financial freedom. Get business ideas on which you can begin the process of increasing your wealth if you still don't have a business idea. How to begin saving irrespective of how much you earn and how to use that savings to build an investment that streams in endless sources of passive income. Discover why the working class should not be poor and how the people who work can use their salary as collateral and create many streams of additional side income that can liberate them from mandatory work. I answer the question of why the rich continue to get richer and the poor continue to get poorer and how you can get out from being average and join the league of the rich. There is an open door with no guard. And when you have made enough money, how you

can give back to the community that helped you make the money. Finally, a proven way to get money and rich life. Many of us are searching for financial freedom, every one of us dreaming with money and having a rich life, But the most important question here is: How many of us can get that? Actually there are many ways now to get easy money online and all of us see every day many examples for that, but why we can't reach that stage? In this book I will cover an important way to get good money online, at the same time it is not hit and run way, it is a way for life. Unlike many personal finance books, how to Manage Your Money When You Don't Have Any was specifically written for People who struggle to make it on a monthly basis. It provides a respectful, no-nonsense look at the difficult realities of our modern economy, along with an easy to follow path toward better financial stability that will give hope to even the most financially strapped households. Created by a financial expert who hasn't struck it rich, how to Manage Your Money When You Don't Have Any offers a first-hand story of financial survival in the face of rough times. Rather than emphasizing wealth creation, how to Manage Your Money When You Don't Have Any teaches readers to do the best they can with their income no matter its size. Content rich, personal, and jargon free, the book is opinionated and at times humorous. Full of current everyday references, it is meant to be a quick read that will appeal to the average reader just struggling to make ends meet. Shall we get Started!!!

Even as inequalities widen, the effects of austerity deepen, and the consequences of recession linger, in many countries the wealth of the rich has soared. Why We Can't Afford the Rich exposes the unjust and dysfunctional mechanisms that allow the top 1% to siphon off wealth produced by others through the control of property and money. Leading social scientist Andrew Sayer shows how over the past three decades the rich worldwide have increased their ability to hide their wealth, create indebtedness, and expand their political influence. Aimed at all engaged citizens, this important and accessible book uses simple distinctions to burst the myth of the rich as especially talented wealth creators. But more than this, as the risk of runaway climate change grows, it shows how the rich are threatening the planet by banking on unsustainable growth. Forcefully arguing that the crises of economy and climate can only be resolved by radical change, Sayer makes clear that we must make economies sustainable, fair,

and conducive to well being for all.

"Save yourself ten years of hard work. Read Brian's powerful book and let him show you the shortcut to success. He'll show you the fastest way for you to get rich." -Robert Allen bestselling author, Multiple Streams of Income "Millions of people start with nothing and become wealthy as the result of doing certain things in a certain way, over and over again. This book by Brian Tracy shows you how you can achieve all your financial goals, starting from wherever you are today." -Jack Canfield coauthor, Chicken Soup for the Soul(r) series and The Success Principles "This is the only book you need to read to become wealthy! It is loaded with practical ideas and strategies to propel you onwards and upwards." -Nido Qubein Chairman, Great Harvest Bread Company, and founder, National Speakers Association Foundation "Another great book from Brian Tracy. "Brian Tracy has put together a masterpiece of common sense for getting rich. If you wish a different life, commit now to different actions-read this book!" -H. J. (Jim) Graham President and CEO, Cyber Broadcast One, Inc. "Brian Tracy shows you how unlimited wealth starts in the mind, and how anyone can focus their time and energy to earn millions. It's the readable, riveting primer for countless new American fortunes." -Peter Montoya CEO, Peter Montoya Inc.

Explains how to overcome debt, balance a budget, organize a wallet, and design an investment portfolio

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich." The book is a self-help book for people who desperately want to

be successful and improve their lives but don't want to end up in a wrong place or get overwhelmed. In a refreshing, entertaining & engaging manner after 3 years of long-awaited efforts, it's a complete how-to guide, a key to success in your hand with 17 fine chapters with great strategies, ideas, tools & blueprints...helping you to Acquire a Growth Mindset & define your goals Find what things have been holding you back from being successful and getting rich Know that success is created in mind first and in reality second. Have an open mind, positive thinking and pursue your dreams like other successful people, and it's easy. Make some serious money using the power of mindset & the habits. Have a goal, get daily inspiration from within, motivate yourself and get rich, make money, live an awesome life of your dreams and it's hard. By the end of the book, you will understand why you are where you are? How to get unstuck anytime, under any circumstances and get on the road to success? How to process any information, advice, knowledge etc.. for your benefits? How to be more productive like a CEO? How to earn money, get rich, even make more money and manage your income? Most importantly you will have a growth mindset and your success will be unstoppable. This self-help book will also help you to: #1. Explode the myth that you need to have money to earn money #2. Challenge your situations to change your life now and forever #3. Know the 200+ personality traits of rich & poor and follow the footprints. #4. Show the world that you can rise from ZERO to a Millionaire #5. Learn the secrets of the high level of productivity like CEO's #6. Find purpose in your life quickly #7. Tell the world that targets are for stupid people #8. Be aware of new poison inserted into our lives #9. Stop procrastination and unlock the hidden secrets of success #10. Know the practical difference between deserving & desiring #11. Know the maximum reasons for failure and improve the chances of your success #12. Leave a legacy to be remembered in the history

"Michael Masterson has personally helped more people achieve financial independence than anyone else I know. He has been a valuable mentor in my own life. Michael's credentials go far beyond the fact that he is an extremely successful businessman. (There are thousands of those.) He has a unique gift for discerning—and explaining in easily accessible terms—what it really takes to succeed. Automatic Wealth for Grads will give any young person a tremendous headstart for achieving their financial and

professional goals at a very young age." —Justin Ford, author of Seeds of Wealth: An Incredible Wealth-Building Plan for Your Children and Editor of Main Street Millionaire "Only time will tell whether you will have the guts and honor to follow Masterson's masterful plan. Good luck!" —From the foreword by Mark Skousen, Adjunct Professor, Columbia University, 2004-05 and Benjamin Franklin Chair of Management, Grantham University Organized around proven wealth-creating principles, this invaluable guide reveals powerful techniques and strategies that have personally worked for Michael Masterson as well as for the many people he's helped become wealthy and successful. Filled with in-depth insights and practical advice, Automatic Wealth for Grads will show you how to: Choose a great career, get your first job, and rise to the top of your field Continuously increase your income on a fast-track basis, and get the biggest raises of your life Profit from the real estate market—even in today's uncertain market Start or gain equity in a business that will provide an automatic future income stream Invest in the stock market, save money on taxes, make purchases that appreciate, reduce your credit costs, and achieve financial independence while you are still young enough to enjoy your money

If you want to remain poor for the rest of your life or you want to labor for every penny you earn, then ignore this piece. There is no doubt that you are here, because of your previous actions. Even if these actions were wrong, now you have the opportunity to correct them! You see, your present financial situation is not a prove of being lazy, but simply a prove of misinformation. Mind you, the good thing is that you are not alone; as we have all been misinformed at one point or the other when it comes to the subject of money. Personally, I have always heard of people who tried to get rich online, but with inadequate results, because there did not use proved and profitable methods . I have decided to write my first two books to help people who want start to make money online following a step-by-step approach: "Make Money Blogging" and "Stock Market for beginners." Trust me , these books are not ordinary! From the titles to the outlines, down to the chapters; everything was carefully placed to take you from where you are (defeat) to the place you ought to be (success). There is no chance you will read this book and still remain in the same financial situation. Like I said earlier, these are books filled with proven practical steps; neither do they require the reader to have any previous

knowledge of these subjects. I take this opportunity to list some of the most significant chapters of each book: from "make money blogging" the chapter 3-practical steps to make money blogging, which shows you step by step exactly all you need to do to start to do to start making money almost immediately, chapter 7-blog marketing-shows you 10 effective ways to market your blog for profit, while chapter 8 shows you 7 best ways to make money from online advertising. While the chapter 2- learn how to start investing in the stock market, the 7- how do I invest in bonds? and the 8- how to build a business partnership are the most attractive in "Stock Market For Beginners" Another name I love to call this book is "Stock Market Alpha," because it contains all you need to get started with stock market investments. One of the keys to getting rich and creating wealth is to understand the different ways in which income can be generated. It's often said that the lower and middle-class work for money while the rich have money work for them. the key secret to get rich is simply creating Passive Income. I know creating Passive Income can be very difficult; most importantly, when there is no one to guide you. That is why I am introducing you to this awesome and result oriented book-PASSIVE INCOME. It is a singular guide that will transform your finance and change your cash-flow quadrant to be an investor. With this guide, you can be sure of correcting your past financial errors; as it will practically lead you from being a state of a financial slave to financial freedom.

Most of us want to be rich; we just aren't sure how to get there. Do we fake it till we make it? Do we work smarter, not harder? Do we quit our day job and pursue our dream? What if the answer to becoming rich doesn't lie in the answers to any of these questions, but instead lies in our ability to change our mindset and imitate the greats? This book will show you just that: how to become rich by changing your mindset and by imitating men who are already rich. Give and Grow Rich has been designed so that you get maximum benefit in the least amount of time. Who has time to read more than 100 pages these days? Who would want to? If you want quick solutions, no fluff, and no silly get-rich-quick techniques, then this book is for you. It's like Napoleon Hill's "Think and Grow Rich," but condensed, and more tangible. The same wisdom distilled in a third of the time (and pages). The wisdom doesn't come from me alone, for I started out a poor man just like you.- To write this book, I interviewed 7 guys from 7 different income

brackets, ranging from \$20,000 per year to \$1million per year. I asked each of them the same 15 questions, and as I listened to their answers, I saw the trends between the poor, the middle, and the rich. Then, I read the biographies of 7 billionaires from 7 different sectors. Man, did I learn a lot. So I wanted to share the lessons I learned with you. Here's what you can expect: ***You will learn how the poor, middle, and rich think about money. You will learn how they spend, save, invest, and give.***You will learn how your beliefs about money drive your actions.***You will learn how two billionaires rose to the top, then gave it all away, and tried to die penniless.***If you're a parent, you will learn how you can teach your kids about money. I benefited greatly from writing Give and Grow Rich, so I know you will benefit greatly from reading it. In fact, from the time I started writing the book, to the time I finished, my income doubled! I started thinking like a rich man, imitating rich men, and it is already benefiting me. The same is true for my friends who have implemented these lessons. One of them started out poor, the son of missionaries, and he is making nearly \$200,000 per year. Another started out poor, the son of a single mom, and he is making \$75,000 per year and has started two businesses. So if you want a jam-packed, practical, no fluff guide to becoming rich, read this book. Don't be the person who keeps repeating the past, who keeps spinning out in a financial rut. Don't think that the rich will always get richer and the poor will always get poorer. I am living proof that you can change your mind and change your income. You can imitate the greats and become great. My friends have done the same, and you can too. Be the person who becomes a success story and inspires your community. Be the person who gets out of the financial woes and wills yourself to riches. Change your mind and change your money. GIVE AND GROW RICH.

Keeping your financial house in order is more important than ever. But how do you deal with expenses, debt, taxes, and retirement without getting overwhelmed? This book points the way. It's filled with the kind of practical guidance and sound insights that makes J.D. Roth's GetRichSlowly.org a critically acclaimed source of personal-finance advice. You won't find any get-rich-quick schemes here, just sensible advice for getting the most from your money. Even if you have perfect credit and no debt, you'll learn ways to make your rosy financial situation even better. Get the info you need to make sensible decisions on saving, spending, and

investing Learn the best ways to set and achieve financial goals Set up a realistic budget framework and learn how to track expenses Discover proven methods to help you eliminate debt Understand how to use credit wisely Win big by making smart decisions on your home and other big-ticket items Learn how to get the most from your investments by avoiding rash decisions Decide how -- and how much -- to save for retirement

If you want to have the flexibility to follow your ambitions and stop responding to your day job, then this book will teach you everything you need to know. Do you want to have the flexibility and freedom to spend more time with your family, travel across the globe, or concentrate on your projects? Are you seeking a strategy to improve your income every day and develop your wealth without going through stress and paying a lot of money upfront while still retaining your day job? If your response is "yes" to any of the above questions, then you may want to consider investing in these approaches as a road toward your financial independence. If you believe financial health is beyond your grasp, think again. Read These Methods To Be Rich is the current money classic that will transform the lives of many people all over the globe, to educate them on how to successfully invest and construct their finances. Simple investing strategies and, this is no-stress, no-excuses, simply a simple ways that will instruct and provide you alternatives on how and what to invest to generate fantastic fortunes daily.

Explains how to develop and follow a budget and discusses checkbook balancing and credit card use

This book will teach you the 5 most powerful money rules in the world that will change your kid's financial life forever. Financial education is not about teaching kids how to get what they want, it is about teaching them how to get what is worth having. What are your kids learning in school? Are they learning about saving, planning, investing, or becoming leaders? Are they learning how to start their own business or how become good employees? Are they learning how to manage credit or to accumulate credit card debt? Are they learning how to solve their financial problems or simply accumulate debt until they go bankrupt? Are they learning how to save on taxes or to pay as much taxes as possible? You should think about what your kids are learning every day because they will grow up fast and the opportunity to help them to become financially prepared will be gone.
