Completed in 1964, Harold J. Berman's long-lost tract shows how properly negotiated, translated and formalised legal language is essential to fostering peace and understanding within local and international communities. Exemplifying interdiscipli-

nary and comparative legal scholarship long before they were fashionable, it is a fascinating prequel to Berman's monumental Law and Revolution series. It also anticipates many of the main themes of the modern movements of law, language and ethics. In his Introduction, John Witte, Jr, a student and colleague of Berman, contextualises the text within the development of Berman's legal thought and in the evolution of interdisciplinary legal studies. He has also pieced together some of the missing sections from Berman's other early writings and provided notes and critical apparatus throughout. An Afterword by Tibor Várady, another student and colleague of Berman, illustrates via modern cases the wisdom and utility of Berman's theories of law, language and community.

The present volume is the second of a series. In addition to revising those parts of the ACQP which were published in the "Contract I" volume, it presents numerous new rules, in particular on remedies for non-performance and on certain specific situations or contracts such as delivery of goods, package travel and payment services. The work is particularly aimed at enriching the current controversial debate on

the way forward for European contract and consumer law stimulated by the European Commission's Proposal for a Directive on Consumer Rights. The Acquis Principles include: - General rules formulated on the basis of existing EC law - An accompanying commentary, outlining the foundations in the Acquis - Definitions of core legal terms and a glossary on terminology The Acquis Group aims to reformulate the present patchwork of directives, regulations and judgments on EC private law as a coherent Restatement, the Acquis Principles (ACQP). These Principles present the current state of EC law in a structure which allows readers to identify commonalities, contradictions and gaps in the Acquis.

Mercantile Law explains the fundamental principles of the basic laws governing the modern business world. It presents a comprehensive, systematic and coherent study of the laws relating to Contracts, Sale of Goods, Partnership, Negotiable Instruments, Information Technology, Consumer Protection, Insurance, Insolvency, and Arbitration and Conciliation. It discusses the statutory provisions and the intricacies of law and explains the logic behind

them. A large number of decided cases and illustrations given in the text explain the practical implications of the law. Practical problems with hints and solutions have been given at the end of each chapter for the student's self-assessment. The book remains the leading text for students preparing for BCom, MCom, CA, ICMA, MBA, Company Secretaries, IAS, banking and judicial services examinations. It also serves as a handy and compact volume for those engaged in business, young managers and all others interested in the study of business law.

Learning the Law is unique among law books. It does not say what the laws is; rather, it aims to be a Guide, Philosopher and Friend to the reader at every stage of his legal studies.

This book is the first in a series of essay collections on defences in private law. It addresses defences to liability arising in tort. The essays range from those adopting a primarily doctrinal approach to others that examine the law from a more theoretical or historical perspective. Some essays focus on individual defences, while some are concerned with the links be-

tween defences, or with how defences relate to the structure of tort law as a whole. A number of the essays also draw upon concepts and literature that have been developed mainly in relation to the criminal law, and consider their application to tort law. The essays make several original contributions to this complex, important but neglected field of academic enquiry.

The executive, the legislature and the judiciary are the three branches of government, both state and central, in India. Of these, it is the judiciary's task to uphold constitutional values and ensure justice for all. The interpretation and application of constitutional values by the judicial system has had far-reaching impact, often even altering provisions of the Constitution itself. Although our legal system was originally based on the broad principles of the English common law, over the years it has been adapted to Indian traditions and been changed, for the better, by certain landmark verdicts. In Landmark Judgments that Changed India, former Supreme Court judge and eminent jurist Asok Kumar Ganguly analyses certain cases that led to the formation of new laws and changes to the legal system. Discussed in this book are

judgments in cases such as Kesavananda Bharati v. State of Kerala that curtailed the power of Parliament to amend the Constitution; Maneka Gandhi v. Union of India and Others that defined personal liberty; and Golaknath v. State of Punjab, where it was ruled that amendments which infringe upon fundamental rights cannot be passed. Of special significance for law students and practitioners, this book is also an ideal guide for anyone interested in the changes made to Indian laws down the years, and the evolution of the judicial system to what it is today.

A Corporate Professional is required to equip himself with regard to corporate compliances on day- to-day basis. There

are number of compliances which are required to be complied with depending on the event , whether it is incorporation / conversion / change , etc., not only from Company Law point of view but also from SEBI Regulations point of view (in case of a listed company). To assist the professional in this endeavour, this book is yet another attempt to provide all related procedures at one place along with the resolutions to make it handy and easy to use. The Book has been divided into two parts. Division-I contains Company Law Procedures of more than 115 events. Each procedure has been divided into following heads: - Applicable Section of the Companies Act, 2013 - Applicable Company Rule - Applicable Regulation in case of listed com-

pany - SEBI (Listing Obligations and Disclosure Requirements ) Regulations, 2015 - Synopsis (giving background of the section of the Companies Act, 2013) - Procedure (step by step, including various Government approvals and filing of Forms, etc.) - Compliance by a listed company in accordance with SEBI (LODR ) Regulations, 2015 - Draft Board resolutions - Draft General Meeting resolutions (Special/Ordinary resolution) Division-II contains updated Company Rules as issued by the Ministry of Corporate Affairs from time to time and which are referred under various procedures of the Book.
