

It's rare, but people with Type 2 Diabetes can see blisters suddenly appear on their skin. You may see a large blister, a group of blisters, or both. The blisters tend to form on the hands, feet, legs, or forearms and look like the blisters that appear after a serious burn. Sometimes, it's called diabetic bullae (bull-lee).

Saifur's Zero to Hero (English+ Spoken) by Saifur Rahman ...

The Book was first published from Saifur's, Dhaka, Bangladesh. The book will help students, learners and job seekers to learn English and fluently spoken of English. Saifur Rahman Khan is ex Lecturer of Dhaka University.
