Ruby Graves, a young girl in Depression-era Alabama, faces the hardships of poverty and loss with as much faith as she can muster. At only the age of thirteen, she's already lost a younger brother to illness, and now faces losing both her father and the boy who's stealing her heart to illnesses as well. Armed with her beloved Scriptures, she prays daily for their healing, only to have her tender faith shattered by her father's death. Through her pain, she's able to connect with her long-

lost Uncle Asa, who's mere presence at his brother's funeral brings murmurs of a scandalous past involving her parents and a prominent local pastor, Irwin Cass. When Ruby discovers that one of Asa's many secrets is an ability to heal, and that she may be next in line for the "gift," she vows to find the faith that has eluded her so far, a faith that could mean never losing loved ones again. But faith and doubt can't reside in the same heart, not according to her father, and doubt is Ruby's constant companion. As she struggles to find the true meaning of faith, she's opposed at ev-

ery turn by the pastor who would see her family destroyed and a community that can't see deeper than the color of one's skin. Through her search for a faith that could move mountains and a true understanding of her gift, can Ruby trust in a God that may require the ultimate sacrifice? *Whispering Hope - His Saving Grace: A Book of Inspirational and Spiritual Poetry* offers a wonderful healing collection of inspiring and spiritual poems written by Elizabeth Ann Marks. The author was inspired to write this book to help spread the love of God to others. Though she has been

writing poetry since the age of ten, after joining a charismatic renewal prayer group, her gift for writing has become spiritual. She was inspired to write for God after being baptized in the Holy Spirit. These poems are elegant and moving. Some are informational about God's intentions for us, His love for us, and some are prayers written from the heart, both praising God and asking for special blessings as well as thanking Him for the blessings He has already bestowed on us. There are special prayers that ask God for healing for others. These prayers have been answered in a very positive way. She says, "Many people have already been inspired by these writings. Some have claimed healing during my reading of certain of these poems at the prayer group. Some have been brought to tears, and still others have told me they hear the words spoken by Christ and not by me."

\*\*\* 2018 Reader's Favorite Finalist \*\*\* Enter the world of Pure Ones, a race of immortal, supernaturally powerful beings who protect humankind, where sexual intercourse with anyone other than one's Eternal Mate leads to a slow, painful death within thirty days. The Healer of the race,

Rain, is the only exception to this rule. To harness and accumulate enough energy to heal severe wounds, especially as the war between her people and the vampire hordes accelerates, she must take a Consort once every ten years and draw strength from his blood and body. But as the war wears on, few Pure-males who are strong enough to serve as her Consort remain. Valerius, Protector of the race, is the strongest candidate. Despite their instant attraction ten years ago when they first met, Valerius has staunchly avoided applying to be the Healer's Consort. The brutality and violence he suffered as a Roman sex slave in his human life ate away at his soul, leaving a dark abyss of torment and self-doubt. Now, as Rain's strength drains with every healing act, Valerius cannot escape the fact that he may be the only one who can save her, and in so doing, afford his people greater hope for the future as battles intensify. Will Rain and Valerius find their way to each other as the struggles between good and evil evolve? \*\*\* Trigger Warning \* Sexual Abuse. \*\*\*

Justin Jureau walked into Spring Training anything but focused. Grace, his wife of only three months, was at home in San Fran-

sisco. As for Grace, who had lost her first husband at the age of 22, she didn't think she would ever love again. She told God it would have to be a man who literally took her breath away. Grace wondered if her love for Justin would be enough to get them through the long periods of separation due to his work as a professional baseball player. Would she always feel second to baseball? When a life-threatening illness befalls Grace, Justin has to make a decision that will alter the course of their lives forever.

Grace. Such an amazing word. "Amazing Grace, how sweet the sound that saved a wretch like me." The impact of those words never really touched my heart until about five years ago when I gave my life to Christ and I realized the amazing meaning behind the word GRACE. You see, I grew up as a statistic just like a lot of poor teenage girls did, and still do. Until five years ago at the age of 39 when God got a hold of my life, I had lived a life of constant failure. I couldn't escape my past. It wouldn't go away no matter how hard I tried to ignore it or get away from it. I kept reliving the same mistakes and failures

over and over again. That was the problem, in all actuality. Until I was ready to stand up and face my past and work through the pain I lived through, I would continue to live in a cycle of failure. I grew up on welfare and lived 'across the tracks' for most of my teenage years. My parents divorced and my father walked away. That wasn't such a bad thing though because he was never really a dad to us even when he was actually in the home. It was freeing for me when he left. I went wild and started my teenage life of rebellion. I had my first son at the age of 16. Four years later, I was pregnant with twins and lost them both at different stages of my pregnancy. I was promiscuous with sex throughout my life due to my father struggling with sexual sins and introducing them to me. I have been married and divorced multiple times. I was diagnosed stage III cervical cancer at the age of 22. Due to all the emotional pain I held inside throughout my life, I eventually started using drugs to find happiness. Surprised, aren't you? I became a hopeless drug addict who was just trying to kill the pain I was living with inside of me from years of stuffed hurt. I was just looking for an unconditional love to fill my

heart. Then one day, I had a life changing encounter with God. I had an experience so powerful that my life has been forever changed. He is continually changing me and growing up in Him! Until that day when I met Christ, I was just a girl who had traveled down many destructive roads due to my rebellion, anger, and obsessive need to feel loved and accepted. Believing that I would never be able to be loved...I felt I would always be doomed to live a life of misery and hopelessness. However, I am no longer that girl and I am no longer ashamed of where I've been. I have finally come to know and accept God's wonderful grace, compassion, mercy, and forgiveness in my life. He has shown me how he has protected me and saved me numerous times...even in the midst of all my rebellion. I'm hoping God's story of my life will touch your heart and reveal to you that there is NO sin that he cannot forgive, NO emotional wound that he cannot heal, NO life he cannot redeem for his good if you just seek him. Will you ask him to help you and allow him to work in your life? God pursues you. He loves you. God has a purpose for your life. God also has a purpose for my life...I just didn't know it yet.

As He approached Jerusalem and saw the city, he wept over it ( Luke 16:41). Why would Jesus Christ, God Incarnate, weep for a First Century city under domination by the powerful Roman Empire? Wasn't He the omnipresent, omniscient, and omnipotent Creator of heaven and earth? Among fellow humans, it is understandable and altruistic to show compassion and weep when people are hungry, thirsty, sick, or dying. Jesus Christ had wept, and then resurrected, His friend Lazarus who had died. He had shown compassion to crowds by

feeding them. He had touched and healed lepers. He had mixed with tax collectors and prostitutes. He had restored sight to the blind man. He had saved an adulterous woman from the hypocritical religious folks. He had struck a deep conversation with a marginalized woman at the well. He had healed a hemorrhaging woman. He had established a team of disciples to continue his work, and handed them the message, the Gospel. He knew who He was, whose He was, where He was headed, and how and when His mission would be accomplished. Were his tears for Jerusalem out of joyful anticipation of how the whole salvation story would end, or the overflow of sorrowful grief mixed with ultimate love when His Human-Divine existence pondered what it would take to save a sinful humanity? He knew that all humanity neither merited His Saving Grace, nor could we possibly earn it through our works.

Grace Runyon has a secret. Just like her aunt, and her grandmother before her, she could fix anyone with a touch, at a cost she never questioned -- until her husband developed cancer and died. Believing no one would forgive her for not being able to save him, Grace runs from the life she

knew, hoping even God wouldn't find her in a little out-of-the-way town in Michigan. It takes a very sick man and his little boy to help her face her past, accept who she is and battle her way back to redemption. Just when she and Ted begin to hope for the future, he relapses. Grace faces the ultimate choice once again: Trust God to work through her precious gift, or let a terminally ill man die. What if the price is more than she can pay?

Much has been written about America's troubled teens, particularly endangered teenage girls. Works like Mary Pipher's *Reviving Ophelia* and many others have contributed to the general perception that contemporary young women are in a state of crisis. Parents, educators, social scientists, and other concerned individuals worry that our nation's girls are losing their ambition, moral direction, and self-esteem as they enter adolescence--which can then lead them to promiscuous sex, anorexia, drug abuse, and at the very least, declining math scores. In spite of evidence to the contrary in life and literature, this bleak picture is seldom challenged, but a good place to begin may be with recent literary representations of young women, fictional

and autobiographical, which show proud young women who are highly focused and use their brains and good humor to work toward satisfying adult lives. This book addresses the ways in which 12 women writers use their heroines' stories to challenge commonly held and frequently damaging notions of adolescence, femininity, and regional identity. The book begins with a chapter on sociological and literary theories of adolescent female development. This chapter also includes theoretically informed discussions of young adult fiction and Southern literature. Chapters that follow focus on adolescent heroines in the novels and autobiographies of the contemporary Southern women writers Anne Tyler, Bobbie Ann Mason, Josephine Humphreys, Dorothy Allison, Kaye Gibbons, Tina Ansa, Janisse Ray and Jill McCorkle and young adult writers Katherine Paterson, Mildred Taylor and Cynthia Voigt. tures begin... Remy sets on a magical journey through Africa and India. Along the way she helps children overcome extreme adversity. From New York Times Bestseller Pepper Winters writing as Tess Hunter, comes a sarcastic, sexy standalone full of men with big 'you know whats', puppies, pigmy pigs, and swoon-worthy moments. I don't want to touch it. I really, really don't. He's egotistical, crass, and my patient's owner--which makes him totally off limits. Yep, that's right. He owns the wiener I'm currently working on. A wiener dog--get your dirty mind out of the gutter. I've also worked on his Spoodle, his Cocker-shitzu, and a Cheagle--don't ask. (And no, it's not a sexual position). It doesn't help that he also represents most of my joint-owned veterinary practice's small clientele. We'd only just opened the doors a few months ago, and in he strode with a yelping Taco Terrier. One haughty look at our sparkling new facilities, he'd demanded royal treatment,

even though I was currently finger deep up a squalling tom cat. Ever since then, he expects me to serve him. Any time. All the time. Him and his revolving zoo of dogs. One of these days, I'm going to swat him for being such a pompous ass but I can't deny the way he handles his charges makes me want to see past the 'do as I say and don't ask questions' barking exterior. But then last week...he caught me staring at his um, cough, package. His bossy commands switched to a cocky smirk. He gave me permission to do something I promised myself I would never ever do. I can touch it. If I want...

God is calling forth a generation that is passionate for His healing presence. To this end, God has equipped every person with a provision for healing. This provision was provided at the Cross and is included in God's saving grace. God is not just able to heal us; He is willing to heal us. This isn't something God has yet to decide, He has already done it when Jesus bore our sins and our sicknesses and carried our pain at the Cross (1 Pet. 2:24; Isa. 53:4-5). Healing in the Kingdom lays a foundation from God's Word on His will to heal the whole person in spirit, mind and body.

Learn how to receive healing by faith, how to address the roadblocks to healing, how to exhibit authority through the Holy Spirit, how God establishes divine health through His healing power and how to see healing even more in this present age. Every believer can learn to receive and minister God's healing power through prayer, whether we're in the pew or on the street. In this important study, Rebecca Smith (no relation to the author of this study) uses language theory and feminist critical theory to examine Lee Smith's "critique" of gender ideology in her fiction. This book charts Lee Smith's fictional exploration of the cultural devaluation of women and of the traditional romance plot. An in-depth look at Smith's appropriation of male myth, images and language, all of which she uses to deconstruct traditional gender arrangements, the work chronologically covers Lee Smith's first nine novels and her two short story collections.

Learning from Black voices means listening to more than snippets. It means attending to Black stories. Reading Black Books helps Christians hear and learn from enduring Black voices and stories as captured in classic African American literature. Pastor

and teacher Claude Atcho offers a theological approach to 10 seminal texts of 20th-century African American literature. Each chapter takes up a theological category for inquiry through a close literary reading and theological reflection on a primary literary text, from Ralph Ellison's *Invisible Man* and Richard Wright's *Native Son* to Zora Neale Hurston's *Moses, Man of the Mountain* and James Baldwin's *Go Tell It on the Mountain*. The book includes end-of-chapter discussion questions. Reading *Black Books* helps readers of all backgrounds learn from the contours of Christian faith formed and forged by Black stories, and it spurs continued conversations about racial justice in the church. It demonstrates that reading about Black experience as shown in the literature of great African American writers can guide us toward sharper theological thinking and more faithful living.

At times readers will be chuckling and other times, misty eyed as the book unfolds." —Amish Reader While a young Dokterfraa learns to heal the body, the Great Physician heals the heart ... Sarah Yoder, an Amish widow in Pennsylvania's Whinburg Township, is doing her best to provide a home where her family and members of her Old Order Amish church can find fellowship and friendship. But it's getting more and more difficult to pay the bills—until the local Dokterfraa, or herbal healer, makes a startling suggestion: Could she begin training as a healer? Now Sarah stands where two ways meet. Caring for others

could take her away from home. At the same time, she must be willing for the place where God wants her. But when she does choose, her family seems to splinter. Her stepson Simon wants to move out west to find work. Her youngest, Caleb, is spending too much time over at the tumbledown home of Henry Byler, who left the church long ago. Henry inherited the family farm and has returned—under protest—never suspecting that God has been waiting there for him all this time. As Sarah compiles her cures, she waits for God to do his healing work. In a man who rues a harsh decision. In a lonely prodigal who has lost everything. And maybe even in a herbalist-in-training who firmly believes she will never love again ... This is the second edition. The first edition was published by Hachette FaithWords in 2014.

Each one of us has made choices in our lives that we regret. Some of these choices have minimal consequences, while other choices we have made can cause devastating outcomes. In her book, *Abortion v. God's Amazing Grace*, the author shares just that sort of choice that can have life-long effects. Her choice to have an abortion was made at a moment when all she could hear were lies. Then, after it was too late to undo what she had done, truth was heard, reality set in, and the pain and hopelessness became unbearable. Thankfully, God does not leave us without hope. Through the author's story, you will see how God, through His Son, Jesus Christ, takes our sin, pain, and destruction and brings forgiveness and hope to our lives. You will witness a God who takes our brokenness and over and over again demonstrates His powerful love, forgiveness, grace, and healing. The author will share that God is always there. He is always love, and He waits to make each one of us

whole. He himself bore our sins in his body on the tree, so that we might die to sins and live for righteousness; by his wounds you have been healed. - 1 Peter 2:24
