ZZY33C - TORRES YULIANA

IN A BROKEN CITY, A DISTURBED KILLER IS TRYING TO REMAKE THE WORLD IN HIS IMAGE. Detective Gabriella Versado has seen a lot of bodies. But this one is unique even by Detroit's standards: half-boy, half-deer, somehow fused together. And it's only the first. As winter closes in on Detroit, strange and disturbing corpses start turning up in unusual places, pulling several lives into the killer's orbit. Gabi has to juggle the most harrowing case of her career with being a single mom to her troubled teen daughter Layla. Layla, egged on by her best friend Cas, is playing a dangerous game with an online predator. Broken Monsters is a dark and gripping thriller about the death of the American Dream, online fame, creativity, compromise and the undercurrents of the world we live in right now.

Follows three young operatives of a psychic detection agency as they battle an epidemic of ghosts in London.

A lift-the-flap adventure through the scariest cave in Cretacia!

A goofy and lonely denizen of the jungle has just one talent — scaring other creatures with his big, scary teeth! What would he do without them? Deep in the jungle lurks Alan the alligator, descended from a long line of very scary alligators. He prepares carefully — polishing his scales, brushing each of his big, scary teeth, and practicing his frightening faces — then sneaks into the jungle to terrorize the jungle critters. ("I'm big, scary Alan! Fear my razor-sharp teeth!") But after a long day of scaring, Alan likes nothing better than to enjoy the crossword, run a warm mud bath, and take out his teeth, which nobody else knows are false. Until one morning, when Alan wakes up and finds that his teeth are gone! Without those teeth, he's just not very scary, and scaring is the

only thing he knows how to do. Or is it? Witty, charming, and playful storytelling will have preschoolers cheering for Alan as he discovers a new way to fit in.

Being a monster isn't all frightening villagers and sucking blood. Monsters have their trials, too. Poor Frankenstein's cupboard is bare, Wolfman is in need of some household help, and it's best not to get started on Dracula's hygiene issues. What could be scarier? Nineteen hilarious poems delve into the secret lives of the Creature from the Black Lagoon, Bigfoot, Godzilla, and others. In a range of styles that pay homage to everyone from Charles Schulz to John James Audubon, the monstrously talented Adam Rex uncovers horrific--and clever--truths you won't want to miss.

"In a gothic adventure at the end of the world, a ten-year-old girl and a motley crew of ghouls must stop an invading horde of monsters on a fateful Halloween night"--

Each of the two novellas is narrated by a young woman who is in some way betrayed by, or the betrayer of, romantic love.

A relentless alien bounty hunter encloses a Texas town under a dome to isolate, hunt, and kill its prey in "the ultimate horror novel" (The Philadelphia Inquirer). Ever since the copper mine closed, the West Texas desert hellholes of Inferno and Bordertown have been slowly dying. Snake River isn't the only thing that divides them. Racism, gang wars, and anti-Mexican sentiment have turned the sun-scorched flatlands into a powder keg. If anything can unite them for now, at least in awe and wonder, it's the UFO that comes soaring out of the clouds like a flaming locomotive. In the wake of the crash, a young alien named Daufin has arrived, too. A fugitive who has taken the form of a human, she knows the terror that awaits the inhabitants of this planet—because it is looking for her. When Stinger, the monstrous alien bounty hunter, ar-

rives, it's with a destructive fury and a devious plan to find Daufin—by entombing the residents in an impenetrable and inescapable dome. A relentless killing machine, Stinger has an infinite capacity for death and destruction. And over the next twenty-four hours, this town is going to bleed and burn. Now, the few remaining survivors must come together to protect Daufin, themselves, and the world beyond from total annihilation. From the New York Times–bestselling and Bram Stoker Award–winning author of *Swan Song*, Stinger was called "one of the best suspense novels of recent years" by the Science Fiction Chronicle.

True Detective meets H. P. Lovecraft in this mystery by the acclaimed author of *Chaos* as a cop investigates bizarre murders in a snow-bound small town. It begins with a freak snowstorm in May. Hit hardest is the rural town of Colby, Connecticut. Schools and businesses are closed, powerlines are down, and police detective Jack Glazier has found a body in the snow. It appears to be the victim of a bizarre ritual murder. It won't be the last. As the snow piles up, so do the sacrifices. Cut off from the rest of the world, Glazier teams up with Kathy Ryan, an occult crime specialist, to uncover a secret society hiding in their midst. The gods they worship are unthinkable. The powers they summon are unstoppable. And the things they will do to the good people of Colby are utterly, horribly unspeakable . . . Praise for the writing of Mary SanGiovanni "A feast of both visceral and existential horror." —F. Paul Wilson on *Thrall* "Filled to the brim with mounting terror." —Gary A. Braunbeck on *The Hollower* "Nightmarish and vivid." —FearZone on *The Hollower*

The Bingo Theory unites us all. Men are not from Mars and Women are not from Venus. We are all from Planet Earth. The traditional view of masculine and feminine energy is very black and white. If you are a woman, you are considered to be feminine, and similarly if you are man- you are considered to be masculine. This outdated and inadequate mindset has led to a tremendous imbalance both internally in our lives, as well as externally in our world. The Bingo Theory breaks through this traditional gender-polarized idea of man and woman, by providing a new fresh view and understanding of masculine and feminine energies and the important role both of these energies play in our lives. Every single human on this planet has two energies living within them: the masculine and the feminine. The masculine energy helps us to operate in the outer world; it makes us strong, independent, and confident. The feminine energy, on the other hand, helps us love and connect to others. It's what makes us creative and intuitive. In this book you will learn how to balance the masculine and feminine energies within you so that you can be a Bingo. What is a Bingo? A Bingo is a winning combination of both of masculine and feminine energies. This inner balance is crucial in order to have a better relationship with yourself, attract your perfect romantic partner, improve your existing relationship, as well as have a fulfilling career. In this book you will: - Discover the groundbreaking medical research that has proven that, biologically, we are all a blend of masculine and feminine strengths. - Take a quiz that helps you to determine if your strength energy is masculine or feminine. Praise: "Urban fantasy has a special place in my heart, and the Occult Detective is perhaps the fundamental urban-fantasy archetype. An anthology of this kind is can serve two purposes: The first is to provide a taste of the genre to those that might otherwise be unfamiliar with it, and the second is to provide fans of the genre a chance to discover writers they may not have already come across. It was well worth the read and I would recommend it wholeheartedly for any fan of the urban fantasy/occult detective genre; even more so if you are unfamiliar with the genre and would like a taste as to what it's all about." — Nick Bronson -- "Urban Fantasy readers will love this book, and it is a first-rate group of stories." — Paul Lappan, Reviewer

From the New York Times bestselling author of The Stolen Child comes a hypnotic literary horror novel about a young boy trapped inside his own world, whose drawings blur the lines between fantasy and reality. Ever since he nearly drowned in the ocean three years earlier, ten-year-old Jack Peter Keenan has been deathly afraid to venture outdoors. Refusing to leave his home in a small coastal town in Maine, Jack Peter spends his time drawing monsters. When those drawings take on a life of their own, no one is safe from the terror they inspire. His mother, Holly, begins to hear strange sounds in the night coming from the ocean, and she seeks answers from the local Catholic priest and his Japanese housekeeper, who fill her head with stories of shipwrecks and

ghosts. His father, Tim, wanders the beach, frantically searching for a strange apparition running wild in the dunes. And the boy's only friend, Nick, becomes helplessly entangled in the eerie power of the drawings. While those around Jack Peter are haunted by what they think they see, only he knows the truth behind the frightful occurrences as the outside world encroaches upon them

all. In the tradition of *The Turn of the Screw*, Keith Donohue's *The Boy Who Drew Monsters* is a mesmerizing tale of psychological terror and imagination run wild, a perfectly creepy read for a dark night.
