Finding the best guitar for metal will take some time and research. The models and accessories we have shown you today offer a sure-fire way of achieving a great metal tone with low risk involved. One great way to figure out what you like is to check out what your favorite band is using.

The Schechter Diamond series is huge, and we've put together a super in-depth guide for you to get to know Schechter guitars, and which one might be for you! Banshee Elite. The Banshee Elite line is the successor to the Banshee from a couple of years ago.

TECH TIPS: Adjusting String Action

Ok so I'm gonna be straight forward here. When you measure the distance of the strings to the 12th fret do you press your fingers down on any frets? What is the best setup for tone? What is the best setup for speed? I am trying to eliminate as much buzz as possible. My guitar is a Schechter Blackjack C-1 from 2006. It has a tonepros bridge and I believe it comes factory with a graphtech Tusq nut.
