### CR401H - SWEENEY MONTGOMERY

---

A New York Times Book Review Notable Book of the Year One of Publishers Weekly's 100 Best Books of the Year Katharine Hepburn was her own creation--an ambitious, vulnerable woman who charmed the public with the image of an East Coast aristocrat, wearing pants and freely speaking her mind. But that show didn't come easily to her, or without tremendous effort and concealment. None of her success did. With this biography, William J. Mann challenges much of what we think we know about the Great Kate, and shows how a woman originally considered too controversial for Hollywood stardom learned the fine art of image making and transformed herself into an icon as all-American as the Statue of Liberty. With new material drawn from Hepburn's private papers, William J. Mann's Kate is "not just the best on Hepburn--it's a book that sets new standards in movie biography" (David Thomson, The New York Observer).

Examines how gay and lesbian actors, directors, producers, and set and costume designers significantly influenced and shaped Hollywood, and describes their working conditions, treatment by studios, and nightlife.

Full Service is the ultimate guilty pleasure, revealing for the first time the shadow lives of the people who created popular culture, told by the man who was so central to fulfilling their desires. Scotty Bowers, a dashing young ex-Marine exuding sex appeal, arrived in Hollywood in 1946 and quickly caught the attention of many of the town's stars. Working out of a gas station on Hollywood Boulevard, Bowers soon became the go-to guy for anyone looking for a bespoke sexual partner; no matter how outlandish the tastes, Scotty could find someone for everyone... In his thirty years 'tricking' and arranging tricks for LA's rich and famous, Bowers went to bed with thousands of people and engineered sexual liaisons of all flavours for countless more.

A World War II veteran and Hollywood gas station attendant describes how his good looks and open bisexuality culminated in liaisons with numerous celebrities, providing a chronicle of Hollywood's sexual underground in the 1940s and 1950s.

During his lifetime, Spencer Tracy was known as Hollywood's 'actor's actor'. Critics wrote that what Olivier was to theatre, Tracy was to film. Over his career he was nominated for nine Academy Awards, and won two. But there has been no substantial, intimate biography of the man, until now. From his earliest days in stock theatre, Tracy was a publicist's trial, guarding his private life fiercely. Most of the people associated closely with him shunned the limelight - notably his wife, his children and the great actress Katharine Hepburn, with whom he had an affair that lasted over 26 years. Although his screen roles often depicted a happy, twinkling Irishman, Tracy struggled with alcoholism to the end, a fact which the studios managed to keep out of the papers. With the help of Tracy's daughter, Susie, and access to previously unseen papers, James Curtis has now produced the definitive biography of a tortured, complex and immensely talented man. The book

contains 124 integrated photos, many published for the first time. Peuplées de stars, écrites par celui qui coucha avec plusieurs, parmi les plus éblouissantes d'entre elles, ces mémoires révèlent la vie sexuelle officieuse et secrète du Tout-Hollywood des années 40 à 80 et éclairent un pan entier de l'histoire de la révolution sexuelle. Immédiatement après avoir servi dans les Marines durant la Seconde Guerre mondiale, Scotty Bowers, jeune homme charismatique et remarquablement beau, arrive à Hollywood en 1946 et tape rapidement dans l'oeil de nombreuses stars et starlettes de la ville. Dans cette ère puritaine, Scotty qui entretient un rapport au sexe et à la sexualité très en avance sur son époque, apprécie indifféremment la compagnie des hommes ou celle des femmes. Sa volonté de voir ses nouvelles relations du showbiz comblées sexuellement, le conduit à leur "arranger le coup" avec une coterie de jeunes et séduisants amis à lui, très libérés sexuellement. Travaillant en plein centre de Hollywood Boulevard, dans une station à essence, Scotty devint rapidement l'entremetteur idéal pour quiconque était à la recherche d'un partenaire sexuel sur mesure. À l'âge de trente ans, celui qui donne de sa personne tout en favorisant les rencontres sexuelles des "riches et célèbres" de Los Angeles, a déjà couché avec des milliers de personnes. Et bien plus innombrables encore, sont ceux et celles, dont il aura été le pourvoyeur. Il compte parmi ses partenaires : Edith Piaf, Spencer Tracy, Vivien Leigh, Cary Grant, ou Edouard VIII, le roi d'Angleterre qui a abdicqué ; et parmi les liaisons qu'il a suscitées : Tennessee Williams, Charles Laughton, Katharine Hepburn, Rita Hayworth, Errol Flynn, Noël Coward, Mae West, James Dean, Rock Hudson et J Edgar Hoover, pour n'en citer que quelques uns... Ecrit avec beaucoup d'élégance, Full Service, offre au lecteur la vision d'une époque révolue, celle d'avant le Sida et du mouvement Gay de libération, et tend à montrer que les racines de la révolution sexuelle puisent ses origines dans ce Los Angeles libéré de la belle époque des années 40 et 50.

"I've done everything in the theatre except marry a property man," Fanny Brice once boasted. "I've acted for Belasco and I've laid 'em out in the rows at the Palace. I've doubled as an alligator; I've worked for the Shuberts; and I've been joined to Billy Rose in the holy bonds. I've painted the house boards and I've sold tickets and I've been fired by George M. Cohan. I've played in London before the king and in Oil City before miners with lanterns in their caps." Fanny Brice was indeed show business personified, and in this luminous volume, Herbert G. Goldman, acclaimed biographer of Al Jolson, illuminates the life of the woman who inspired the spectacularly successful Broadway show and movie *Funny Girl*, the vehicle that catapulted Barbra Streisand to super stardom. In a work that is both glorious biography and captivating theatre history, Goldman illuminates both Fanny's remarkable career on stage and radio--ranging from her first triumph as "Sadie Salome" to her long run as radio's "Baby Snooks"--and her less-than-triumphant personal life. He reveals a woman who was a curious mix of elegance and earthiness, of high and low class, a lady who lived like a duchess but cursed like a sailor. She was

probably the greatest comedienne the American stage has ever known as well as our first truly great torch singer, the star of some of the most memorable Ziegfeld Follies in the 1910s and 1920s, and Goldman covers her theatrical career and theatre world in vivid detail. But her personal life, as Goldman shows, was less successful. The great love of her life, the gangster Nick Arnstein, was dashing, handsome, sophisticated, but at bottom, a loser who failed at everything from running a shirt hospital to manufacturing fire extinguishers, and who spent a good part of their marriage either hiding out, awaiting trial, or in prison. Her first marriage was over almost as soon as it was consummated, and her third and last marriage, to Billy Rose, the "Bantam Barnum," ended acrimoniously when Rose left her for swimmer Eleanor Holm. As she herself remarked, "I never liked the men I loved, and I never loved the men I liked." Through it all, she remained unaffected, intelligent, independent, and, above all, honest. Goldman's biography of Al Jolson has been hailed by critics, fellow biographers, and entertainers alike. Steve Allen called it "an amazing job of research" and added "Goldman's book brings Jolson back to life indeed." The Philadelphia Inquirer said it was "the most comprehensive biography to date," and Ronald J. Fields wrote that "Goldman has captured not only the wonderful feel of Al Jolson but the heartbeat of his time." Now, with Fanny Brice, Goldman provides an equally accomplished portrait of the greatest woman entertainer of that illustrious era, a volume that will delight every lover of the stage.

"Fans of Hollywood's golden age will find this collection of interviews conducted over many years revealing...an enlightening picture emerges of Tinseltown, different from that presented in the fanzines." → Publishers Weekly "The book is more than it seems because these women are great talkers." → Booklist "I was curious about 'Hollywood Lesbians.' I have now read the book. I am still stunned." → Bea Arthur of "The Golden Girls" "Riveting!...an eye opener!!" → Ellen DeGeneres Hollywood Lesbians: From Garbo to Foster is the companion volume to Boze Hadleigh's classic Hollywood Gays. In this rare and no-holds-barred collection of exclusive interviews with Hollywood icons from the Golden Age of movies and TV—Dame Judith Anderson, Barbara Stanwyck, Capucine, Ann B. Davis, Nancy Kulp, Sandy Dennis, Agnes Moorehead, Edith Head, Patsy Kelly — among others—renowned entertainment journalist and historian Boze Hadleigh goes straight to the source and opens the film world's closet door into the past, and brings this volume full circle to the present with new material.

Rapacious dykes, self-loathing closet cases, hustlers, ambiguous sophisticates, and sadomasochistic rich kids: most of what America thought it knew about gay people it learned at the movies. A fresh and revelatory look at sexuality in the Great Age of movie making, Screened Out shows how much gay and lesbian lives have shaped the Big Screen. Spanning popular American cinema from the 1900s until today, distinguished film historian Richard Barrios presents a rich, compulsively readable analysis of how Hollywood has used and depicted gays and the mixed signals it has given us: Marlene in a top hat, Cary Grant in a negligee, a pansy cowboy in *The Dude Wrangler*. Such iconoclastic images, Barrios argues, send powerful messages about tragedy and obsession, but also about freedom and compassion, even empowerment. Mining studio records, scripts, drafts (including cut scenes), censor notes, reviews, and recollections of viewers, Barrios paints our fullest picture yet of how gays and lesbians were portrayed by the dream factory, warning that we shouldn't congratulate ourselves quite so much on the progress movies - and the real world -- have made since Stonewall. Captivating, myth-breaking, and funny, Screened Out is for all film aficionados and for anyone who

has sat in a dark movie theater and drawn strength and a sense of identity from what they saw on screen, no matter how fleeting or coded.

Part social history and part exposé, this revealing, entertaining, and provocative book spans nearly seventy years as it explores the lives and careers of some of the silver screen's foremost gays and lesbians and the effect of their high-profile lifestyles on the general public. From Charles Laughton and Greta Garbo to Nathan Lane and Ellen DeGeneres, David Ehrenstein traces the gradual transformation of Hollywood from a time when it was box-office poison to be publicly gay to the modern era when many top entertainment figures are celebrating their gay sexuality--and are in turn celebrated for it. Updated, *Open Secret* reveals what has happened to the key players in gay Hollywood since the original hardcover publication.

For nearly ninety years, Hollywood's brightest stars have favoured the Chateau Marmont as a home away from home. Filled with deep secrets but hidden in plain sight, its evolution parallels the growth of Hollywood itself. Perched above the Sunset Strip like a fairy-tale castle, the Chateau seems to come from another world entirely. An apartment-house-turned-hotel, it has been the backdrop for generations of gossip and folklore: 1930s bombshell Jean Harlow took lovers during her third honeymoon there; director Nicholas Ray slept with his sixteen-year-old Rebel Without a Cause star Natalie Wood; Anthony Perkins and Tab Hunter met poolside and began a secret affair; Jim Morrison swung from the balconies, once nearly falling to his death; John Belushi suffered a fatal overdose in a private bungalow; Lindsay Lohan got the boot after racking up nearly \$50,000 in charges in less than two months. Much of what's happened inside the Chateau's walls has eluded the public eye - until now. With wit and prowess, Shawn Levy recounts the wild parties and scandalous liaisons, creative breakthroughs and marital breakdowns, births and untimely deaths that the Chateau Marmont has given rise to. Vivid, salacious and richly informed, the book is a glittering tribute to Hollywood as seen from the suites and bungalows of its most hallowed hotel.

Hollywood superstar; Oscar-winning director; greatest stage actor of the twentieth century. The era abounded in great actors - Gielgud, Richardson, Guinness, Burton, O'Toole - but none could challenge Laurence Olivier's range and power. By the 1940s he had achieved international stardom. His affair with Vivien Leigh led to a marriage as glamorous and as tragic as any in Hollywood history. He was as accomplished a director as he was a leading man: his three Shakespearian adaptations are among the most memorable ever filmed. And yet, at the height of his fame, he accepted what was no more than an administrator's wage to become the founding Director of the National Theatre. In 2013 the theatre celebrates its fiftieth anniversary; without Olivier's leadership it would never have achieved the status that it enjoys today. Off-stage, Olivier was the most extravagant of characters: generous, yet almost insanely jealous of those few contemporaries whom he deemed to be his rivals; charming but with a ferocious temper. With access to more than fifty hours of candid, unpublished interviews, Philip Ziegler ensures that Olivier's true character - at its most undisguised - shines through as never before.

Exposes hidden scandals of Hollywood personalities, past and present, with revelations about such stars as Walt Disney, Christopher Reeve, Audrey Hepburn, and Marlon Brando.

When it was released in 1955, the film *Rebel Without a Cause* had a revolutionary impact on moviemaking and youth culture, virtually giving birth to our concept of the American teenager. For the first time, *Live Fast, Die Young* tells the complete story of the explosive making of *Rebel*, a film that has rocked every genera-

tion since its release. Set against a backdrop of the Atomic Age and an old Hollywood studio system on the verge of collapse, it vividly evokes the cataclysmic, immensely influential meeting of four of Hollywood's most passionate artists. When James Dean, Natalie Wood, Sal Mineo, and director Nicholas Ray converged, each was at a crucial point in his or her career. The young actors were grappling with fame, their burgeoning sexuality, and increasingly reckless behavior. As Ray engaged his cast in physical melees and psychosexual seductions of startling intensity, the on- and off-set relationships between his ambitious young actors ignited, sending a shock wave through the film. Through interviews with the surviving members of the cast and crew and first-hand access to both personal and studio archives, Lawrence Frascella and Al Weisel reveal Rebel's true drama -- the director's affair with sixteen-year-old Wood, his tempestuous "spiritual marriage" with Dean, and his role in awakening the latent homosexuality of Mineo, who would become the first gay teenager to appear on film. Complete with thirty photographs, including ten never-before-seen photos by famed Dean photographer Dennis Stock, *Live Fast, Die Young* tells the absorbing inside story of an unforgettable and absolutely essential American film -- a story that is, in many ways, as provocative as the film itself.

In this riveting popular history, the creator of *You Must Remember This* probes the inner workings of Hollywood's glamorous golden age through the stories of some of the dozens of actresses pursued by Howard Hughes, to reveal how the millionaire mogul's obsessions with sex, power and publicity trapped, abused, or benefitted women who dreamt of screen stardom. In recent

months, the media has reported on scores of entertainment figures who used their power and money in Hollywood to sexually harass and coerce some of the most talented women in cinema and television. But as Karina Longworth reminds us, long before the Harvey Weinsteins there was Howard Hughes—the Texas millionaire, pilot, and filmmaker whose reputation as a cinematic provocateur was matched only by that as a prolific womanizer. His supposed conquests between his first divorce in the late 1920s and his marriage to actress Jean Peters in 1957 included many of Hollywood's most famous actresses, among them Billie Dove, Katharine Hepburn, Ava Gardner, and Lana Turner. From promoting bombshells like Jean Harlow and Jane Russell to his contentious battles with the censors, Hughes—perhaps more than any other filmmaker of his era—commoditized male desire as he objectified and sexualized women. Yet there were also numerous women pulled into Hughes's grasp who never made it to the screen, sometimes virtually imprisoned by an increasingly paranoid and disturbed Hughes, who retained multitudes of private investigators, security personnel, and informers to make certain these actresses would not escape his clutches. Vivid, perceptive, timely, and ridiculously entertaining, *The Seducer* is a landmark work that examines women, sex, and male power in Hollywood during its golden age—a legacy that endures nearly a century later.

Now the subject of the hit documentary *Scotty and the Secret History of Hollywood*, praised by *Vanity Fair* as “full of revelations” and *Entertainment Weekly* as “deliciously salacious,” *Full Service* is the remarkable true story of Scotty Bowers, the “gentleman hustler,” during the heyday of classic Hollywood. Newly discharged from the Marines after World War II, Bowers arrived in Hollywood in 1946. Young, charismatic, and strikingly handsome, he quickly caught the eye of many of the town's stars and starlets. He began sleeping with some himself, and connecting others with his coterie of young, attractive, and sexually free-spirited friends. His own lovers included Edith Piaf, Spencer Tracy, Vivien Leigh, Cary Grant, and the abdicated King of England Edward VIII, and he arranged tricks or otherwise crossed paths with Tennessee Williams, Charles Laughton, Vincent Price, Katharine Hepburn, Rita Hayworth, Errol Flynn, Gloria Swanson, Noël Coward, Mae West, James Dean, Rock Hudson and J. Edgar Hoover, to name but a few. *Full Service* is not only a fascinating chronicle of Hollywood's sexual underground, but also exposes the hypocrisy of the major studios, who used actors to propagate a myth of a conformist, sexually innocent America knowing full well that their stars' personal lives differed dramatically from this family-friendly mold. As revelation-filled as *Hollywood Babylon*, *Full Service* provides a lost chapter in the history of the sexual revolution and is a testament to a man who provided sex, support, and affection to countless people.

Sample Book Insights: #1 I was able to pay my bills and move into a nicer apartment with my girlfriend Betty after I was promoted at the gas station. I never thought about the ex-military personnel office that had been set up in the Crossroads of the World shopping center. #2 Because the gas station was in the heart of Hollywood, many of the rich and famous also stopped by to purchase gas from me. One of them was playwright Jerome Lawrence along with his writing partner Robert E. Lee. #3 I had a very dull life with Betty, and I began seeing other people frequently. One evening at the gas station, I was filling up a customer's car when he stared at my friends huddled together in a group at the end of the driveway. He couldn't take his eyes off them. #4 I once helped a friend of mine earn extra money by picking up men. I told him to go with the man, and he would pay him later. The man was a harmless queen who only wanted to suck my

friend's cock.

Filmmaker Poole wrote the rules for living on the edge with no safety net and no apologies. How he, as a respected Broadway dancer, choreographer, and director became the infamous creator of beautiful, wildly successful gay porn is just part of the gripping story of life in the worlds of theater and porn, the perils and joys of success, the horrors of drug addiction, and the resilient spirit of a man who continually re-invented himself and survived it all.

Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Petersen. This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike. Believe it or not, America's fascination with celebrity culture was thriving well before the days of TMZ, Cardi B, Kanye's tweets, and the #metoo allegations that have gripped Hollywood. And the stars of yesteryear? They weren't always the saints that we make them out to be. BuzzFeed's Anne Helen Petersen, author of *Too Fat, Too Slutty, Too Loud*, is here to set the record straight. Pulling little-known gems from the archives of film history, Petersen reveals eyebrow-raising information, including: • The smear campaign against the original It Girl, Clara Bow, started by her best friend • The heartbreaking story of Montgomery Clift's rapid rise to fame, the car accident that destroyed his face, and the "long suicide" that followed • Fatty Arbuckle's descent from Hollywood royalty, fueled by allegations of a boozy orgy turned violent assault • Why Mae West was arrested and jailed for "indecent charges" • And much more Part biography, part cultural history, these stories cover the stuff that films are made of: love, sex, drugs, illegitimate children, illicit affairs, and botched cover-ups. But it's not all just tawdry gossip in the pages of this book. The stories are all contextualized within the boundaries of film, cultural, political, and gender history, making for a read that will inform as it entertains. Based on Petersen's beloved column on the Hairpin, but featuring 100% new content, *Scandals of Classic Hollywood* is sensationalism made smart.

The first biography to be based on Grant's own personal papers, *Cary Grant: the making of a Hollywood legend* provides a definitive account of the professional and personal life of one of Hollywood's most unforgettable, influential stars.

Emmy Award-winning producer and New York Times bestselling author Lionel Friedberg has spent 50 years making films as diverse as full-length theatrical features and television documentaries. After growing up in South Africa during the troubled era of apartheid he began his career during the dying days of colonialism in Central Africa. He eventually settled in Los Angeles where his work took him to the sound stages of Hollywood and to the most remote regions of the Earth. His career exposed him to the extraordinary wonders of our planet and brought him into close contact with many unforgettable personalities from maverick scientists to politicians, entertainers and people who survived near-death experiences. His observations have taught him that life is far more complex and infinitely stranger than we can imagine. When he was struck by an unexpected life-threatening illness his efforts to find a way to save his life took him back to Africa where he encountered the age-old rituals and powerful healing methods of African shamans. Their mysterious ways have much to teach us and are as relevant today as they were in ancient times.

The Cleveland Street scandal, involving a homosexual brothel reputedly visited by the Queen's grandson, shocked Victorian Britain in 1889. This is the second edition, including much new information, of the full-length account of one of its key players, Jack Saul, an Irish Catholic rent boy who worked his way into the upper echelons of the aristocracy, and wrote the notorious porno-

graphic memoir *The Sins of the Cities of the Plain*. Glenn Chandler, creator of *Taggart*, explores his colourful but tragic life and reveals for the first time the true story about what really went on behind the velvet curtains of 19 Cleveland Street.

This is the documented story of some of the most glamorous women in the world who lived two lives - in public as larger-than-life romantic heroines of the screen, and in private as lesbians or bisexuals. From the early years of the "talkies" through the beginning of the 1950s, they were secretly known as the Sewing Circle, and this is their story. Among them were Marlene Dietrich, Greta Garbo, Tallulah Bankhead, Katherine Cornell, Barbara Stanwyck, and Joan Crawford. Others whose secret lives are divulged for the first time: Maude Adams, Lynn Fontanne, Myrna Loy, Edith Head, Janet Gaynor, Jill Esmond, Elsa Lanchester, Isadora Duncan, Laurette Taylor, Libby Holman, Marjorie Main, Agnes Moorehead, and Dame Judith Anderson.

New York Times bestselling author Suzy Spencer posted a simple online request: "Need to talk about sex..." Suzy Spencer set out to investigate sex in America—to go beyond the talk and find out what people are really doing in their private (or not so private) lives. What she discovered online, at sex clubs, and elsewhere was truly eye-opening. She started talking to men and women—from across America of all ages and sexual orientations—who make no apology for how they fire their imaginations and satisfy their desires. Soon she found herself invited to be a voyeur—listening in on phone sex, reading e-mails describing sexual encounters in graphic detail, and attending BDSM mixers and workshops. It was all astonishing... and enticing. At every turn she felt herself pulled deeper into people's secret lives and began questioning

her own choices about relationships and sex. *Secret Sex Lives* is an intimate account of a journalist who is seduced by her subject; a woman who sets out to look behind closed doors but ends up on a personal, revealing journey to find herself...

Biography.

Being known as "The Bride of Frankenstein" is an unusual form of fame, but for Elsa Lanchester the unusual came naturally. Born to radical socialist parents, Elsa attended an all-boys school and later "studied" in Paris with dance pioneer Isadora Duncan. At 17, she opened her own theater, which was frequented by writers such as H. G. Wells, Aldous Huxley, and Evelyn Waugh. She began performing with and then fell in love with a brilliant young actor named Charles Laughton. Soon after their marriage he revealed his homosexuality. Though it made their union shaky at times, it did not overshadow their common love of art, music, and nature, and their marriage endured for 36 years until Laughton's death. Elsa Lanchester, *Herself* presents the story of a woman ahead of her time: independent, iconoclastic, liberated. It is the chronicle of a life filled with famous people (from Bertolt Brecht to Henry Fonda), and of a career that spanned almost seven decades. It is also a warm, truthful account of a very special marriage. Witty and wise, Elsa Lanchester's account of her life and times is a delight.

Evidence shows that nutritional supports can help maintain health in the HIV-infected patient by replacing lost nutrients, compensating for nutritional damage done by the retrovirus-induced immunodeficiency, and stimulating the remaining immune system and cells for better host defenses. This new edition of *Nutrition and AIDS* is a timely look at what dietary materials, supplements, and foods may benefit or treat AIDS, as well as nutritional deficiencies that can accelerate progression to AIDS and death. It offers a variety of alternative dietary and herbal remedies, including some that have been tested in animals and humans to stimulate immune defense or compensate for changes induced by HIV infection. In addition, it surveys items that may accelerate nutritional depletion in AIDS patients, such as cocaine, alcohol, and tobacco use. It includes data from animal studies modeling AIDS and nutrition, studies not yet done in humans but applicable to them. Including updated reviews on topics from the author's earlier publications on the subject, with a focus on how to use this nutritional information to treat or retard development of AIDS, *Nutrition and AIDS* brings to the forefront the most recent advances in understanding the nutritional deficiencies of AIDS and HIV-posi-

tive patients.

"Scott Eyman, author of the New York Times bestseller *JOHN WAYNE: The Life and Legend*, has written an incisive, definitive biography of another great Hollywood legend, Cary Grant, drawing in part on new research into Grant's all-important early years, which permanently shaped his life"--

X a wily hustler, has a dilemma. The object of his affections is his roommate Andrew, who is confused about his sexuality. Meanwhile, X's other roommate--a seventeen-year-old precocious partyboy--is falling for X in a big way. The result is an old-fashioned (well, sort of) love triangle peppered with savage one-liners--a touching portrait of love and lust among three very different gay men.

In this wholly original work of film criticism, David Thomson, celebrated author of *The Biographical Dictionary of Film*, probes the many ways in which sexuality has shaped the movies--and the ways in which the movies have shaped sexuality. Exploring the tangled notions of masculinity, femininity, beauty, and sex that characterize our cinematic imagination--and drawing on examples that range from advertising to pornography, *Bonnie and Clyde to Call Me by Your Name*--Thomson illuminates how film as art, entertainment, and business has historically been a polite cover for a kind of erotic séance. In so doing, he casts the art and the artists we love in a new light, and reveals how film can both expose the fault lines in conventional masculinity and point the way past it, toward a more nuanced understanding of what it means to be a person with desires.

Join legendary Hollywood scribe Boze Hadleigh in this journey back in time as he examines what it was like to be gay in Hollywood during Tinseltown's heyday, as well as how things have changed and what the future of gay Hollywood looks like. Today, Hadleigh examines both the obvious and hidden costs of being queer in Hollywood from both the inside looking out, and the outside looking in. Hadleigh brings us quotes and statements from such stars as Rock Hudson, Truman Capote, Cary Grant, Neil Patrick Harris, kd Lang, Ellen DeGeneres, Jodie Foster, Queen Latifah, Little Naz, Oscar Wilde, Sammy Davis Jr., Ellen Page, Rosie O'Donnell, Ian McKellan, Bea Arthur, Butterfly McQueen, Chaz Bono, Elton John, Remi Malek, Wanda Sykes, among others.

From the Michael Stokes Collection, this extraordinary publication reveals a side of World War II never before made public: young Allied troops discharging tension in boisterous, naked play and intimate "buddy" friendships. A remarkable, often tender, lineup of personal photographs and vintage military ephemera, these images offer a whole new perspective on masculinity and the wartime relations between men. Every harrowing day for a serviceman during World War II was potentially his last. To help bolster

troops against the horrors of combat, commanders encouraged them to form tight "buddy" relationships for emotional support. Many war buddies, together every moment, and depending on each other to survive, formed intimate friendships. When they weren't fighting side by side, they relaxed together, discharging tension in boisterous--sometimes naked--play. The full extent of nude horseplay among men during World War II can't be known, as cameras were rare and film hard to process, but some men did document this unprecedented male bonding in small, anonymous photos mostly kept hidden away until their deaths. Los Angeles photographer Michael Stokes has spent years searching out these photos and building an archive of over 500 images. His collection

includes soldiers and sailors from Australia, England, France, Italy, Poland, Russia, and the USA, cavorting on the sand in the South Pacific, shivering in the snow of Eastern Europe, posing solo in the barracks, and in great happy groups just about everywhere. These images show men barely out of boyhood, at their physical peak, responding to the reality of battle by living each day to the fullest--a side of the war never before made public. The introduction is by Scotty Bowers, an 89-year-old ex-Marine and author of *Full Service*, the best-selling memoir of his sexual exploits in Hollywood, and how the war forever altered his attitudes about gay and straight, just as these photos may alter our attitudes about World War II and war buddies.
