BRV6RC - REBEKAH LEBLANC

"The Scrum Field Guide" is a nice way to get started with Scrum. It covers the practices through useful stories and advice. Heavier on the advice side. The stories seem realistic and highlight important points. I liked the tables and tips provided. For example how to estimate the first time and how to map pre-Scrum roles.

Scrum Field Guide The Practical

Finally - a well-written book on Scrum that focuses on real practical advice and less on theory. This guide presents Mitch's advice and tips from years of experience, forgoing a lot of the talk on theory that many books already cover, and instead giving loads of recommendations based on real-world situations and learning.
