C31YXK - AVERY BUCKLEY

You're no idiot, of course. The battle scenes in *Gladiator* had you on the edge of your seat and wondering where you could find more information on the rise and fall of ancient Rome. But, so far, your search has left you feeling like a blundering barbarian. Pick yourself up off the Coliseum floor! Consult 'The Complete Idiot's Guide to the Roman Empire', a fun-to-read introduction to the fascinating history, people, and culture of Ancient Rome. In this Complete Idiot's Guide, you get: -The history of the Roman Empire's rise and fall. -An idiot-proof introduction to the great epic literature of the Roman Republic. -A survey of the Romans in arts and popular culture. -Fascinating details of some of history's most nefarious emperors, including Nero, Caligula, and Commodus.

Official organ of the book trade of the United Kingdom.

"I've fought every kind of barbarian, but the Britons are by far the worst..." Marcus is excited about travelling to Britannia, the island at the edge of the world. But the Britons are savages who tattoo themselves and take the heads of their enemies in battle. They won't bow down to the rule of Rome. As Marcus travels to meet his father he meets a barbarian chief instead and his destiny is changed forever, along with that of Britannia...

This volume examines the mutual images formed between Japan and Germany from the mid-nineteenth to early twenty-first centuries. Exploring previously untapped historical sources, the contributions by seventeen leading scholars create a more nuanced picture of Japanese-German relations.

Ancient history is fascinating, but it can be difficult to find material that teaches it from a Christian perspective. Even harder is finding a history curriculum that captivates students. But Angela O'Dell's newly revised *The World's Story 1 - The Ancients* does both! Students will learn all about the ancient civilizations of the Middle East, Europe, Africa, Asia, and the Americas from a strong Biblical perspective. Focuses on History and interweaves a Christian perspective throughout. Features an engaging historical narrative. First volume in a three-book world history series for upper elementary and junior high students. The text covers Biblical history, also educating students about civilizations mentioned in the Bible, including ancient Egypt, ancient Israel, ancient Babylon, ancient Persia, ancient Greece, and ancient Rome, up to the development of the early Church. It also discusses other ancient civilizations from around the world.

The guide for the traveller as opposed to the tourist: the person for whom the history of the region and its reflection in landscape, buildings and culture are the essence of travel.

During the Principate (roughly 27 BCE to 235 CE), when the empire reached its maximum extent, Ro-

man society and culture were radically transformed. But how was the vast territory of the empire controlled? Did the demands of central government stimulate economic growth or endanger survival? What forces of cohesion operated to balance the social and economic inequalities and high mortality rates? How did the official religion react in the face of the diffusion of alien cults and the emergence of Christianity? These are some of the many questions posed here, in the new, expanded edition of Garnsey and Saller's pathbreaking account of the economy, society, and culture of the Roman Empire. This second edition includes a new introduction that explores the consequences for government and the governing classes of the replacement of the Republic by the rule of emperors. Addenda to the original chapters offer up-to-date discussions of issues and point to new evidence and approaches that have enlivened the study of Roman history in recent decades. A completely new chapter assesses how far Rome's subjects resisted her hegemony. The bibliography has also been thoroughly updated, and a new color plate section has been added.

If you want to discover the captivating history of Iran, then this book could be the answer you're looking for.

The Apostolic Fathers is a collection of early Christian writings from the late first and early second centuries, traditionally considered to have been written by those connected with the Apostles, and therefore reflecting authentic Apostolic teaching. *The Apostolic Fathers: An Essential Guide* explains the nature of the collected writings as they stand between the world of the New Testament and later Christian writers, focusing upon what the texts say about ancient Christian thinkers, early church developments, and the evolution of theological ideas prior to the great ecumenical councils.

Learn tools and techniques you can use in any Biblical study and then explore the History of Israel. Use what you learn to analyze Old Testament prophecies and apocalyptic writings - all in preparation for comparing accounts of what Jesus told His disciples on the Mount of Olives and for analyzing the Revelation given to John. Round out your experience with in-depth studies of end-times players such as the Antichrist and the 144,000 'redeemed from the earth'. Finally, explore in great detail the major rapture positions and challenges presented by each. Ron Braley's book, Finding the End of the World, is a great resource for any serious student of God's Word. However, it will frustrate those who look to it for easy answers to questions surrounding the books of Daniel and Revelation, events of the End Times, and eschatological controversies. Instead, the author gives the reader and student the tools to delve into the Scriptures and discover the answers. Caution: This may lead the reader to question and even jettison some previously held views of the End of Times. While offering historical and theological background materials to consider, I believe the greatest value of this book is the study tools, guides and exercises it offers each student. The result is creating students of the Bible who know how to read and study for themselves. Ron Almborg, Jr. (B.A., Th.B., M.Div.). Ron Braley lives in Texas with Joanne, his wife of 27 years. They have 4 grown children and 2 grandchildren. Passion for spreading the Gospel and helping others to build their faith has led to the development of this comprehensive guide and the creation of Finding Discipleship, Inc. Please visit www.findingrevelation.com for free instructor materials, discussion boards, and opportunities to contribute to the discipleship cause.

An indispensable introduction to Roman society, culture, law, politics, religion, and daily life as they relate to the study of the New Testament. The Roman Empire formed the central context in which the New Testament was written. Anyone who wishes to understand the New Testament texts must become familiar with the political, economic, societal, cultural, and religious aspects of Roman rule. Much of the New Testament deals with enabling its readers to negotiate, in an array of different manners, this pervasive imperial context. This book will help the reader see how social structures and daily practices in the Roman world illumine so much of the content of the New Testament message. For example, to grasp what Paul was saying about food offered to idols one must understand that temples in the Roman world were not "churches," and that they functioned as political, economic, and gastronomic centers, whose religious dealings were embedded within these other functions. Brief in presentation yet broad in scope, The Roman Empire and the New Testament: An Essential Guide will introduce students to the information and ideas essential to coming to grips with the world in which early Christianity was born.

Originally published in 1958, A Guide to Western Architecture charts the origins of the system of architectural design that was perfected in Greece, follows its development under the Roman Empire and describes the achievements of the Byzantine architects. Passing through Romanesque to Gothic, the contributions made by Mediaeval builders to structure and design are recorded, and then the impact of the Renaissance on architecture, and its characteristic development in the different European countries. The transplanting of Renaissance ideas to the New World is covered, and finally the origins and nature of the new Western architecture occupy the last section of the book. The Appendix includes a list of the principal architects, and brief notes on their work, from the 5th century B. C. to the end of the Renaissance.

The Roman army of the early empire is one of the most instantly recognizable armies and enjoys a reputation for excellence. This and their many famous campaigns against a wide range of colorful foes makes this one of the most popular periods for wargamers. Covering the period from 27BC to AD284, Daniel Mersey gives a wargamers perspective of the many conflicts and offers advice on how to recreate these on the gaming table. Advice is given on factors to consider when choosing an appropriate set of commercially available rules, or devising your own, to best suit the scale and style of battle you want and capture the flavor of the period. The relevant ranges of figures and terrain pieces and buildings are also reviewed. Analysis of the forces involved, organization, tactics and strategies will help with building your armies and there are interesting scenarios included. Whether this is a new period for you, or you are looking to refresh your existing interest in the period, this handy guide is sure to hold much if interest.

Historians of antiquity and others interested in youth, adolescence or family life in the past have debated whether youth in the Roman Empire differed from that of our time. This book examines the lives of Roman boys and girls and explores the possible existence of a separate youth culture.

The purpose of the Essential Guides series is to fulfill the need for brief, substantive, yet highly accessible introductions to the core disciplines in biblical, theological, and religious studies

Best-selling author Jackson Spielvogel has helped over one million students learn about the present by exploring the past. Spielvogel's engaging narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable

as it is instructive. Updated to reflect current scholarship, WESTERN CIVILIZATION, 10th Edition, includes more than 150 maps and excerpts of more than 250 primary sources that enliven the past while introducing students to the source material of historical scholarship. Additionally, the text is illustrated with more than 400 photographs that add visual context. A variety of pedagogical tools, including focus and critical thinking questions, primary source features with assignable questions, and end-of-chapter study aids, make this edition accessible to any learning style. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

You're no idiot, of course. The battle scenes in *Gladiator* had you on the edge of your seat and wondering where you could find more information on the rise and fall of ancient Rome. A complete introduction to the rich cultural legacy of Rome through the study of Roman art ... It includes a discussion of the relevance of Rome to the modern world, a short historical overview, and descriptions of forty-five works of art in the Roman collection organized in three thematic sections: Power and Authority in Roman Portraiture; Myth, Religion, and the Afterlife; and Daily Life in Ancient Rome. This resource also provides lesson plans and classroom activities."--Publisher website.

"This Student's Book with answers contains separate sections focussing on Reading, Writing, Listening and Speaking ; 8 official practice tests from Cambridge English ; DVD-ROM with MP3 files and speaking test videos."--Publisher.

All of Scripture testifies to the person of Jesus, yet the Gospels offer a face-to-face encounter. This newly revised third edition of *Jesus and the Gospels* prepares readers for an in-depth exploration of Matthew, Mark, Luke, and John. Esteemed New Testament scholar Craig Blomberg considers the Gospels' historical context while examining fresh scholarship, critical methods, and contemporary applications for today. Along with updated introductions, maps, and diagrams, Blomberg's linguistic, historical, and theological approach delivers a deep investigation into the Gospels for professors, students, and pastors alike.

"Explains major Christian views on biblical prophecy regarding end times including the books of Revelation and Daniel, the tribulation, the millennium, and more."--Provided by publisher.

Publisher Description

No other political entity has shaped the modern world like the Roman Empire. Encompassing close to a quarter of the world's population and 3 million km² of land, it represented a diverse and dynamic collection of nations, states and tribes, all bound to Rome and the ideal of a Roman identity. In the lively and engaging style that he's known for, Philip Matyszak traces the history of the Roman Empire from the fall of the Assyrians and the rise of the Roman Republic through to the ages of expansion, crisis and eventual split. Breathing new life into these extraordinary events, Matyszak explains

how the empire operated, deploying its incredibly military machine to conquer vast territory then naturalizing its subject peoples as citizens of Rome. It was a method of rule so sophisticated that loyalty to Rome remained strong even after its collapse creating an expansive legacy that continues to this day.

Motivation and literacy go hand in hand in this practical book of strategies for classroom teachers. It provides effective tips and tools to motivate and grasp the attention of even the most reluctant readers. With numerous classroom examples, case studies, and blackline masters, this book will help you to boost motivation and literacy in your classroom right away. *Motivating Every Student in Literacy (Including the Highly Unmotivated!)*, Grades 3-6 provides an effective model for improving reading levels and increasing motivation. Under the guidance of Athans and Devine, classroom leaders develop their own Motivation Improvement Action Plans, where small-group instruction, end-of-unit assessments, and other practical approaches work to increase individual student effort. Woven throughout are process-driven and novelty strategies to address possible reasons for a child's lack of motivation. In this guide, you'll find illuminating case studies, quick-reference chapter summaries, reproducible student plans and contracts, and action plan tips.

This 2006 book examines hostage-taking in ancient Rome, which was a standard practice of international diplomacy. Hundreds of foreign hostages, typically adolescents, were detained as the empire grew in the Republic and early Principate.

"A must for anyone interested in the Roman Empire and its impact on world history." —Tony Robinson, star of *Blackadder* and *Time Team*. This entertaining and informative guide is the perfect introduction to the amazing world of ancient Rome and its emperors, epic wars, awesome architecture, heroes, and villains. With a complete rundown of Roman history alongside fascinating insights into the lives of everyday Romans, you'll discover the amazing people and events involved in the rise and fall of one of the greatest of all ancient civilizations and how its influence is felt around the world today. If you've tuned into any of several TV shows focused on Rome and want to learn more about this fascinating part of history, *The Romans For Dummies* is the book for you. Schoolteachers and lecturers looking for light-hearted inspiration for lessons will also benefit from this riotous Roman adventure chronicling the rise and fall of the Empire. *The Romans For Dummies* is an accessible guide written in plain English giving you the fascinating facts of this ancient civilization. You'll learn about the following (and more): How Roman society was divided into classes The assemblies that ruled Rome Why villas were important to the Romans Details about the Roman army, including a Roman soldier's equipment The wonder of Roman architecture, cities, roads, aqueducts, and sewers Everything you ever wanted to know about gladiators and then some The importance of Roman temples, shrines, and the gods How Rome became a republic, an empire, and then collapsed Additionally, you'll learn about turning points in Roman history, (mostly) good and (some) bad Romans, Rome's greatest enemies, and great places to visit you won't want to miss on your next Roman holiday. Grab a copy of *The Romans For Dummies* to discover this and so much more. Guy de la Bédoyère is a historian, archaeologist, and Roman expert, he is well known for his numerous books and appearances on TV, especially Channel 4's *Time Team*.

For more than seven centuries most of the Near East was part of the Roman empire. Yet no work exists which explores the means by which an ancient power originating in the western Mediterranean

could control such a vast and distant region. What was the impact of the army presence on the population of the provinces? How did Rome respond to the challenge posed by the desert and its nomadic population? Isaac here offers answers to these questions in the first comprehensive treatment of the Roman military presence in the Near East. Using both well-known and neglected sources, here assesses the means by which Rome achieved and maintained its control over the region. His study, now revised and updated to reflect recent research findings, casts new light on an important issue which has far-reaching implications for the understanding of ancient and modern imperialism.
