EL-733A Operation Manual - Sharp USA

The description mentions Scientific, Financial and graphing and that is three very different things. It would be possible to have a Scientific calculator also have functionality as a Financial Calculator as pre-programmed shortcut buttons are the only real difference but I do not have a scientific calculator and that is what I intended to buy.

Sharp EL733A Scientific Financial and Graphing Calculator

The problem is that Sharp EL-733A has no way to specify an infinite number of periods using the N key. Calculating the present value of a perpetuity using a formula is easy enough: Just divide the payment per period by the interest rate per period. In our example, the payment is \$1,000 per year and the interest rate is 9% annually.
