How do different ethnic groups approach the short story form? Do different groups develop culture-related themes? Do oral traditions within a particular culture shape the way in which written stories are told? Why does "the community" loom so large in ethnic stories? How do such traditional forms as African American slave narratives or the Chinese talk-story shape the modern short story? Which writers of color should be added to the canon? Why have some minority writers been ignored for such a long time? How does a person of color write for white publishers, editors, and readers? Each essay in this collection of original studies addresses these questions and other related concerns. It is common knowledge that most scholarly work on the short story has been on white writers: This collection is the first work to specifically focus on short story practice by ethnic minorities in America, ranging from African Americans to Native Americans, Chinese Ameri-

cans to Hispanic Americans. The number of women writers discussed will be of particular interest to women studies and genre studies researchers, and the collections will be of vital interest to scholars working in American literature, narrative theory, and multicultural studies.

Updated and expanded edition of the foundational text of women of color feminism. Originally released in 1981, *This Bridge Called My Back* is a testimony to women of color feminism as it emerged in the last quarter of the twentieth century. Through personal essays, criticism, interviews, testimonials, poetry, and visual art, the collection explores, as coeditor Cherríe Moraga writes, "the complex confluence of identities—race, class, gender, and sexuality—systemic to women of color oppression and liberation." Reissued here, nearly thirty-five years after its inception, the fourth edition contains an extensive new introduction by Moraga, along with a previously unpublished statement by Gloria Anzaldúa. The new edition also includes visual artists whose work was produced

during the same period as *Bridge*, including Betye Saar, Ana Mendieta, and Yolanda López, as well as current contributor biographies. *Bridge* continues to reflect an evolving definition of feminism, one that can effectively adapt to, and help inform an understanding of the changing economic and social conditions of women of color in the United States and throughout the world. Immense is my admiration for the ongoing dialogue and discourse on feminism, Indigenous feminism, the defining discussions in women of color movements and the broader movement. I have loved this book for thirty years, and am so pleased we have returned with our stories, words, and attributes to the growing and resilient movement. Winona LaDuke (Anishinaabe), Executive Director, Honor the Earth Praise for the Third Edition This *Bridge Called My Back* dispels all doubt about the power of a single text to radically transform the terrain of our theory and practice. Twenty years after its publication, we can now see how it helped to untether the production of knowledge from its disciplinary anchors—and not only in the field of women’s studies. This *Bridge* has allowed us to define the promise of research on race, gender, class and sexuality as profoundly linked to collaboration and coalition-building. And perhaps most important, it has offered us strategies for transformative political practice that are as valid today as they were two decades ago. Angela Davis, University of California, Santa Cruz This *Bridge Called My Back* has served as a significant rallying call for women of color for a generation, and this new edition keeps that call alive at a time when divisions prove ever more stubborn and dangerous. A much-cited text, its influence has been visible and broad both in academia and among activists. We owe much of the sound of our present voices

to the brave scholars and feminists whose ideas and ideals crowd its pages. Shirley Geok-lin Lim, University of California, Santa Barbara This book is a manifesto—the 1981 declaration of a new politics US Third World Feminism. No great de-colonial writer, from Fanon, Shaarawi, Blackhawk, or Sartre, to Mountain Wolf Woman, de Beauvoir, Saussure, or Newton could have alone proclaimed this politic born of necessity. This politic denies no truths: its luminosities drive into and through our bodies. Writers and readers alike become shape-shifters, are invited to enter the shaman/witness state, to invoke power differently. US Third World Feminism requires a re-peopling: the creation of planetary citizen-warriors. This book is a guide that directs citizenry shadowed in hate, terror, suffering, disconnection, and pain toward the light of social justice, gender and erotic liberation, peace, and revolutionary love. This *Bridge* transits our dreams, and brings them to the real. Chela Sandoval, University of California, Santa Barbara

Monsters are a part of every society, and ours is no exception. They are deeply embedded in our history, our mythos, and our culture. However, treating them as simply a facet of children's stories or escapist entertainment belittles their importance. When examined closely, we see that monsters have always represented the things we fear: that which is different, which we can't understand, which is dangerous, which is Other. But in many ways, mon-

sters also represent our growing awareness of ourselves and our changing place in a continually shrinking world. Contemporary portrayals of the monstrous often have less to do with what we fear in others than with what we fear about ourselves, what we fear we might be capable of. The nineteen essays in this volume explore the place and function of the monstrous in a variety of media – stories and novels like Baum's Oz books or Gibson's *Neuromancer*; television series and feature films like *The Walking Dead* or *Edward Scissorhands*; and myths and legends like *Beowulf* and *The Loch Ness Monster* – in order to provide a closer understanding of not just who we are and who we have been, but also who we believe we can be – for better or worse.

With an Overview by Paul Smith and a Checklist to Hemingway Criticism, 1975–1990 *New Critical Approaches to the Short Stories of Ernest Hemingway* is an all-new sequel to Benson's highly acclaimed 1975 book, which provided the first comprehensive anthology of criticism of Ernest Hemingway's masterful short stories. Since that time the availability of Hemingway's papers, coupled with new critical and theoretical approaches, has enlivened and enlarged the field of American literary studies. This companion volume reflects current scholarship and draws together essays that were either published during the past decade or written for this collection. The contributors interpret a variety of individual stories from a number of different critical points of view—from a Lacanian reading of Hemingway's "After the Storm" to a semiotic analysis of "A Very Short Story" to an historical-biographical analysis of "Old Man at the Bridge." In identifying the short story as one of Hemingway's principal thematic and techni-

cal tools, this volume reaffirms a focus on the short story as Hemingway's best work. An overview essay covers Hemingway criticism published since the last volume, and the bibliographical checklist to Hemingway short fiction criticism, which covers 1975 to mid-1989, has doubled in size.
