In Straight Talk on Trade, Dani Rodrik, an early and outspoken critic of economic globalization taken too far, goes beyond the populist backlash and offers a more reasoned explanation for why our elites' and technocrats' obsession with hyper-globalization made it more difficult for nations to achieve legitimate economic and social objectives at home: economic prosperity, financial stability, and equity.

In its 274 pages of supposedly straight talk on trade, Rodrik's book contains no mention of the measurable consumer benefits produced by free trade, especially those that accrue to lower-income families who spend a larger share of their budgets on tradable goods such as food, clothing, and shoes.

There are times when Straight Talk on Trade can be read like a polite academic manifesto for a Trumpian economic nationalism. He rails against efforts at global governance and the World Trade...

Straight Talk on Trade: Ideas for a Sane World Economy (Dani Rodrik) written by Charles. I find that my hit percentage on economics books is about 50%. One out of every two books I read is excellent, and the other is awful. Very little seems to be in between. Unfortunately for me, this book is in the latter group.

Straight Talk On Trade Ideas

"Straight Talk on Trade presents a straightforward and readable agenda to make globalization serve democracy rather than undermine it, while avoiding the populist remedies being hawked by politicians today."

Straight Talk on Trade: Ideas for a Sane World Economy ...

In Straight Talk on Trade, he explains why there is so much discontentment with the multilateral system, and offers interesting proposals for how we might preserve what is good about it. This is a must-read for anyone interested in the roots of populist nationalism and the widespread angst in industrial societies today."
