8ZK03S - LUCA TRISTIN

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Advance praise for Farewell, My Subaru "Fine is Bryson Funny." —Santa Cruz Sentinel "Fine is an amiable and self-deprecating storyteller in the mold of Douglas Adams. If you're a fan of Hitchhiker's Guide to the Galaxy-style humor -- and also looking to find out how to raise your own livestock to feed your ice-cream fetish -- Farewell may prove a vital tool." —The Washington Post "Fine is an eco-hero

for our time.." — Miami Herald "An after-ward offers solid advice and sources for learning more." — On Earth Magazine, Natural Resources Defense Fund "This is Green Acres for the smart set—: a witty and educational look at sustainable living. Buy it, read it, compost it." —A. J. Jacobs, author of The Year of Living Biblically "The details of Doug Fine's experiment in green living are great fun—but more important is the spirit, the dawning understanding that living in connection to something more tangible than a computer mouse is what we were built for. It'll make you want to move!" —Bill McKibben, author of Deep Economy: The Wealth of Communities and the Durable Future Like many Americans, Doug Fine enjoys his creature comforts, but he also knows full well they keep him addicted to oil. So he wonders: Is it possi-

ble to keep his Netflix and his car, his Wi-Fi and his subwoofers, and still reduce his carbon footprint? In an attempt to find out, Fine up and moves to a remote ranch in New Mexico, where he brazenly vows to grow his own food, use sunlight to power his world, and drive on restaurant grease. Never mind that he's never raised so much as a chicken or a bean. Or that he has no mechanical or electrical skills. Whether installing Japanese solar panels, defending the goats he found on Craigslist against coyotes, or co-opting waste oil from the local Chinese restaurant to try and fill the new "veggie oil" tank in his ROAT (short for Ridiculously Oversized American Truck), Fine's extraordinary undertaking makes one thing clear: It ain't easy being green. In fact, his journey uncovers a slew of surprising facts about al-

ternative energy, organic and locally grown food, and climate change. Both a hilarious romp and an inspiring call to action, Farewell, My Subaru makes a profound statement about trading today's instant gratifications for a deeper, more enduring kind of satisfaction.

Guide to information on ... cars and light trucks.

Passenger cars, sport-utility vehicles, trucks, and minivans are all discussed in this invaluable guide to the new 1997 vehicles! Over 170 cars, trucks and vans are reviewed and rated in every important category, from price to handling to options. Don't make an uninformed decision--get the guide that takes the hassle out of car-buying. Large format.

For a decade, The Car Book has proven itself to be America's #1 single-volume con-

sumer resource for buying a new car. Gillis provides the latest information on pricing, insurance rates and safety records, fuel efficiency, resale value, consumer protection laws and customer satisfaction ratings. Illustrated.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hik-

ing trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Everything consumers need to know about cars.

Provides information about secret warranties and confidential service bulletins related to a wide variety of cars and minivans, covering model years from 1980 to 1997, and includes ratings for used vehicles, and tips on how to get satisfaction from dealers and automakers.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.
