Remnants of last night's frost linger on the ground, rooftops steam, and each crisp breath of air brings a positive energy for the day ahead. I am attending the Suzuki Cycle Fest at Copper Mountain, Colorado, and waiting for me, a shiny new Suzuki C50 Boulevard is full of gas and ready to ride. All I have to do is decide where to take it.

mdram wrote:Suzuki recommends that the valves be checked every 7500 miles, and adjusted if needed. unlike car engines there are no hydraulic lifters. On the VL800 (C50/Volusia) Several bike do have hydraulic valve adjustments.

SOLVED: How do you adjust the valves on a 2007 C50 - Fixya

valve adjustment on a C50 Post by lone-wolf_mtl » November 13th, 2008, 5:30 am I have checked the procedure on the velusia, but somehow, it seems that the procedure on the boulevard c 50 is slightly diffÃ©rent.

I recently purchased a Suzuki M50 and the valves seem noisy to me. I had the place I bought it from and another place listen both said it was normal. Anybody else have the same noise from the bike's engine? The noise is a clattering type noise more noticeable at higher rpms. My bike is a 2006. Any help would be appreciated. Thank you.

2005 Suzuki Boulevard C50 valve adjustment. Hi, Anonymous for this scenario you will need your service manual that has all fastener torque specs and a wiring diagram on the back pages, parts fiche, and owners manual if you can't find the best tool you ever bought for your Suzuki, despair not, for a mere zero \$0 you can download another one. ...

Hi All ! I have 15000 miles on my 2006 injected C50. I have not had my valves adjusted yet. At my 600 mile service the dealer

said they never adjust them before 10000 miles and depending on the bike they may never need to be adjusted.

SOLVED: 2005 Suzuki Boulevard C50 valve adjustment - Fixya

Hi, I Just bought an 07 C50 and would like to adjust the valves. Where can I find the procedure? So I am told, a special tool is needed to adjust the valve lash, can the valve lash be adjusted without the special tool?? if not where can I get the tool ? they are out of stock at the dealer Thanks Don

SOLVED: Suzuki valve adjustment - Fixya

SOURCE: I have a 2005 c50 suzuki it has a lot of valve or timing chain no When correctly set, the valves can be quite loud on start-up on these bikes, sometimes described as the "angry sewing machine". I would prefer that they be to the "loud" side than too quiet, as a tight exhaust valve can cause it to be burned from prolonged contact with the seat.

This is how I adjusted the valve clearances on my 2009 Suzuki Boulevard C50. Warning do not attempt this procedure unless you are mechanically minded!. Valve clearance (when dead cold) Intake Valve: 0.08 - 0.13 mm (0.003 - 0.005 in) Exhaust Valve: 0.17 - 0.22 mm (0.007 - 0.009 in) Both intake and exhaust valves must be checked and adjusted when the piston is at Top Dead Center (TDC) of ...
