MANY BESIDES MYSELF will have heard with great satisfaction that it is in contemplation to prepare a complete and careful English translation of the works of St. Francis de Sales. The position of St. Francis, as a teacher of the Universal Church, has long been assured. But the recent Pontifical decree, which has enrolled him among those who are formally called Doctors of the Church, has directed the attention of all devout Christians to a more exhaustive examination of all that he has written. Those who use the English tongue may well desire to have an adequate English edition of a Saint who is one of the great devotional teachers of the Church during the time which has elapsed since the Council of Trent. Courage is something that comes from your heart. But if you can't find it there, you can wear it on your head at first. Mae is a girl. Bear is a bear. But over the course of one life-changing, slightly nerve-racking train ride, they find out that this might be the only thing they don't have in common. Kate Hoefler's signature lyricism and Jessixa Bagley's sweetly wry art combine for a gently whimsical, people (and bear) pleaser of a story about the fear of being different, the ways we overcome this fear, and the fact that often what's different is a lot more familiar than we might think. With courage, determination, and a dash of friendship, Mae and Bear discover all the humor, warmth, and beauty found in togetherness and in the unknown.

Twelfth-century French poet Chrétien de Troyes was one of the most influential figures in Western literature, for his romantic poems on the legend of King Arthur gave rise to a tradition of storytelling that continues to this day. This important and fascinating book is a study of all of Chrétien's work. Joseph J. Duggan begins with an introduction that sets Chrétien within the social and intellectual currents of his time. He then organizes the book in chapters that focus on major issues in Chrétien's romances rather than on individual works, topics that range from the importance of kinship and genealogy to standards of secular moral responsibility and from Chrétien's art of narration to his representation of knighthood. Duggan offers new perspectives on many of these themes: in a chapter on the influence of Celtic mythology, for example, he gives special attention to the ways Chrétien integrated portrayals of motivation with mythic themes and characters, and in discussing the Grail romance, he explores the parallels between Perceval's and Gauvain's adventures.

Continuing the series *The Best Native American Myths, Legends, and Folklore, Volume 3* offers an enjoyable look into the history of the Native American Indian. Before the time of books, computers, tablets and recording devices, the history of many cultures was passed down, from person to person, by word of mouth. The rich histories of so many people were told in songs, chants, poems and stories. This was and still is the way of Native American tribes. Each in its own way enriching their stories with their own experiences. By reliving these stories and songs, we have the opportunity to bring life back to the ancient spirits that created them. We have a chance to walk with the spirits of the past. Being there were so many different tribes with countless beliefs and customs, the only way to understand their ways is through understanding their stories. In this book I have endeavored to show a wide landscape of different tribes and hopefully present a true look at their beliefs. Among the stories included in this collection are: *The Alligator and The Hunter, Mistakes of Old Man, The Badger and the Bear, The Bird Tribes, The Spider Woman and the Twins, The Woman and Her Bear, Creation Story, Yaponcha - The Wind God, How Fire Came To the Six Nations, The Origin of the Prairie Rose, The Bird Whose Wings Made the Wind, A Widow's Revenge, The Story of a Poor Man, Heavy Collar and the Ghost Woman, Bluejay Finds a Wife, The Medicine Grizzly Bear, A Little Brave and the Medicine Woman, The Man Who Was Afraid of Nothing, The Simpleton's Wisdom, Crossing the Red Sea, Wakiash and the First Totem Pole, and many more.*

Native Americans use storytelling to get to know one another, as well as, passing history and messages on to newer generations. These stories are a heritage, but they will be known only as long as they are told. When someone ceases to tell a story, part of our cultural knowledge is gone. The stories of Native American Indians have always possessed some greater meaning. They are often based in nature or about animals. And even though the tribes may vary in location or beliefs, deep within you will find a common thread. Respect for nature can be heard in stories from tribes from Canada to Florida. The stories included in this book show Native American storytelling at its best. Among the stories included in this fourth volume *Of the Native American Story Book* are: *The Woman and her Bear, The Story of Winter Snow, The Warrior of High Cliff, The Sacred Pipe of the T'salagi, The Origin of Fire and the Canoe, The Long Journey, A New Bow for Tani, The Trickster's Great Fall and His Revenge, Grandfather Thunder, The Origin of the Doll Being and many, many more.*
