He was a brilliant teller of tales, one of the most widely read authors of the twentieth century, and at one time the most famous writer in the world, yet W. Somerset Maugham's own true story has never been fully told. At last, the truth is revealed in a landmark biography by the award-winning writer Selina Hastings. Granted unprecedented access to Maugham's personal correspondence and to newly uncovered interviews with his only child, Hastings portrays the secret loves, betrayals, integrity, and passion that inspired Maugham to create such classics as *The Razor's Edge* and *Of Human Bondage*. Portrayed in full for the first time is Maugham's disastrous marriage to Syrie Wellcome, a manipulative society woman who trapped Maugham with a pregnancy and an attempted suicide. Hastings also explores Maugham's many affairs with men, including his great love, Gerald Haxton, an alcoholic charmer. Maugham's work in secret intelligence during two world wars is described in fascinating detail—experiences that provided the inspiration for the groundbreaking *Ashenden* stories. From the West End to Broadway, from China to the South Pacific, Maugham's remarkably productive life is thrillingly recounted as Hastings uncovers the real stories behind such classics as *Rain*, *The Painted Veil*, *Cakes & Ale*, and other well-known tales.

The present volume, translated from the monumental Russian biography by the composer's brother, is the result of a careful selection of material. The leading idea which the editor has kept in view has been to preserve as far as possible the autobiographical character of the book, preferring to let Tchaikovsky himself tell the story of his life. This title is cited and recommended by Books for College Libraries. The editor and translator, Rosa Newmarch, was a well-known of English music writer and annotator, and a President of the Royal College of Music. She is also the author of *Tchaikovsky: His Life and Works*.

Tulisa Contostavlos has one of the most fascinating and shocking life-stories in showbusiness. Her childhood included harrowing episodes of self-harm, bullying, witchcraft, drug abuse and suicide attempts. Then there has been the ever-present challenge of her mother's mental disorder which Tulisa - as the only child in a single-parent family - had to face alone. How did she rise from such a troubled and dangerous childhood to become first an edgy urban artist and then the much-loved people's princess of Saturday night television? This book, written by leading celebrity biographer Chas Newkey-Burden, tells her eventful and inspirational story for the first time. It uncovers the rich showbusiness heritage of her ancestors and then follows her through her childhood, unflinchingly examining the horrors she faced. It then traces how music became her salvation, thanks to the loving mentorship of Uncle B - the man who formed N-Dubz. The book then follows this never satisfied, always ambitious young woman as she moved into the mainstream and became the nation's sweetheart on *The X Factor*. The reader is taken behind the scenes to discover the reality of her successful first series on the show, as she guided *Little Mix* to victory. With a fine cast of supporting characters including Dappy, Fazer, Gary Barlow and Simon Cowell, this is a colourful, entertaining, insightful and shocking portrait of one of Britain's most popular female celebrities.

This book will let you into the heart and soul of Paul Lynde. Best remembered for outrageous jokes on *The Hollywood Squares*, as Uncle Arthur from *Bewitched*, and as the frantic father in *Bye Bye Birdie*, Paul was never satisfied with his career - or his personal life. But even as he suffered through some of the cruelest of times, Paul continued to make us forget our troubles, and was forever gracious to his fans. This is the book those fans have been waiting for. Though he was one of the most original, hilarious, and private actor-comedians of all time, author Cathy Rudolph, his trusted friend, reveals her adventures with Paul - along with his turbulent life story. Here for the first time are interviews with his relatives, personal notes, and never-before-published photos. Also included are memories from his friends and peers including Cloris Leachman, Chita Rivera, Florence Henderson, Kaye Ballard, Peter Marshall, Les Roberts, Betty White, and many more.

The works of Fyodor Dostoyevsky are collected in this huge anthology of novels, stories, and novella's. Winner of the Ksaver Šandor Gjalski Prize These are the first two volumes of the Croatian poet and novelist Irena Vrkljan's lyrical autobiography. Although each novel illuminates the other, they also stand alone as original and independent works of art. In *The Silk*, the Shears, Vrkljan traces the symbolic and moral significance of her life, and her vision of the fate of women in her mother's time and in her own. Marina continues the intense analysis of the poetic self, using the life of Marina Tsvetaeva to meditate on the processes behind biography.

William Hutchison Murray (1913 - 1996) was one of Scotland's most distinguished climbers in the years before and after the Second World War. As a prisoner of war in Italy he wrote his first classic book, *Mountaineering in Scotland*, on rough toilet paper which was confiscated and destroyed by the Gestapo. The rewritten version was published in 1947 and followed by the, now, equally famous, *Undiscovered Scotland*. In 1951 he was depute leader to Eric Shipton on the Everest Reconnaissance Expedition, which discovered the eventual successful route which would be climbed by Hilary and Tensing. From the 1960s onwards he was heavily involved in conservation campaigns and his book, *Highland Landscape*, commissioned by the National Trust for Scotland, identified areas of outstanding beauty that should be protected. It proved to be extremely influential. In 1966 he was awarded an OBE as he pursued a life of service, as is well illustrated by the various posts he held: Commissioner for the Countryside Commission for Scotland (1968-1980); President of the Scottish Mountaineering Club (1962-1964) and of the Ramblers Association Scotland (1966-82); Chairman of Scottish Countryside Activities Council (1967-82); Vice-President of the Alpine Club (1971-72); President of Mountaineering Council of Scotland (1972-75). He was a prolific author but a proper understanding of his life and work requires that we appreciate that his driving force was a quest to achieve inner purification that would lead him to oneness with Truth and Beauty. For many years the climber, author and teacher, Robin Lloyd-Jones (above) has been researching the life and work of Bill Murray and working steadily on this biography. It is not only a triumph of fine writing and interest, but a worthy accolade for this great man.

About the Book Every success story has its price to pay. So did Shatrughan Sinha (SS) who achieved the impossible twice over. The youngest and the most pampered in a family of academics and doctors where four sons were named after the four brothers of the Ramayan, SS stood out defiantly different. He was born for applause and the limelight; he was besotted with Raj Kapoor and cinema. In the face of stiff opposition from disciplinarian father Bhuvaneshwar Prasad Sinha, mother Shyama Devi's chhutki bauwa (little darling) set out for the Film Institute of India (now FTII) in Poona. Bombay was the next logical destination. Without Kapoorian good looks or any connection with the Hindi film industry, the unknown scarface from Patna went on to create history on celluloid. In politics too, with no known surname or family to power his entry, he set a record as the first film star from India to be sworn-in as a Cabinet Minister. The photograph from the air of the University of Montreal, built (1928-1945) on Mount-Royal by Quebec-born Architect/Engineer Ernest Cormier, (1885- 1980), trained in Paris. That whole period was very important for developing the Province of Quebec. The building was built on the north-side of the Mountain with the enormous old cemetery easily visible and the St. Lawrence river just visible on the other side. Today, such a photograph would no longer be so striking, the whole area has many more impressive buildings and enormous trees cover the area. We lived a ten minute walk away from the bottom left-hand corner of the picture in Outremont, the francophone counterpart of Anglophone Westmount two miles of so to the west. The head office of Family Medicine was situated close to and just to the west of the big tower. It is from there that the Bethune/Chinese connection was established. I was at the UofM from 1975-1995. It was by far the most productive period of our professional lives.

Synchronicity! "You leave on a Journey to write a book and you end up living the answer to the question you thought you were asking." How do you go about documenting YOUR "Journey of Discovery"? Paul Fiset left on an eight month tour around Canada and the United States living in his RV and came home with the answer to that age-old question, "What is the meaning of life?" But he didn't "just" find an answer; he actually "lived" the answer! His story, documented here, is three parts travelogue, two parts autobiography, one part storytelling, and one part theorizing. This recipe for arriving at an answer that has baffled the minds of many great thinkers from Plato to Einstein leaves us with a question that we must all be wondering. Can it be true? The only way to decide is to read this informative, witty, inquiring, emotionally charged, and inspirational story!

It's hard for Americans to take seriously a biography of someone known as the first Baron Howard of Penrith, but such is the nature of British foreign policy between 1900 and 1930, a critical period in the decline of empire. This personal and diplomatic history follows Howard through his posts in Crete, Budapest, Berne, Paris, Madrid and Washington. But the real interest lies in the insights into the man and his class. A NEW YORK TIMES BESTSELLER John McEnroe's long-awaited follow-up to his #1 bestseller He is one of the most controversial and beloved athletes in history, a tennis legend and a volcanic, mesmerizing presence. But after reaching the top of his game - what came next? Fifteen years after his international number-one bestseller *You Cannot Be Serious*, John McEnroe is back and ready to talk. Now the undisputed elder statesman of tennis, McEnroe has won over his critics as a brilliant commentator at the US Open, Wimbledon, and other Grand Slam tournaments - with outspoken views on the modern game, its top players, and the world of 21st century sport and celebrity. Who are the game's winners and losers? What's it like playing guitar onstage with the Rolling Stones, hitting balls with today's greats, confronting his former on-court nemeses, getting scammed by an international art deal-

er, and raising a big family while balancing McEnroe-sized expectations? In *But Seriously*, John McEnroe confronts his demons and reveals his struggle to reinvent himself from champion and tennis legend to father, broadcaster, and author. The result is a richly personal account, blending anecdote and reflection with razor sharp and brutally honest opinions, all in McEnroe's signature style. This is the sports book of the year: wildly entertaining, very funny, surprisingly touching, and 100% McEnroe.

John McEnroe enjoyed tremendous success at all levels of tennis, and he owns 77 career singles titles, including 7 Grand Slams. He joined the circuit in 1978 and it took him only three years to attain the No. 1 ranking. The 1980 Wimbledon final, between McEnroe and Bjorn Borg, is considered by many tennis experts to be the best match ever, a five-set thriller which McEnroe avenged the following year for his first Wimbledon title. In doubles, McEnroe is recognised as the best player of all time. He was ranked No. 1 for a record 257 weeks and captured a total of 74 titles, including 8 Grand Slams. Still an active player, McEnroe is now an outstanding tennis commentator and broadcaster for the BBC and other national networks. This autobiography, his first, covers an awesome tennis career, marriage to movie star Tatum O'Neal and where arguably the greatest tennis player of all time goes from here. This is SERIOUS.

John C. Kendrew (1917-1997) was a pioneer in structural biology and a catalyst for the emergence of molecular biology in the second half of the twentieth century. He was the first person to determine the three-dimensional structure of a protein at atomic resolution and, for this, was awarded the Nobel Prize in Chemistry in 1962. Kendrew ultimately became an international organizer, administrator, and advocate for science, and his expansive legacy lives on today. In this book, Paul M. Wassarman, a postdoctoral fellow with Kendrew in the late 1960s, delves into Kendrew's personal and scientific life to uncover the background, traits, and experiences of the man responsible for so many achievements within science and beyond. Wassarman shares previously unpublished stories of Kendrew, including his vital role in the rise of molecular biology at three world-famous scientific institutions: the Cavendish Laboratory, Laboratory of Molecular Biology, and European Laboratory of Molecular Biology. Kendrew was an unwavering advocate for British and European science and one of the most gifted, influential, and accomplished figures in twentieth century science. *A Place in History* is a groundbreaking account of Kendrew's life that is perfect for anyone interested in learning about the person behind the many achievements.

In "Dead Politician Society," the mayor falls down dead in the middle of a speech, and a university secret society promptly claims credit for the murder. Clare Vengel is given her first undercover assignment: to pose as a student and penetrate the society. She's a mechanic in her spare time, and thinks book smarts are for people who can't handle the real world. Instead of infiltrating the club, she alienates a popular professor, and quickly loses the respect of police superiors. When two more politicians die, Clare knows that the murderer she has to unmask is someone she has come to consider a friend. She only hopes that the friend doesn't unmask her first. In the second book, "Death Plays Poker," world class poker players are being strangled in their hotel rooms, and Clare is given her second big assignment: to pose as a poker player in a major televised tournament, befriend the suspects, and find the killer in their midst. As more victims lose their lives to the cunning Poker Choker, and her cover role's legitimacy comes under attack from two directions, Clare wonders if her handlers are right: Should she pack it in and go home to a dull life as a beat cop? Or will she find the killer, prove her worth?

woman.

Neymar Jr. rejected, at the age of 13, a millionaire offer to leave Brazil that many would consider too good to refuse. When he chose to stay, his talent and simplicity assured him the respect of fans of all teams and the idolatry of Santos' fans. Irreverent and unique, today the player accumulates achievements and fans in all four corners of the world. And, like few athletes of his generation, managed to bring the excitement back to the football fields and brought up the true meaning of the word 'family' - and also the word 'FATHER'! In this illustrated book, father and son retell the trajectory of Juninho. From a tragic accident at four months of age, through his difficult childhood, the rapid progress through the youth ranks of Santos, his father's overprotection, the backstage of the world of football, the second refusal of an offer from an European Club in 2010, the excitement of his titles and awards, and his relationship with his son, Davi Lucca. The book also contains previously unpublished revelations about the player's transfer to Barcelona and his plans for the future. A truly indispensable read!

Family constellations work has broadened and developed in many different fields as a method of counseling and therapy. In addition to constellations in organizations and schools, applying this approach to working with illness and disease has expanded the potential for healing effects in the field of medicine as well. A view of transgenerational entanglements and family dynamics casts a new light on health and disease, and the insights gained from constellations with illness and health problems have led to a more holistic view of those who are ill. In *Even if it Costs me my Life*, Stephan Hausner aims to provide a picture of the healing potential of systemic constellations, entering into the reciprocal effects of family dynamics and illness. Extensive use of case studies demonstrates this technique in action, revealing how existing illnesses and pathologies are rooted within the family dynamic, and setting up healing postures to facilitate growth, development, and direction.
