Takaful has been developing steadily since the first Shariah-compliant insurer was founded in 1979, based on a Shariah-compliant cooperative model resembling mutual insurance. This is based on a group of participants donating funds into a pool that members can then use in the event of specified unfavorable contingencies.

Discusses investments in takaful, starting with the types of investments needed, the types of products sold, and the models used. Simply limiting takaful products to appropriate sharia-compliant assets will not fulfill all Muslim insurance needs, and following proper risk management processes requires risk-

based capital guidelines, through which regulators can act.
