## 602LLD - COLE ELSA

The intercultural approach to language teaching, intercultural communicative language teaching, has emerged in response to the limitations of communicative language teaching. As a result, the ultimate goal of foreign language (FL) education is being shifted from communicative competence to intercultural communicative competence (ICC). In China, this calls for an understanding of the status quo ...

Developing and assessing intercultural communicative competence A guide for language teachers and teacher educators Edited by Ildikó Lázár, Martina Huber-Kriegler, Denise Lussier, Gabriela S. Matei and Christiane Peck Many language teachers, teacher educators and second language acquisition researchers have Intercultural communicative competence, or ICC, refers to the ability to understand cultures, including your own, and use this understanding to communicate with people from other cultures successfully.

also theorized multidimensional models of intercultural competence. In Teaching and assessing intercultural communicative competence , Byram (1997) proposed a five-factor model of intercultural competence comprising the following: 1. The attitude factor refers to the ability to relativize one's self and value others, and
