Linguists have actually determined that there are five different levels of formality in every language (see the examples for English, shown below). With the first language learned, register eventually becomes intuitive, while formality in a second language requires more thought.

How Did That Register? Five Levels of Formality in ...

The level of formality you write with should be determined by the expectations of your audience and your purpose. For example, if you are writing a cover letter for a job application or a college academic essay, you would write in a formal style. If you are writing a letter to a friend, writing something personal, or even writing something for ...

Levels of Formality // Purdue Writing Lab
The level of formality required for specific events in today's business world is often difficult to judge before you actually enter into the lion's den. What I often tell our clients is to use a layered approach to dressing for an occasion. Start with the most formal outfit you believe is appropriate for the event.

The 5 Levels Of Formality
- 383 Photos - Business
Consultant
Martin Joos (1907-78), an
American linguist,
identified five degrees of
formality in language:
intimate, casual,
consultative, formal, and
frozen. These are
sometimes referred to as
registers. Compare
elaborated code;
restricted code. 2.

often operates at a semi-
formal level. The
language is friendly and
welcoming, but with some

formal expressions.

However, when dealing
with people outside the
company and people that
the writer has never met,
formal English is used.
Formal emails are also
used in business
transactions:

Formality in writing refers
to how well you follow
standard English
conventions, how often
you use slang or idioms,
how objective you are
about your topic, and how
familiar or intimate you
assume you are with
readers. Generally, writing
falls into the following
four levels of formality. 1.
