What can an ancient text do to help your digital marketing? Sun Tzu's The Art of War is a widely studied piece of literature, so communicating its principles from reading it feels a little like learning to drive a car by watching a movie with a car chase in it.. What I'd immediately remembered (from reading it 9-10 years ago) was that the book itself is short and powerful.

Many will be familiar with the centralised model of digital marketing, where digital production, social media, emails, online adver-

tising and so on, are centrally managed, usually by the marketing department. When digital was in its infancy it made sense that a few, technically-minded specialists managed what few digital tools were available.

The Art of Digital Marketing is the comprehensive guide to cracking the digital marketing 'code,' and reaching, engaging, and serving the empowered consumer. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards.
