It will not believe many period as we notify before. You can pull off it though perform something else at house and even in your workplace. in view of that easy! So, are you question? Just exercise just what we meet the expense of below as competently as review **The Cold War Heats Up Chapter 18 Section 2 Worksheet Answer Key** what you in the same way as to read!

H1X3IC - JOYCE NYASIA

Graham Greene's *The Third Man* meets Paul Auster as the Cold War heats up amidst the ruins of occupied Berlin.

Washington D.C., 1953. The Cold War is heating up: McCarthyism, with all its fear and demagoguery, is raging in the nation's capital, and Joseph Stalin's death has left a dangerous power vacuum in the Soviet Union. The CIA, meanwhile, is reeling from a double agent within their midst. Someone is selling secrets to the Soviets, compromising missions around the globe. Undercover agents have been assassinated, and anti-Communist plots are being cut short in ruthlessly efficient fashion. The CIA director knows any news of the traitor, whose code name is Protocol, would be a national embarrassment and compromise the entire agency. George Mueller seems to be the perfect man to help find the mole: Yale-educated; extensive experience running missions in Eastern Europe; an operative so dedicated to his job that it left his marriage in tatters. The Director trusts him but Mueller has secrets of his own and as he digs deeper, making contact with a Soviet agent, suspicion begins to fall on him as well. Until Protocol is found, no one can be trusted and everyone is at risk . . .

This study reconstructs for the first time Marguerite of Navarre's leadership of a broad circle of nobles, prelates, humanist authors, and commoners, who sought to advance the reform of the French church along evangelical (Protestant) lines. Hitherto misunderstood in scholarship, they are revealed to have pursued, despite persecution, a consistent reform program from the Meaux experiment to the end of Francis I's reign through a variety of means: fostering local church reform, publishing a large corpus of religious literature, high-profile public preaching, and attempting to shape the direction of royal policy. Their distinctive doctrines, relations with major reform-

ers including their erstwhile colleague Calvin involvement in major Reformation events, and the impact of their unsuccessful attempt are all explored.

The feel-good victory in World War II does not solve everything. The postwar world is a confusing and messy place. American leaders focus on fixing Europe--but then Asia explodes into war between Communist armies and democratic armies! First the fighting is in the 1950s on the Korean peninsula, dangerously close to Japan. Then the fighting moves to Southeast Asia and a new generation of soldiers in the 1960s. In democracy, citizens are asked to decide big national questions. This Choice Comic asks: if you were a citizen of the United States during these Cold War fights, which way would you choose to go? There are no easy answers when you are living the history in real time.

In the early 1980s, as the Cold War stubbornly refuses to thaw, a new battle heats up...for the soul of the intelligence agency Checkmate. As the agency's super-heroic public face, Jackson King-a.k.a. the armored Battalion, former leader of Stormwatch and the symbol of American might-has long suspected that Adeline Kane is up to dirty tricks overseas, engineering horrors that betray everything he believes about service to one's country. But King doesn't know that Kane has a clever new ally-an ambitious young woman named Amanda Waller. She has her own ideas about how metahumans can serve their country. And honor, dignity, and long lives don't factor into them... National-security reporter Spencer Ackerman (the Daily Beast, *Reign of Terror*), comics and video game writer Evan Narcisse (*Spider-Man: Miles Morales*, *Gotham Knights*), and veteran artist Eric Battle (*Aquaman*, *Kobalt*) celebrate WildStorm's legacy of espionage-flavored superhero morality plays, pitting Stormwatch against the deadliest people in the DCU-including Deathstroke

himself!

Describes the potential dangers of the Cold War and explains how the U.S. and the Soviet Union negotiated peace through arms reduction.

In early 1960, as the Cold War heats up, the space race is on. With the future of space travel-and of the world-hanging in the balance, Paul Chavasse enters Tibet on a mission to rescue scientist Dr Karl Hoffner. He holds the key to victory to the moon.

The Cold War shaped the world we live in today - its politics, economics, and military affairs. This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today, including the War on Terror. It focuses on how the Third World policies of the two twentieth-century superpowers - the United States and the Soviet Union - gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other. Ranging from China to Indonesia, Iran, Ethiopia, Angola, Cuba, and Nicaragua, it provides a truly global perspective on the Cold War. And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions, the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing.

On this episode of Project Alpha: We meet three of our intrepid heroes in a slump of boring idleness. While one finds his job meaningless, his comrades are either thankful for the reprieve or have found their own forms of entertainment. Little do they suspect that danger lurks just beyond subspace! What will befall our heroes as the generations old cold war heats up again?!

In 1983 seventh-grader David Da-Wei Horowitz has a lot to worry about--his bar mitzvah is coming soon, his Jewish and Chi-

nese grandmothers argue about everything, his teammates for the upcoming trivia contest, Scott and Hector, do not like each other, he is beginning to notice girls, and Scott has persuaded him to begin digging a fallout shelter just in case the Cold War heats up.

Gabe and Jordan find themselves in grave circumstances, while Tanya barges in where she isn't wanted. The Cold War heats up in the latest installment of *The Witch Who Came in from the Cold*, the dazzling new episodic serial combining magic and espionage. As Gabe recalls the terrifying circumstances of the botched operation in Cairo, he and Jordan seek answers in Prague's ancient Jewish Cemetery. Tanya, disturbed by Gabe's accusations about Ice, looks for answers of her own...and finds more than she bargained for. Meanwhile Sasha makes an unexpected move in his real-life game of chess. This episode is brought to you by Ian Tregillis, who reminds you to be careful Praise for *The Witch Who Came in from the Cold*: "Those who like to mix magic, spycraft, and secret history should enjoy this—it may please fans of Stross's Laundry series." —Locus Magazine "Full of fast-paced, high-intensity action paired with magic at a level that has not been seen until now, with a cliff-hanger that lets readers know that the game is not over and has only just begun." —The San Francisco Book Review "The Witch Who Came in from the Cold is a chilly evocation of a different kind of Cold War." —Charles Stross, author of the Laundry Files series "Take a double shot of Le Carré, a dash of Deighton, a twist of Quiller, a splash of Al Stewart's *The Year of the Cat*, throw in a jigger full of elemental magic, mix well ... and voilà! *The Witch Who Came In From The Cold*." —Victor Milán, author of *The Dinosaur Lords* "The occult love child of John le Carré and *The Sandbaggers*." —Marie Brennan, author of *A Natural History of Dragons* "As soon as I saw that, I was instantly hooked, and the pilot jacked the intrigue to the max. Two female Soviet spy witches, an American spy with something weird drilling magical holes in his head, and a world of secrets within secrets in a locale where old-world myth and the Cold War face off, pedal to the metal . . . it's awesome. Or as we said in 1970, Far out." —Sherwood Smith, author of *Crown Duel* "The installments are easy to read one at a time, but the tangles of alliances, secrets, and shocking double-crosses will have readers up all night mumbling, "Just one more." —Publishers Weekly, starred review where you stick your nose (and your shovel).

It is early 1950, the midpoint of the Twenti-

eth Century. Joe McCarthy is cranking up his demagoguery and Joseph Stalin had intensified the cold war. In Washington, J. Edgar Hoover's FBI is fighting a turf war with the newly founded Central Intelligence Agency. Harry Truman is in the White House, trying to keep a lid on domestic and foreign politics, but the crises never stop. It should be a time of peace and prosperity in America, but it is anything but. FBI agent Thomas Buchanan is assigned to investigate the father of a former fiancée, Ann Garrett, who dumped Buchanan while he was away to World War Two. And suddenly Buchanan finds himself on a worldwide search for both an active Soviet spy and the only woman he ever loved. In the process, he crosses paths with Hoover, Truman, Soviet moles and assassins, an opium kingpin from China, and a brigade of lowlife from the American film community. Truman's *Spy* is a classic cold war story of espionage and betrayal, love and regret, patriots and traitors. This is the revised and updated 2013 edition of Noel Hynd's follow-up to *Flowers From Berlin*. The story is big, a sprawling intricate tale of espionage, from post-war Rome and Moscow to New York, Philadelphia and Hollywood, filled with the characters, mores and attitudes of the day. And at its heart: the most crucial military secret of the decade. "Noel Hynd knows the ins and outs of Washington's agencies, public and private." - Publishers Weekly "A notch above the Ludums and Clancys of the world....." - Booklist "The novels of Noel Hynd stand out!" - Martin Levin, NY Times

England, 1962. Linda Polanski knew her next mission could be her last. The KGB spy must rely on every ounce of her training to scope out enemy nuclear missiles. As the Cold War heats up, gathering intel is getting more dangerous and her bosses at the Kremlin are getting impatient...

This book is a social history of musical life in Berlin; it investigates the tangled relationship between music and politics in 20th-century Germany, emphasizing the division of Berlin's musical community between east and west in the early Cold War era.

THE ENDURING VISION's engaging narrative integrates political, social, and cultural history within a chronological framework. Known for its focus on the environment and the land, Boyer, et al's text is also praised for its innovative coverage of cultural history, public health and medicine, and the American West -- including Native American history. The ninth edition maintains these strengths while enhancing coverage of women's history and incorporating new scholarship. A thoroughly rede-

signed last chapter discusses topics such as income inequality and mass incarceration, while bringing the discussion up to date with coverage of the 2016 presidential campaign. The ninth edition also incorporates new features that support learning. Each section begins with a historical question; new conclusions include summaries organized around each of the chapter questions. Available in the following split options: THE ENDURING VISION, 9th Edition Complete, Volume 1: To 1877, and Volume 2: Since 1865. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Berlin, 1946. During one of the coldest winters on record, Pavel Richter, a decommissioned GI, finds himself at odds with a rogue British Army colonel and a Soviet General when a friend deposits the frozen body of a dead Russian spy in his apartment. So begins the race to take possession of the spy's secret, a race which threatens Pavel's friendship with a street orphan named Anders and his budding love for Sonia, his enigmatic upstairs neighbour. As the action hurtles towards catastrophe, the hunt merges with one for the truth about the novel's protagonist: who exactly is Pavel Richter?

She has her life planned out. He lets the wind guide his sails. As the Cold War heats up, can they keep love alive on either side of the iron curtain? Finland, 1980. Kaisa has never been a risk taker. After graduation, she plans to marry the dependable older man who paid for her classes and kept a roof over her head. But when she accepts an invitation to a party at the British Embassy, a handsome naval officer makes her want to throw caution to the wind. She surprises herself when they share a passionate kiss under the stars and promise to see each other again. But how could she possibly give up her surething relationship for a man she barely knows? When Peter Williams pictured his future, he saw a rising in the ranks and an endless trip around the world. Though when he meets the strong-willed Kaisa in Helsinki, his passion for the sea takes a serious turn. Not even the excitement of hunting down Russian submarines can compare to the thrill of his lips on hers. But despite his growing feelings, his commanding officers won't tolerate him pursuing a woman from a Soviet-friendly nation. Both torn between impossible choices, Kaisa and Peter must search their souls for the right answer. With the Cold War heating up between them, can two star-crossed lovers find their courage or will their relationship sink on the high seas?

The English Heart is a breathtaking contemporary women's fiction novel with an undercurrent of romance. If you like vivid historical details, star-crossed chemistry, and complex characters, then you'll love Helena Halme's Cold War love story. Buy The English Heart to experience an epic tale of courage and love today!

Imagine slowly opening your eyes, feeling confused, and not knowing who you are, where you are, or how you got there. As your consciousness takes over, you suddenly realize that you are in a bed, covered in bandages, and in agonizing pain. Slowly, you figure out that you are in a hospital of some sort, but you cannot remember anything else. That is what happened to Lon Lindsey after a horrific Japanese banzai attack during World War II. After sustaining near life-ending injuries and severe traumatic stress, Lon embarks on a lifelong struggle to recover his psychological equilibrium, while continuing to serve his community and country. Lon's story begins during the Great Depression on the wind-swept high Wyoming plains, outside Laramie, on a cattle ranch originally homesteaded by his grandfather. Following a childhood of heartbreak and betrayal, Lon joins the Marines in 1943 and fights in the Pacific Theater, where he sustains injuries that require thirteen months of hospitalization. When the war ends, Lon accompanies his mother and his diplomat step-father to the Balkans and serves witness to the Communist takeover of Yugoslavia and Romania. Back in the States, Lon finds fulfillment as a civil servant in Los Alamos, New Mexico, famous for the development of the atomic bomb. As the Cold War heats up, the unique closed community evolves from a semi-military, government town to a more normal city, albeit one where the nation's most powerful atomic weapons are developed. It is there that Lon finally finds hope and healing.

Peter Baron: Special Agent - the lead hero of Intrigue magazine in three adventures, from the height of the 1960s James Bond craze. The Cold War heats up as Peter Baron targets I.C.E., a rogue organization attempting to steer the world machine. I.C.E., International Combine of Entrepreneurs (commonly called International Combine for Evil), was a recent outgrowth of the Cold War. They profited monetarily from friction between East and West, recruiting agents from among the castaways of professional spies. Some were dismissed from one country or another for double-dealing, selling secrets, or for arcane diplomatic reasons. Against this international menace, Special agent Peter Baron embarks upon a trio of dangerous assignments: To retrieve 'Deep Sleep,

' a biological agent; to guard agent 'Red Fox' from the Russians; and to locate a spy satellite under the shadow of Kilauea volcano.

The extraordinary story of scientists in East and West combatting HIV A small group of scientists were doggedly working in the field of antiviral treatments when the AIDS epidemic struck. Faced with one of the grand challenges of modern biology of the twentieth century, scientists worked across the political divide of the Cold War to produce a new class of antivirals. Their molecules were developed by a Californian start-up together with teams of scientists at the Rega Institute of KU Leuven and the Institute of Organic Chemistry and Biochemistry (IOCB) of the Academy of Sciences in Prague. These molecules became the cornerstone of the blockbuster drugs now used to combat and prevent HIV. Cold War Triangle gives an insight into the human face of science as it recounts the extraordinary story of scientists in East and West who overcame ideological barriers and worked together for the benefit of humanity.

"Seeing Stars" part 1 of 2! The Cold War heats up with a space-race disaster, as an alien force attacks both countries' space programs!

An examination of how economic development and everyday life intersected with the temperature of Cold War geopolitics in Mao's China.

Promising a new era of peace the Archons share their gift of psychic power but then governments get involved and the cold war for global psychic dominion heats up. Football promoter Mickey Rossetti never knew who he was or what he really wanted. Until it was almost game over. Combining international espionage with international business and the action-packed arena of American football, Bob Robustelli's debut Cold War-era spy thriller TeamWork delivers a tough-skinned, highly suspenseful addition to the genre that is certain to enthrall anyone who is a fan of hard-boiled fiction, or a fan of the great American pastime of football. For hard-partying, directionless Mickey, growing up the third son of the famous Hall of Famer Benny Rossetti from the New York Giants often seemed as tough as the sport that defined his family's lives. An all-American kid on the outside, Mickey had long been on a straight shot to epic addiction that took a sharp, cocaine-fueled turn for the worse after his failed marriage. However, as he hobbles along at his family's business of promoting American football in Mexico, Europe, and the USSR, Mickey instead finds himself thrown into a game with perilously high in-

ternational stakes. In TeamWork, fates are conjoined through a decades-long relationship between two spooks of matched skills, and dramatically opposing loyalties. Through a slew of mishaps, Mickey finds himself on the brink of real trouble with the FBI. Enter Pete Martin, a crusty old codger of a CIA operative. When Mickey eventually lands in Moscow on business, Pete is there to keep him under tight reins. Suddenly, the top is blown off of a KGB plot to take over the USSR and likely decimate the world. With a coup to take over the Russian government, an NFL game in Moscow, missing nukes, and a renegade Russian agent, TeamWork reveals that, when it comes to one man, the game may just be far from over. Bringing together business, football, and spooks as the Cold War heats up, this fast-paced, edgy debut spy thriller offers play-by-play thrills, laughs, and game-changing redemption. "A non-stop thriller, a breathtaking adventure, daringly original with flawed real characters and real world danger that will draw you in and hold you until the final word. I couldn't turn the pages fast enough."—best-selling author Richard Doetsch

THE ENDURING VISION's engaging narrative integrates political, social, and cultural history within a chronological framework. Known for its focus on the environment and the land, the text is also praised for its innovative coverage of cultural history, public health and medicine, and the West - including Native American history. The ninth edition incorporates new scholarship throughout, includes a variety of new photos, and brings the discussion fully up to date with coverage of the 2016 presidential campaign. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Examining the role of transnational radio broadcasting in the 20th century, this study compares and contrasts the goals and objectives of six broadcast networks: the BBC, Radio Free Europe, Voice of America, Radio Marti, Radio Free Asia, and Vatican Radio. The work traces the evolution--technical and programmatic--at each institution through world events such as World War II, the Cold War, the Solidarity Movement, the democratization of the Eastern bloc, and Tiananmen Square. Utilizing a series of case studies provided by selected authorities, the study demonstrates the effect of radio upon differing societies. Also, it explores options for alternative programming for each network, emphasizing their relationships to the evolving international political and media community in the late 20th century. The work will be of

interest to scholars and students of mass media and international relations.

Why was the Vietnam War so contentious, and how did one of the world's superpowers fail to defeat a much less wealthy and populous opponent? Why was the Vietnam War of such global significance and how has it affected people on both sides of the conflict? This book seeks to relate the overall events and chronology of the war and show its impact on everyday lives.

Mountain Home Air Force Base began inauspiciously as a small effort to support and train B-24 combat aircrews for the rigors of World War II. Today it represents the only active-duty air force installation in the heart of Idaho. From its shadowy rebirth in the late 1940s to its buildup under Strategic Air Command, the base housed some of the cold war's most important assets in the battle against communism. Mountain Home's most recent and longest-serving tenant is the world-famous 366th Fighter Wing "Gunfighters." Under the stewardship of the Gunfighters, Mountain Home has been transformed from a remote, dusty World War II airstrip to one of the air force's premier training facilities, readying aircrews and their support agencies for the demands of modern warfare.

This edited volume examines the complexities of the Cold War in Southern Africa and uses a range of archives to develop a more detailed understanding of the impact of the Cold War environment upon the processes of political change. In the aftermath of European decolonization, the struggle between white minority governments and black liberation movements encouraged both sides to appeal for external support from the two superpower blocs. Cold War in Southern Africa highlights the importance of the global ideological environment on the perceptions and consequent behaviour of the white minority regimes, the Black Nationalist movements, and the newly independent African nationalist governments. Together, they underline the variety of archival sources on the history of Southern Africa in the Cold War and its growing importance in Cold War Studies. This volume brings together a series of essays by leading scholars based on a wide range of sources in the United States, Russia, Cuba, Britain, Zambia and South Africa. By focussing on a range of independent actors, these essays highlight the complexity of the conflict in Southern Africa: a battle of power blocs, of systems and ideas, which intersected with notions and practices of race and class. This book will appeal to students of cold war studies, US foreign policy, African politics and International History. Sue Onslow has taught at

the London School of Economics since 1994. She is currently a Cold War Studies Fellow in the Cold War Studies Centre/IDEAS

Mankind is about to rise as a boarder world in a galactic cold war between the Telshean Union and the Republic Combine. Since the nineteen forties Combine treaties have formed shadow governments that now reverse engineer, steal and kill for technology in the race to produce the first human advanced tech patent. Fighting to fulfill their treaty with a patent they aim for the rights to form Earth's first representative government. Our emerging hero's in the contractor guild are caught in a torrent of new alliances as Daniel Young; Earth's first contractor fulfills the American treaty. The shadow governments end their secret operations while the Republic Combine and surprisingly Telshean Union reveal themselves to Earth. Political dialog takes place as the cold war heats up before Daniel secures Combine support to defend mankind from the Telshean Symbiote protocol. Fulfilling the deal with his new technology he leads combine forces in the retaking of another's home world lost to the Telshar and leaves the Symbiote's undergoing reversion to find the war surrounds Earth. Earth's emerging Terran Council is born as Union and Combine forces are destroying each other in the system. Mankind's first leader Althea Jefferson is elected from the American organization and rises to be the first Terran Chancellor. As the council starts to function Althea must preserve the council so their treaties may preserve them from the war. As war engulfs Earth, hopes lay with a Telshean prophet and a former Telshean politician.

Modesto, California. April, 1952. Jim Andrews, ace fighter-pilot in World War II and Korea, visiting his friend's farm as part of his civilian job, is shocked when the sheriff tells him someone he knows has been murdered. Trouble is, he can't admit to anyone he knew the dead man without exposing his involvement. As he begins unraveling the mystery the next day, two high-heeled lightning-bolts walk into his office, complicating his life that much more. As the Cold War heats up, he learns his problems have only just begun, are far more entangled than he suspects, and that he has not left war behind him. Old attachments hinder his progress as he searches for the keys to this enigma, and others even more obscure. Death awaits a single misstep... This novel features characters from a previous work, *Parallel Lives*. While knowledge of these characters' stories would enhance the reader's enjoyment of this book, it isn't necessary. This is the first book in the series.

Reviewer comments from previous works: "Characters are well-developed, to include their loved ones..." "Crane will make your blood boil..." "[Vengeance] is worth your time. I look forward to discovering more of Mike Crane's writing."

This book examines Mexico's unique foreign relations with the US and Cuba during the Cold War.

The Cold War heats up at the South Pole, taking on a double meaning when Mack Bolan hunts for Soviet extremists in the hostile climate of Antarctica. Bolan has only 72 hours to get in and neutralize the doomsday threat to the United States before the mother of all arctic storms sets in. Original.

The dramatic account of 15 British soldiers abandoned in Bolshevik Russia during the Allied intervention in the Russian Civil War. In Churchill's *Abandoned Prisoners*, Rupert Wieloch details how the Bolshevik Revolution in 1917 affected the Allied war effort. The threat drove the formation of an Allied force, including British, American, French, Czech, Italian, Greek, and Japanese troops, stationed across Russia to support the anti-Bolsheviks (the "White Russians"). But war-weariness and equivocation led Allied powers to dispatch just enough troops to maintain a show of interest in Russia's fate, but not enough to give the "Whites" a real chance of victory. Among these troops is Emmerson MacMillan, an American engineer, who joins the British army in 1918. He becomes one of a select group of British soldiers ordered to "remain to the last" and organize the evacuation of refugees from Omsk in November 1919. After saving thousands of lives, they depart on the last train out of the city before it is seized by the Bolsheviks. But their mad dash for freedom through freezing temperatures ends when they are captured in Krasnoyarsk. Abandoned without communications, they endure a fearful detention and become an embarrassment to Prime Minister David Lloyd George and War Secretary Winston Churchill. After a traumatic incarceration, they survive against all the odds and are eventually released. As a new Cold War heats up, it is even more important to understand the origins of the modern relationship between Russia and the West. This stirring tale of courage and adventure only lifts the lid on an episode that sowed distrust and precipitated events in World War II and today.

In 1952 as the Cold War heats up, CIA agent Blackford Oakes is selected to penetrate the Royal circle around the new British queen, find the person responsible for giving vital Western military secrets to the Soviets, and to plug the leak.

Between 1945 and 1991, tension between the USA, its allies, and a group of nations led by the USSR, dominated world politics. This period was called the Cold War – a conflict that stopped short of a full-blown war. Benefiting from the recent research of newly open archives, the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose, developed, and was resolved. This work examines the military, economic, diplomatic, and political evolution of the conflict as well as its impact on the different regions and cultures of the world. Using a unique geopolitical approach that will present Russian perspectives and others, the work covers all aspects of the Cold War, from communism to nuclear escalation and from UFOs to red diaper babies, highlighting its vast-ranging and lasting impact on international relations as well as on daily life. Although the work will focus on the 1945–1991 period, it will explore the roots of the conflict, starting with the formation of the Soviet state, and its legacy to the present day.

This primary source reader assembles key documents and firsthand accounts that

are emblematic of American life from the end of World War II to the present. Designed to complement a core text for a typical post-1945 U.S. history course, the book offers conciseness and selectivity with balanced coverage of domestic and foreign, societal and cultural issues grouped together chronologically. The readings afford students compelling and sometimes startling insights into the nation's postwar adaptation to its new position of global power and responsibility, wealth, and rapid social change; on through years of energy and ambition, conflict and tragedy, to the post-Vietnam malaise and the rise of Ronald Reagan, the frenzied nineties, and the arrival of the new millennium. Each chapter includes an introduction that sets the documents in historical context, a biographical sketch of a significant person of the time, study questions, and suggestions for further reading. The Cold War heats up when trouble comes knocking on the door of ex-cop turned Private Eye Lacey Lockington. Lacey is hot on the trail of Alexi Fedorovich after the high-ranking general publishes a controversial expose detailing

that Glasnost/Perestroika is a hoax. Fedorovich goes into hiding in the last place he suspects someone will look for him--somewhere in Youngstown, Ohio. For someone who's pretty much seen and done it all, Lacey's unnerved when he starts dealing with Russian spies, Federal Agents, a man who doesn't want to be found, and an increasing body count of all his leads. Will Lacey, along with former KGB agent and live-in lover Natasha, get to the bottom of it all before Fedorovich finds himself on the wrong end of a firing squad?

□The Curtain Rises on the Cold War□ covers the period from the end of World War II to the launch of Sputnik and the increasing tensions between the U.S. and the U.S.S.R. The rebuilding of postwar Europe and the advent of the Cold War figure prominently in this volume. Also discussed are the contributions and influence of historic personalities such as Mahatma Gandhi, Nikita Khrushchev, and American presidents from Truman to Kennedy. Challenging review questions encourage meaningful reflection and historical analysis. A unit test and answer key are also included.
