\* THE COMPANY, by John Micklethwait and Adrian Woolridge, is a brief historical survey of the evolution of the concept of the corporate organization. Partnerships and shareholding are concepts that go back a long time. One of the most prominent of the "pre-modern" corporations was the British East India Company, established by royal charter to control

In 1835, a New York company advertised for 800 tailors, and 1200 plain sewers. The invention of steam powered machines for producing textiles and clothing drew the ire of frightened craftspeople. In England and France angry tailors and weavers who saw the machinery as a threat to their livelihood stormed factories and wrecked the machinery.

Every business has a unique history. Even a brand-new startup has a story to share. Writing a company history is an effective way to tell investors, prospects and employees how your company got to where you are today. When writing a business history, be sure to keep your audience in mind. Don't overshare too many details and overwhelm the reader.

History can also be used to put adversity in context. One of us (John Seaman) recently got to know the pharmaceutical company

Mylan when it commissioned a history of its first 50 years.

Troy's Gurley Company: A Short History. The W. and L.E. Gurley Company was founded in Troy in 1845. William Gurley, and his younger brother Lewis E., were both engineering graduates of Rensselaer Polytechnic Institute, (RPI) in Troy.

THE COMPANY: A SHORT HISTORY OF A REVOLUTIONARY IDEA JOHN MICKLETHWAIT AND ADRIAN WOOLDRIDGE LONDON: WEIDENFELD & NICOLSON, 2003 The company is the most important organization in the world. It has created more prosperity than any other organization (including governments).

From the acclaimed authors of A Future Perfect comes the untold story of how the company became the world's most powerful institution. Like all groundbreaking books, The Company fills a hole we didn't know existed, revealing that we cannot make sense of the past four hundred years until we place that seemingly humble Victorian innovation, the joint-stock company, in the center of the frame.
