4XBZJV - MATTHEWS LIZETH

Let's face it- most students don't take calculus because they find it intellectually stimulating. It's not . . . at least for those who come up on the wrong side of the bell curve! There they are, minding their own business, working toward some non-science related degree, when . . . BLAM! They get next semester's course schedule in the mail, and first on the list is the mother of all loathed college courses . . . CALCULUS! Not to fear-The Complete Idiot's Guide to Calculus, Second Edition, like its predecessor, is a curriculum-based companion book created with this audience in mind. This new edition continues the tradition of taking the sting out of calculus by adding more explanatory graphs and illustrations and doubling the number of practice problems! By the time readers are finished, they will have a solid understanding (maybe even a newfound appreciation) for this useful form of math. And with any luck, they may even be able to make sense of their textbooks and teachers.

Explains how to identify problem projects, clearly define goals, budget resources, and put the plan into action.

An updated manual with an emphasis on Microsoft Excel for computations offers an introduction to statistics, covering concepts and formulas, the interpretation of data through different types of charts, using computer applications to simplify things, and more advanced topics. Original.

The book also includes dozens of easy-to-follow and delicious recipes.

Discusses American history from prehistory through 2006, including brief biographical sketches of historical figures and events from popular culture.

Turn organizing your space into your next great project with this comprehensive guide! In our materialistic, time-crunched society, lifestyles are compromised by disorganization and clutter. In a 2008 National Association of Professional Organizers survey, 65 percent of respondents noted that their household was at least moderately disorganized, 71 percent said their quality of life would improve if they were better organized, and 96 percent of respondents indicated that they could save time every day by becoming more organized. A survey by IKEA reported that only 11 percent of Americans know where their Social Security cards are. Unfortunately, the problem has gotten so out of hand for so many, they have no idea where to begin. The Complete Idiot's Guide® to Getting Organized Fast-Track, finds readers where they are and helps them take the first steps toward a more organized and efficient life. In this book readers get: The principles behind effective organizing that can be applied to any situation in the home or office. A plan for clearing paper clutter and putting important documents where they can be found. Commonsense thoughts on prioritizing and letting go of objects that are no longer useful. A system for categorizing possessions that does not require people to buy more stuff to organize the stuff they already have. Tips for tackling disorganization hot spots, including home offices or dens, kitchens, closets, master bedrooms, garages, attics, and basement areas. Advice for staying ahead of messy family members or coworkers who can undo a person's hard work in an instant.

Includes summaries of the Bible's most famous stories, detailed maps of the journeys of its major figures, and descriptions of everyday life depicted in the Bible.

No Marketing Blurb
