Specifically designed to appeal to both students and hobbyists with lost of fun, hands-on projects to aid in the learning process.

PLEASE PROVIDE COURSE INFORMATION PLEASE PROVIDE

A beautifully composed journey through music history! Music history is a required course for all music students. Unfortunately, the typical music history book is dry and academic, focusing on rote memorization of important composers and works. This leads many to think that the topic is boring, but bestselling author Michael Miller proves that isn't so. This guide makes music history interesting and fun, for both music students and older music lovers. * Covers more than Western "classical" music-also includes non-Western music and uniquely American forms such as jazz * More than just names and dates-puts musical developments in context with key historical events

The art of accounting - by the numbers. The Complete Idiot's Guide® to Accounting, Third Edition takes the guess work out of this basic business activity. This updated edition has all the current information any business person will need to understand the "books," along with a useful workbook style appendix to re-enforce the lessons learned throughout the book. ? Fully updated including all new forms ? New workbook appendix with dozens of useful exercises ? Up-to-date information on the changes in payroll taxes, including the new Medicare tax

Provides recipes for every meal and occasion, based on the glycemic index, so you can eat to your heart's content while keeping your insulin levels in balance and your weight in check.--

Presents an outline of basic French grammar and offers useful words and expressions and simplified dialogue for conversation and travel situations.

Covering such hot topics in psychology as the mind-body connection, drugs and new therapy treatments, new information on the role of genetics in personality development, and the impact of 9/11 on individual mental health, this is the new edition of the popular introduction to psychology-with expanded information on such great thinkers as Carl Jung, Erik Erikson, and B.F. Skinner.

An up-close and up-to-date look at an often misunderstood faith. This completely revised and updated guide explores the tenets of the Qu'ran (A.K.A 'Koran'), examines the history of the religion and its relationship to Christianity and Judaism, and features an expanded section on the true story behind 'jihad'. It explores Islamic views on war and terrorism, including the Muslim perspective on the tragic events of September 11, and the subsequent U.S. presence in both Afghanistan and Iraq. Excellent sales for the 1st Editron. Islam is the fastest-growing religion in America, with more than six million devoted followers. Features an expanded section on women in Islam, including their status within the Taliban, and the Islamic practice of polygamy.

Let's face it- most students don't take calculus because they find it intellectually stimulating. It's not . . . at least for those who come up on the wrong side of the bell curve! There they are, minding their own business, working toward some non-science related degree, when . . . BLAM! They get next semester's course schedule in the mail, and first on the list is the mother of all loathed college courses . . . CALCULUS! Not to fear-The Complete Idiot's Guide to Calculus, Second Edition, like its predecessor, is a curricu-

lum-based companion book created with this audience in mind. This new edition continues the tradition of taking the sting out of calculus by adding more explanatory graphs and illustrations and doubling the number of practice problems! By the time readers are finished, they will have a solid understanding (maybe even a newfound appreciation) for this useful form of math. And with any luck, they may even be able to make sense of their textbooks and teachers.

"The Complete Idiot's Guide to Playing Bass Guitar will show you exactly how to master the fundamentals of bass and develop your own playing style. In this Complete Idiot's Guide, you get: detailed advice on everything you need to learn to play bass, from choosing the right equipment to playing and improvising on your own; the low-down on scales, chords, arpeggios, and more; clear explanations that will have you reading tablature and music notation in no time; tips on getting the most out of your practice sessions." - back cover.

Everything is connected... We're living in the midst of a scientific revolution that's captured the general public's attention and imagination. The aim of this new revolution is to develop a "theory of everything" -- a set of laws of physics that will explain all that can be explained, ranging from the tiniest subatomic particle to the universe as a whole. Here, readers will learn the ideas behind the theories, and their effects upon our world, our civiliza-

tion, and ourselves.

You're no idiot, of course. You know life is a journey and that physical birth and death are its points of transition. Many people, across cultures and faiths, believe the spirit lives on—and have experienced contact with the spirits of loved ones who have passed to the higher side. This contact is joyous, comforting, and healing—but you wonder if it's really real and whether you can share in it, too. Don't give up the spirit! The Complete Idiot's Guide® to Communicating with Spirits will show you exactly how to uncover your own mediumistic capabilities and connect with those no longer on the earth plane. In this Complete Idiot's Guide®, you get: --Tips on how to connect with your personal divine energy through prayer, meditation, and dreams. --Information on the birth of the human soul—as perceived through theological, metaphysical, and spiritual viewpoints. --Exercises to help you develop your mediumistic abilities. --Tangible evidence of the continuity of life as presented through the experiences and spirit drawings of medium Rita S. Berkowitz.

You're no idiot, of course. You know the Crusades were a war between Christians and Muslims for control of the Holy Land. However, these bloody conflicts raged over centuries, under changing circumstances, making the whole story difficult to follow. You don't have to don armor and cross deserts to relive the Crusades! The Complete Idiot's Guide® to the Crusades shows you why these wars began, why they continued for so long, and how their impact on the world still resonates. This Complete Idiot's Guide® gives you: An introduction to the Dark Ages and the Renaissance, and why Pope Urban II would grant absolution to anyone who reclaimed the Holy Land for Christianity. The origins of such Holy Orders as the Knights Templar, the Hospitallers, and the Teutonic Knights—and the roles they played during the Crusades. The creation of such items as chastity belts, razors, stained glass, perfume, the crossbow, the compass, and public latrines. The nobles—Richard the Lion Heart, Louis IX, and Frederick II—and the Muslim leaders—Saladin, Zengi, and Nur ed-Din—who held the lives of thousands in their hands.
