Ariana Reines's The Cow is a beautiful visceral tour-de-force. Reines weilds words like microspocially thin pieces of glass. Her poems, once inserted into your chest and heart and head draw blood that supprises for being so pleasant. The whole book like a haunting song you can't get out of your head.

mind/matter shitstorm. As Reines puts it in the poem SECONDS:

I first became aware of Ariana Reines's work through her early poetry collection *The Cow* (2006), which went on to win the prestigious Alberta Prize. I was struck by its focus on abjection, female filth and the damage we inflict on animal bodies. Reading that collection marked the start of a full on, visceral engagement with

Reines's work.
