## THE DEAD ZONE | THE KING CHRONICLES

Dead Zone Novel Review) Stephen King's THE DEAD ZONE—Review and Analysis *The Dead Zone Stephen King* The Dead Zone is a science fiction thriller novel by Stephen King published in 1979. The story follows Johnny Smith, who awakens from a coma of nearly five years and, apparently as a result of brain damage, now experiences clairvoyant and precognitive visions triggered by touch. When some information is blocked from his perception, Johnny refers to that information as being trapped in the part of his brain that is permanently damaged, "the dead zone."

I am an enormous Stephen King fan, and it is always with great anxiety that i watch a movie/tv series based on his work. The dead Zone was a great book - a great concept, but tough to translate to screen. The movie made in the 80s with christopher walken was half decent but nothing to write home about. thankfully - the show is wonderful. Four episodes old and i am completely engrossed.
