0 Alene 2019-12-28. the capacity to aspire the future as cultural fact -

“the capacity to aspire” is a key concept in Appadurai's work. It refers to the ability of individuals and communities to envision and work towards a better future, despite the challenges and constraints of the present. This concept is closely related to the idea of the “global condition,” which Appadurai defines as the state of the world in which we live, characterized by globalization and the interconnectedness of all things.
