Three simple words—"I love you"—capture the heart of Jesus' life and ministry. These three words form the bottom line and top drawer of all his teachings. And they remain the three hardest words in the world to get right. Two pronouns and a verb have never been so difficult to grasp, much less to practice. Popular culture has ruined love's reputation by redefining it first as romance, and then as lust. But it's not just the meaning of the word love that causes so much confusion. To fully understand love, we also need to find out who we are in God's eyes and whom we are commanded to love. Following Jesus can be described as the daily practice of all three words: I. Love. You. There is nothing more rewarding, and nothing more risky. Join Leonard Sweet in this eye-opening, life-altering exploration of three simple, one-syllable words. After all, the lifestyle of love is the only life that Jesus calls you to live. There is nothing more challenging than adopting the three-word lifestyle of Jesus as your own. Perhaps you have wondered why love seems to work for everyone else, but not for you. Or maybe you've done your best to love those around you, but it seems that life has drained your last drop of trust and affection. Nothing is better than love when it's right; and nothing is more destructive than attempts at love that fail to follow the Jesus prescription for a healthy life. Jesus devoted his earthly life to saying these three words—I love you—and teaching us how to say them. As Jesus defined love, it takes everything you've got...and then even more, which only God can give. The lifestyle of love is not something you can master on your own, but Jesus is ready to show you how. Starting today, you can learn to live "I love you"—the three hardest words in the world to get right. Leonard Sweet, PhD, serves as the E. Stanley Jones Professor of Evangelism at Drew Theological School in Madison, New Jersey. He is also a Distinguished Visiting Professor at George Fox University in Newberg, Oregon, and founder and president of SpiritVenture Ministries. He has written many books, including *Out of the Question...Into the Mystery* and the trilogy *SoulTsunami*, *AquaChurch*, and *SoulSalsa*.

Over forty-million pounds in the bank, but the one thing she wants to buy is not for sale. Freya Stone is a Lottery winner. A Euromillions Lottery winner to be exact. The week she won, hers was the only winning ticket. And it was a rollover, seeing her almost forty-five million pounds richer. But with no taste at all for a wealthy lifestyle, Freya bought herself a flashy car and a fancy apartment, then ran out of ideas and stuck the rest in the bank to be carefully invested by her own private wealth consultant. One passion her wealth will enable her to indulge, however, is her appetite for submission. Or so she thinks. Following a childhood illness, Freya is unable to speak. She gets by pretty well with a combination of British Sign Language and a notepad, but her lack of speech makes negotiating difficult. She can't tell a Dom what she needs, and she can't use safe words. None of the Doms she's played with so far have been especially interested in training a novice sub who doesn't even squeal. So Freya decides to buy tuition from a Master who comes highly recommended. Why not? She has the funds at her disposal, and nothing better she'd like to purchase. Twenty-five thousand pounds for a month with the Dom she's fantasised about for ages seems like a bargain to her. But experienced and harsh Dom Nick Hardisty has other ideas. Infuriated at Freya's attempt to buy his services, he turns her down flat, while also demanding that she pay for her temerity by submitting to a punishment which he will administer personally. Can Freya accept his discipline? Can she convince him to reconsider and provide the help she needs? And Nick Hardisty drives a hard bargain. If he won't accept her money, what will his price be?

'Hough's conversational prose reads like the voice of a blues singer, taking breaks between songs to narrate her heartbreak in verse, cajoling her audience to laugh to keep from crying' - The New York Times 'Hough's writing will break your heart' - Roxane Gay, author of *Difficult Women* 'Each one told with the wit of David Sedaris, and the insight of Joan Didion' - Telegraph 'This moving account of resilience and hard-earned agency brims with a fresh originality' - Publishers Weekly Searing and extremely personal essays from the heart of working-class America, shot through with the darkest elements the country can manifest - cults, homelessness, and hunger - while discovering light and humor in unexpected corners. As an adult, Lauren Hough has had many identities: an airman in the U.S. Air Force, a cable guy, a bouncer at a gay club. As a child, however, she had none. Growing up as a member of the infamous cult The Children of God, Hough had her own self robbed from her. The cult took her all over the globe but it wasn't until she finally left for good that Lauren understood she could have a life beyond "The Family." Along the way, she's loaded up her car and started over, trad-

ing one life for the next. Here, as she sweeps through the underbelly of America--relying on friends, family, and strangers alike--she begins to excavate a new identity even as her past continues to trail her and color her world, relationships, and perceptions of self. At once razor-sharp, profoundly brave, and often very, very funny, the essays in *Leaving Isn't the Hardest Thing* interrogate our notions of ecstasy, queerness, and what it means to live freely. Each piece is a reckoning: of survival, identity, and how to reclaim one's past when carving out a future.

Just say you are sorry. It has become one of the drumbeats of the age. Fresh apologies are demanded every week: from broadcasters, politicians, errant spouses, disgraced bankers, myopic refer-

ees. Sometimes an apology is forthcoming, and honour is satisfied. But, for many people, the S-word proves a bridge too far: they shrink from using it even when common sense tells them that they should. How have we got ourselves into such a tangle over a simple two-syllable word? The English used to be world-champion apologisers: a nature of inveterate sorry-sayers. Now we hardly know if we are coming or going. Written by serial apologist Max Davidson, a man who believes in saying he is sorry, then waiting to be told what he is sorry for, *The Hardest Word* examines the origins and history of the word _sorry_; dissects some of the reasons that apologies are seen as a sign of moral weakness; explores the religious notion of sincere contrition; considers the legal consequences of admitting liability; and casts a sceptical eye over the fashion among politicians for apologizing for things that happened in the distant past. Some famous apologies are saluted; some famous failures to apologise deplored. Praise for *It's Not the Winning That Counts* by Max Davidson: _A simple but brilliant idea executed with great skill and judgment_, Marcus Berkman, *Daily Mail* _A collection of sporting stories whose plots and punch lines quicken the step and lift the heart_, Jim White, *Daily Telegraph*

Six murders. One hundred pages. Millions of possible combinations... but only one is correct. Can you solve Torquemada's murder mystery? In 1934, the Observer's cryptic crossword compiler, Edward Powys Mathers (aka Torquemada), released a novel that was simultaneously a murder mystery and the most fiendishly difficult literary puzzle ever written. The pages have been printed in an entirely haphazard order, but it is possible - through logic and intelligent reading - to sort the pages into the only correct order, revealing six murder victims and their respective murderers. Only three puzzlers have ever solved the mystery of Cain's Jawbone: do you have what it takes to join their

ranks? Please note: this puzzle is extremely difficult and not for the faint-hearted.

I've met lots of folks in lots of situations and, after a while, people seem to just open up to me. Call it a gift if you like but I have to tell you; sometimes I don't want to listen. So I do the polite thing which usually ends up in the poor soul thanking me for allowing them to unburden their problems. Often they will berate the fact that no one would believe them anyway. I always respond in the same way which is to tell them to write it down. That way, even if no one believes you, at least you've got a good yarn to show for it. They most often agree but then ask me write the story although sometimes they want to write it in their own words. The result is a bit of a mish mash of styles I suppose but I like to think that gives them authenticity.

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shaw-

shank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.
