Book includes over 170 scriptures with commentary from 29 Books of the Bible revealing that animals go to heaven through biblical evidence and also includes fourteen wonderful true-life animal stories. Recommended by Christian Clergy in the U. S. and abroad.

Animals have been with us since the state of existence or being. The bible tells us God created the animal kingdom for his pleasure. When God created the heaven and earth and all life that exist, he obviously saw a need for animals or they would not be here. Why God created them in the shapes and forms as they were we do not know; the choice was his and as I mentioned "He chose to do so in a way that pleases him." Animals have a mind that gives them the ability to think and have feelings. Animals have a certain intelligence we do not possess such as an internal guidance system. Both dogs and cats have this ability and I would imagine there are other animals as well. God created everything with a purpose and a need; the animals kingdom is one such example. Many people believe God's purpose for animals is to serve humankind, and upon death they are to perish with no possible chance for eternal life. However, does the bible teach this? In the first chapter of the book of Genesis the bible tells us God considered the animals a creation that was very good; he was pleased with them. Many people consider the life of an animal as having a very small worth. To them an animal just lives and dies. Many people have the attitude of so what. The bible tells us God doesn't care for an attitude such as this because he values the life of his animals very much. Throughout the entire bible the information found pertaining to the animal kingdom is very precise. The bible tells us the animals are to be forever. God had this intention when he created them and this application of thought remains today and forever. The bible never mentions mankind alone is to receive eternal life. How different would our lives be without animals? There would be no pets for those who are lonely and without family. There would be no zoos for family outings. There would be no circus acts with animals. There would be no dog as a best friend. There would be no Seeing Eye dogs. There would be no animals to alert their owners of an ever-present danger during the night such as fires, burglars etc. I believe we simply overlook the fact there is a purpose for all of God's creatures. The purpose for this book is to reveal the truth in what the bible tells about the animal kingdom. We need to know God's purpose for them. The bible explains in detail God's plan for his animals even after death. God wants us to know about them or he would never have emphasized their importance in his word. Many people are reluctant to discuss the animal kingdom from a biblical point of view. I find this strange to say the least. God has included them in his written word but many ministers will say very little if anything about them. The scriptures in this book are from the King James Bible. What the bible tells us is 100% accurate and lest we never forget, God simply made no mistakes in his word. The bible is never contradictory. We will read scriptures that clearly explain that animals will be in heaven and why God wants them to be there with us. If we had the power to give our pet(s) eternal life would we want the life of our animals to be temporal? If God loves his animals more than we could ever love them shouldn't this type of love indicate his love for them is tremendous? Since we know God can give animal's eternal life could be there any single reason to give them life that would be only temporary. First we should know the bible is not dull, dismal or neutral. The bible is not an area between two extremes having mingled characteristics of both of them: a situation in which there are no clear-cut distinctions. The interpretations of scriptures have been defined several ways over the years and this has cause confusion in many churches. We will read scriptures about the animal kingdom that many of you may not know are in the bible. We will read scriptures that are clearly stated to mean one thing and one thing only, and that is, "Animals are to be in heaven." By

"Irresistible" - Literary Review Fig trees have affected humanity in profound but little-known ways: they are wish-fulfillers, rainforest royalty, more precious than gold. Ladders to Heaven tells their incredible story. They fed our pre-human ancestors, influenced diverse cultures and played a key role in the birth of civilisation. More recently, they helped restore life after Krakatoa's catastrophic eruption and proved instrumental in Kenya's struggle for independence. Figs now sustain more species of bird and mammal than any other fruit - in a time of falling trees and rising temperatures, they offer hope. Theirs is a story about humanity's relationship with nature, as relevant to our past as it is to our future.

James Dickey: The Selected Poems is the first book to collect James Dickey's very best poems. This volume brings together the finest work from each of the periods in Dickey's extremely controversial career. For over three decades, until his death in 1997, Dickey was one of the nation's most important poets; these are the poems that brought him a popular readership and critical acclaim.

A collection of knitwear designs for your favourite pet, this title contains simple projects for beginner knitters as well as more challenging designs for those with more experience.

Anyone who has lost a dearly beloved pet knows that the question of what happens to them after death is a tender, important subject. In this book, author and Christian minister George MacDonald presents the case that the mourning pet owner has reasons to look forward to a future reunion, and his conclusions will surprise both believers and non-believers alike. In the process, MacDonald passio-

nately contends that we should endeavor to treat all animals in this present life with the same love and kindness they are destined to experience in the hereafter.

For over three decades, James Dickey has been one of the nation's most important poets and a prominent man of letters. The Whole Motion collects his poetic oeuvre into a single volume: 235 poems from his first book, Into the Stone (1960), to The Eagle's Mile (1990), along with previously uncollected poems and unpublished "apprentice" works.

The acclaimed author of Cold Noses at the Pearly Gates reveals the truth about cats, dogs, and their heavenly afterlives. Will our departed pets greet us on the other side? Are their spirits watching and protecting us right now? Will they be happy? If you've ever loved and lost a pet, you understand the power of a truly special bond. Animal or human, we are all God's creatures—and the love we share must surely be eternal. In this enlightening book, author Gary Kurz offers surprising and comforting evidence of an animal afterlife. Wagging Tails in Heaven reveals what the Bible says about the souls of animals; how pet angels devote themselves to humanity; what your dog or cat might look like in heaven; and what to expect when you're reunited on a spiritual plane. It also shares amazing firsthand accounts of "ghost pet" visitations, animal communications from beyond, and heartwarming tales of heroism, loyalty, and everlasting love.

Collects stories that explore the tenuous bonds of family as they are tested by the sometimes brutal power of love and where characters are chased by troubles of their own making.

With all of my heart, I believe it is true that there is a heaven for animals, too. The heaven of animals is a magical place. Angels know every dog's favorite game; cats bask in their own rays of sunshine; horses thunder across the sky. The loss of a pet is heartbreaking. But in the heaven of animals, the love you have for your animal friends lives on. National-bestselling author Nancy Tillman's message of comfort will help readers of all ages through the process of grieving and healing.

In ancient Japan a struggling artist is angered when his housekeeper brings home a tiny white cat he can barely afford to feed.

A book of new poems by a major writer is an event. A book of new poems that marks a different, more powerful approach is cause for celebration. "What I looked for here," James Dickey tells us about The Eagle's Mile, "was a flicker of light 'from another direction,' and when I caught it - or thought I did - I followed where it went, for better or worse." In this new work, Dickey edges away from the narrative-based poems of his previous books and gives instead more primacy to the language in which he writes. His poetry gains flexibility, and his poetic power becomes even surer and more clearly expressed. "I have experimented," Dickey writes, "and look forward to experimenting more."

It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. Imagine Heaven is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.

Do you remember the 1980s animated classic All Dogs Go to Heaven? To some, it's a simple cartoon, but among the millions of devoted pet owners out there, the film's premise—the goings-on among animals in the afterlife—resonates strongly. Do wild animals have immortal souls? Will we see our household pets in the hereafter? In Will Dogs Chase Cats in Heaven?, Dan Story, a graduate school-trained Christian apologist, offers a resounding "Yes!" But don't just take his word for it. Dan does far more than wax sentimental about our furry friends. His unique style pairs anecdotal experience with animal-behavior studies and biblical commentary. In fact, Dan's conclusions are backed by an impressive list of references—from Dinesh D'Souza to Martin Luther. Academics and theologians both ancient and modern have long discussed the validity of an animal resurrection, and Dan's new book puts it all together in a delightfully cogent yet readable way. Most importantly, Will Dogs Chase Cats in Heaven? tells us something about the nature of God: his eye truly is on the sparrow, and his overwhelming love for all creation is perhaps best reflected in the significance he places not just on man—but also man's best friend.

#1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. Heaven Is for Real was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how "really, really big" God is, and how much God loves us. Retold by his father, but using Colton's uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Is for Real also is available in Spanish, El cielo es real.

"[She] has the magic ingredients for a hit: pets, paranormal chats, and a sense of humor about it all. Yes, I'm hooked."—New York Post "If you think that psychic readings are just for human beings, then you thought wrong. Sonya Fitzpatrick, an English-born animal lover, not only psychically communicates with pets, but explains to their often frustrated owners just what's bothering them."—CBS News For many of us, a pet is a part of our family; for some, they may be our only children. While all parents expect their children to outlive them, unfortunately, we can't expect the same from our pets. And, just like losing a family member, losing a pet causes grief and loss. They've been with us for years, some for decades, providing unconditional love, companionship and a sense of purpose. When they're gone, most of all, we want to know that our furry, feathered, or scaled friends are happy—wherever they are. For years, animal communicator Sonya Fitzpatrick has helped pet owners cope with the loss of their beloved companions; time and again she hears the same questions: Is my pet happy? Is it okay to get another pet? Using her personal experiences as well as the stories of the families she's worked with, Sonya sheds light on the questions that every grieving pet owner has, and assures the reader that there are, in fact, no sad dogs (or cats or birds or turtles or horses or cows) in heaven.

This is not just a beautiful animal story; it's a beautiful ghost story . . . set in Jamaica. When an almost thirteen-year-old delinquent Jamaican boy died, his soul is denied entry to heaven. To his surprise, the boy ghost learns that only animals are allowed entrance into the Kingdom of God at that time. But most shockingly, the ghost boy also learns that for his soul to enter heaven, he must return to earth and save all the helpless animals . . . and he must accomplish the mission within forty-eight hours. Armed with just a small team of misfits (including a Rastafarian turkey vulture, a flamboyant male goat, a gospel-preaching cockroach, a ghetto-ish female mongoose, and help from a blind albino human girl), the ghost boy and his motley crew must race against time to not only save all the needy animals in the world but also to save ghost boy's soul from eternal damnation.
