S7MDOV - SIERRA VILLARREAL

In "Last Descendants," Owen and a group of other teens located the first piece of an ancient and powerful relic long considered a legend—the Trident of Eden. This piece was sought by the Brotherhood of Assassins and the Templar Order, but before either organization could take the piece, it was stolen by an unknown, third party. The tenuous relationship between Owen and the teens fractured, with some taking sides with the Templars, and others with the Assassins. "Last Descendants" book 2 picks up weeks after the events of book 1. There

are still two pieces of the Trident of Eden to find, and both groups are determined to not repeat their mistakes. The next piece is said to have been buried with Mongol Warlord Genghis Khan, whose tomb has never been found. Now the teens on either side of the conflict will have to go deep into simulations in war-torn Mongolian China in a race against time to discover the next piece, and ensure their safety, before the others.

Assassin's Creed: Forsaken is the latest thrilling novelisation by Oliver Bowden based on the phenomenally successful game series. 'I am an expert swordsman. And I am skilled in the business of

death. I take no pleasure in my skill. Simply, I am good at it.' 1735 - London. Haytham Kenway has been taught to use a sword from the age he was able to hold one. When his family's house is attacked - his father murdered and his sister taken by armed men - Haytham defends his home the only way he can: he kills. With no family, he is taken in by a mysterious tutor who trains him to become a deadly killer. Consumed by his thirst for revenge Haytham begins a quest for retribution, trusting no one and questioning everything he has ever known. Conspiracy and betrayal surround him as he is drawn into the centuries old battle between

the Assassins and the Templars. The world of the Assassin's has become far more lethal than ever before. Assassin's Creed: Forsaken is based on the phenomenally successful gaming series. Fans of the game will love these stories. Other titles in the series include Assassin's Creed: Renaissance, Assassin's Creed: Brotherhood, Assassin's Creed: The Secret Crusade, and Assassin's Creed: Revelations. Oliver Bowden is the pen-name of an acclaimed novelist. The Assassin's Creed series is renowned for its skillful blend of historical fiction, epic environments, and exciting action. This art book offers an insider's look at the immersive art direction of Assassin's Creed Valhalla, the first title in the franchise to explore Norse culture and the Viking invasion of England in the 9th century. Featuring iconic artworks ranging from stunning settings to brutal weapons, as well as developer insights.

First Published in 2015. Routledge is an imprint of Taylor & Francis, an informa company.

The war between Assassins and Templars wreaks havoc in the Victorian era, in this breakneck

thriller which opens up a whole new chapter of the Assassin's Creed universe London, 1851 - When Pierrette, a daring acrobat performing at the Great Exhibition, rescues the mathematician Ada Lovelace from a gang of thugs, she becomes immersed in an ancient feud between Assassins and Templars. But Lovelace is gravely ill, and shares her secrets with Pierrette, sending the acrobat in search of a terrible weapon which she'd been developing for a shadowy figure known as "the Magus". Pierrette's only ally is Simeon Price, Lovelace's childhood friend, who belongs to a Brotherhood devoted to free will. With Simeon's aid, they uncover a startling web of political assassinations destabilizing Europe. As they race to foil the Templars' deadly plot, murders and bombs are everywhere they look, but hope is nowhere in sight.

In this novel based on the Assassin's Creed™ video game series, Niccolò Polo, father of Marco, will finally reveal the story he has kept secret all his life—the story of Altaïr, one of the Brotherhood's most extraordinary Assassins. Altaïr embarks on a formidable mission—one that takes him throughout the

Holy Land and shows him the true meaning of the Assassin's Creed. To demonstrate his commitment, Altaïr must defeat nine deadly enemies, including Templar leader Robert de Sable. Altaïr's life story is told here for the first time: a journey that will change the course of history; his ongoing battle with the Templar conspiracy; a family life that is as tragic as it is shocking; and the ultimate betrayal of an old friend. An Original Novel Based on the Multiplatform Video Game from Ubisoft

Examines the critical turn that shaped Imami Shi'ism in the 10th and 11th centuries. God is not free to act; He is bound by human ethics. To be just, He must create an individual of perfect intellect and infallible morality. People are obligated to submit to this person; otherwise eternal damnation awaits them. While these claims may be interpreted as an affront to God's power, an insult to human judgment and a justification for despotism, Shi'ite Muslims in the eleventh century eagerly adopted them in their attempts to forge a rational religious discourse. They utilized everything from literary

studies and political theory to natural philosophy and metaphysical speculation in support of this project. This book presents the contribution of al-SharAf al-MurtaaA (d. 1044) of Baghdad, the thinker most responsible for this irreversible change, which remains central to Imami identity. It analyzes his intellectual project and establishes the dynamic context which prompted him to pour the old wine of ShiE i doctrine into the new wineskin of systematic MuE tazili theology.

Key Features Comprehensive coverage of al-MurtaaA's enormous oeuvre (running to several thousand pages) and diversity (spanning virtually all contemporary fields of knowledge) A meticulous engagement with long and dense theoretical texts that are either in manuscript form or poorly edited An orderly presentation that equips readers with an overall understanding of ShiE i theology in its main phases while preserving the profundity of analysis The study of a little-known author whose views, nonetheless, are still a major influence for ShiE i Muslims

Betrayed by the ruling families of Italy, a young man embarks upon an

epic quest for vengeance during the Renaissance in this novel based on the Assassin's Creed™ video game series. "I will seek vengeance upon those who betrayed my family. I am Ezio Auditore Da Firenze. I am an Assassin..." To eradicate corruption and restore his family's honor, Ezio will learn the art of the Assassins. Along the way, he will call upon the wisdom of such great minds as Leonardo da Vinci and Niccolo Machiavello—knowing that survival is bound to the skills by which he must live. To his allies, he will become a force for change—fighting for freedom and justice. To his enemies, he will become a threat dedicated to the destruction of the tyrants abusing the people of Italy. So begins an epic story of power, revenge and conspiracy...

An Original Novel Based on the Multi-platinum Video Game from Ubisoft

Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and

South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

The Alchemy of Happiness was an attempt to show ways in which the lives of

a Sufi could be based on what is demanded by Islamic law. This book allowed Al Ghazzali to considerably reduce the tensions between the scholars and mystics. The influence of Al-Ghazzali upon both the Christian and Islamic thinkers of the Middle Ages and beyond is being more and more widely documented.

This collection of essays analyzes film representations of the Crusades, other medieval East/West encounters, and the modern inheritance of encounters between orientalist fantasy and apocalyptic conspiracy. From studies of the filmic representations of popular figures such as El Cid, Roland, Richard I, and Saladin to examinations of such topics as Templar romance and the role of set design, location and landscape, the essays make significant contributions to our understanding of orientalist medievalism in film. Instructors considering this book for use in a course may request an examination copy here.

One of the best general introductions to Islamic law. Despite its age this is still one of the best general introductions to Islamic law. It remains a standard work in scholarly bibliographies. Offering both a his-

tory and a critical analysis, this book is enriched by a 66-page appendix containing complete translations of primary texts. Macdonald [1863-1943], a professor at the Hartford Seminary, established the field of Islamic studies in the United States in 1893. His efforts led to the creation of what is now the Duncan Black Macdonald Center for the Study of Islam and Christian-Muslim Relations at the Hartford Seminary. Iron Shadows...an exciting, fast-paced thriller about a charismatic cult

with a dark underside, a riveting adventure filled with passion and danger. Cat Juvell has a black belt and a knack for solving difficult cases. She and her partner have been hired by a wealthy industrialist to retrieve his sister--and the family's millions--from the control of a mysterious cult known as the Golden Sun. The cult's young leaders, twins Joy and Tomo, are said to have miraculous powers to heal and transform--and the cult's inner circle are rumored to perform erotic rituals in a quest to reach a higher consciousness. But there are suggestions of darker practices, and a whispered phrase--Iron Shadows--that hints at a long-simmering conspiracy of terror.

This comprehensive survey of Islamic economic thought covers the development of ideas from the early Muslim jurists to the period of the Umayyads and Abbasids. The economic concerns of the Ottomans, Safawids and Moghuls are examined, as is the profusion of more recent writing.

The official movie novelization of the "Assassin's Creed" motion picture starring Michael Fassbender. This premium hardcover

edition features exclusive behind the scenes details on the creation of the Assassin's Creed movie, as well as concept art from the film and a special code to unlock Assassin's Creed rewards through Ubisoft Club's loyalty program. We work in the dark to serve the light. We are assassins. Through a revolutionary technology that unlocks his genetic memories, Callum Lynch experiences the adventures of his ancestor, Aguilar, in 15th Century Spain. Callum discovers he is descended from a mysterious secret society, the Assassins, and amasses incredible knowledge and skills to take on the oppressive and powerful Templar organization in the present day.

On Islam and Islamic civilization.

The history of an extremist Islamic sect in the 11th-12th centuries whose terrorist methods gave the English language a new word: assassin. The word 'Assassin' was brought back from Syria by the Crusaders, and in time acquired the meaning of murderer. Originally it was applied to the members of a Muslim religious sect - a branch of the Ismailis, and the followers of a leader known as the

Old Man of the Mountain. Their beliefs and their methods made them a byword for both fanaticism and terrorism in Syria and Persia in the 11th and 12th centuries, and the subject of a luxuriant growth of myth and legend. In this book, Bernard Lewis begins by tracing the development of these legends in medieval and modern Europe and the gradual percolation of accurate knowledge concerning the Ismailis. He then examines the origins and activities of the sect, on the basis of contemporary Persian and Arabic sources, and against the background of Middle Eastern and Islamic history. In a final chapter he discusses some of the political, social and economic implications of the Ismailis, and examines the significance of the Assassins in the history of revolutionary and terrorist movements.

In this book the Promised Messiah, on whom be peace, discusses the philosophy of divine revelation, the three categories of people who claim to receive revelation, and the distinction of the truthful from the false. He then establishes his truthfulness by documenting over 200 Signs, including the fulfillment of prophecies

made by the Holy Prophet Muhammad, may peace and blessings of Allah be upon him, other men of God, earlier scriptures, and his own revelations spanning over twenty-five years. The author cites numerous examples of his enemies who publicly predicted his downfall and demise, only to become the very victims of their own prophecies. God, however, protected him against every assault, while continuously reassuring him of His promise to bless his Community—a promise which continues to bear the seal and testimony of history. The author also appeals to the followers of different faiths to read this book cover to cover to appreciate and accept this evidence as proof that God is One and the Holy Prophet Muhammad is the Messenger of God, and that he is the Promised Messiah raised to unite humanity under the banner of Islam.

- An examination of the interactions of the Christian Knights Templar and their Muslim counterparts, the Assassins, and of the profound changes in Western society that resulted.
- Restores the reputation of the secret Muslim order of the Assassins, disparaged as the world's first terrorist group.
- Dispels

many myths about the Knights Templar and provides the most incisive portrait of them to date. A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded. These Crusades changed the course of Western history, but less known is the fact that they also were the meeting ground for two legendary secret societies: The Knights Templar and their Muslim counterparts, the Assassins. In *The Templars and the Assassins: The Militia of Heaven*, occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private army into a true occult society, from which they would sow the seeds of the Renaissance and the Western Mystery Tradition. Both orders were destroyed as heretical some seven hundred years ago, but Templar survivors are believed to have carried the secret teachings of the East into an occult underground, from which sprang both Rosicrucianism and Masonry. Assassin survivors, known as

Nizari Ismailis, flourish to this day under the spiritual leadership of the Aga Khan. Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices, delivering the most probing picture yet of these holy warriors.

Providing fans and newcomers everything they need to know about the fascinating world of *Assassin's Creed*, this beautifully illustrated guide is packed with information about the key characters, storylines and historical settings from the blockbuster video game franchise. The covert war between two secret organizations, the Templars order and the Brotherhood of the Assassins, has been raging for millennia. the Templar order -The First Civilisation -Technology and Weapons -Historical Settings and Locations -The Present day storyline

As a response to a request, Imam al-Bajuri, in this short treatise outlines, the core beliefs of the traditional, orthodox Sunni doctrine ('Aqida) that every Muslim should be aware of. Designed to be studied preferably with a teacher or read on one's own, this text will equip the student with sufficient knowledge of the bare essentials of his religion to be able to distinguish truth from falsehood, orthodox from unorthodox, Ahl al-Sunna wa al-Jama'a from others.

This authoritative work provides an essential perspective on terrorism by offering a rare opportunity for analysis and reflection at a time of ongoing violence, threats, and reprisals. Some of the best international specialists on the subject examine terrorism's complex history from antiquity to the present day and find that terror, long the weapon of the weak against the strong, is a tactic as old as warfare itself. Beginning with the Zealots of the first century CE, contributors go on to discuss the Assassins of the Middle Ages, the 1789

Terror movement in Europe, Bolshevik terrorism during the Russian Revolution, Stalinism, "resistance" terrorism during World War II, and Latin American revolutionary movements of the late 1960s. Finally, they consider the emergence of modern transnational terrorism, focusing on the roots of Islamic terrorism, al Qaeda, and the contemporary suicide martyr. Along the way, they provide a groundbreaking analysis of how terrorism has been perceived throughout history. What becomes powerfully clear is that only through deeper understanding can we fully grasp the present dangers of a phenomenon whose repercussions are far from over. This updated edition includes a new chapter analyzing the rise of ISIS and key events such as the 2015 Paris attacks.

This book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Ahlulbayt Organization is a registered Organization that operates and is sustained through collaborative efforts of volun-

teers in many countries around the world, and it welcomes your involvement and support. Its objectives are numerous, yet its main goal is to spread the truth about the Islamic faith in general and the Shi'a School of Thought in particular due to the latter being misrepresented, misunderstood and its tenets often assaulted by many ignorant folks, Muslims and non-Muslims. The Ismaili Muslims, who belong to the Shia branch of Islam, live in over 25 different countries around the world, mainly in Asia, Africa and the Middle East. Their history has typically been linked to the history of the various countries in which they live, but the worldwide community is united under Prince Karim Aga Khan, the spiritual leader and 49th Imam of the Ismaili Muslims. Few fields of Islamic studies have witnessed as drastic a change as Ismaili studies, due in part to the recent discovery of numerous historical texts, and author Farhad Daftary makes extensive use of these new sources in the Historical Dictionary of the Ismailis. This comprehensive new

reference work is the first of its kind on the Ismailis and presents a summary of the findings of modern scholarship on the Ismaili Shia Muslims and different facets of their heritage. The dictionary covers all phases of Ismaili history as well as the main doctrines of the community. It includes an introductory chapter, which provides a broad historical survey of the Ismailis, followed by alphabetical entries on all major aspects of the community, such as key figures, institutions, traditions, and doctrines. It also contains a chronology, genealogical tables, a glossary, and a substantial bibliography. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Ismailis.

The Ming dynasty becomes a battleground for the Brotherhood of Assassins and the Order of the Templars in this blockbuster action novel from a previously unexplored part of the beloved Assassin's Creed universe. China, 16th century. The Assassins are gone. Zhang Yong, the relentless leader of the Eight Tigers, took advantage of the emperor's death to eliminate all his opponents, and now the Templars hold all

the power. Shao Jun, the last representative of her clan, barely escapes death and has no choice but to flee her homeland. Vowing to avenge her former brothers in arms, she travels to Europe to train with the legendary Ezio Auditore. When she returns to the Middle Kingdom, her saber and her determination alone will not be enough to eliminate Zhang Yong: she will have to surround herself with allies and walk in the shadows to defeat the Eight Tigers.

An all-new series based on the hit video game franchise Assassin's Creed! Nothing in Owen's life has been right since his father died in prison, accused of a crime Owen is certain he didn't commit. Monroe, the IT guy at school, might finally bring Owen the means to clear his father's name by letting him use an Animus—a device that lets users explore genetic memories buried within their own DNA. During a simulation, Owen comes uncover the existence of a powerful relic long considered a legend—the Trident of Eden. Now two secret organizations will stop at nothing to take possession of this artifact—the Brotherhood of Assassins and the Tem-

plar Order. It becomes clear the only way to save himself is to find the Trident first. Under the guidance of Monroe, Owen and a group of other teenagers go into a memory they all share within their DNA: the 1863 Draft Riots in New York City. Owen and his companions will find themselves tested on the violent streets of New York, and their experiences in the past will have far-reaching consequences in the present.
