Portland Japanese Garden is a place to let go of worldly thoughts and see oneself as a small but integral part of the universe. EXPERIENCE THE GARDEN The Garden is a living “classroom” that offers tremendous opportunities for experiential learning to all who enter its gates.

### A Day at the Garden - Portland Japanese Garden

Japanese gardens are characterized by: the waterfall, of which there are ten or more different arrangements; the spring and stream to which it gives rise; the lake; hills, built up from earth excavated from the basin for the lake; islands; bridges of many varieties; and the natural guardian stones. The selection and effective distribution of the stones are a prime consideration in garden design.

### The Japanese Garden - Wikipedia

Nestled in a pine grove near the Sam Houston Monument in Hermann Park, you’ll find an island of serenity known as the Japanese Garden. Designed by world-renowned Japanese landscape architect Ken Nakajima, the garden was built to symbolize the friendship between Japan and the United States, and to recognize Houston’s thriving Japanese community.

### Japanese Garden - Houston

A pine tree is the essence of the Japanese garden, so choose an authentic species, like Japanese Black Pine (Pinus thunbergii), or Japanese White Pine (Pinus parviflora). These trees, especially Black Pine, appear in every garden, and they are often carefully trained and trimmed to create a kind of full-sized bonsai called niwaki. This is not so hard as it looks.

### 7 Top Plants for Japanese Gardens | The Tree Center™

The Japanese Garden is known as a photographer haven—and for a reason. Toro (Japanese stone lanterns), bridges over the water, Japanese maples of all shapes and sizes, koi and turtles, and wandering paths create the perfect backdrop for amazing photos.
