The sheer number of American success stories has created a false impression that becoming an entrepreneur is a can't-miss endeavor—but nothing could be further from the truth. In the real world, an entrepreneur batting .150 goes directly to the Hall of Fame. Things happen. You make a bad hire, a bad strategic decision, or suffer the consequences of an unforeseen market crash. You can't control what happens to your business, but you can absolutely control how you react, and how you turn bumps in the road into ramps to the sky. Anthony Scaramucci has been there and done that, again and again, and has ultimately come out on top; in this book, he shares what he wishes he knew then. Your chances of becoming an overnight billionaire are approximately the same as your chances of being signed to the NBA. Taking Life Head On is the dramatic true story of one young man whose drive to succeed against all odds catapulted him from death to the Hall of Fame. At age 20, full of potential and strength, Hal Elrod was on top of the world as one of the best salespeople in Cutco Cutlery's 50-year history. Then one fateful night after a speaking engagement, Hal's world ended when he

was struck head on by a drunk driver and found dead at the scene. Hal is living proof that all of us are capable of creating miracles in our own lives, and shows us how to truly love the life we have while sharing unique strategies for creating the life we want. Joe Polish has been called the "world's best connector"-and for good reason. The once ponytailed, dead-broke, drug addicted carpet cleaner became a millionaire by the age of 30 and then went on to establish the world's two highest-level marketing groups (*Genius Network* and *GeniusX*). So how does an "average Joe" from Arizona come to advise everyone from Arianna Huffington to Paula Abdul? How does he grow close to Richard Branson, host Tony Robbins at his events and help people like Peter Diamandis launch books to bestseller status? The answers to most of those questions can be found in this book. From advice on marketing and selling to thoughts on wellness and recovery, *Life Gives to the Giver: Musings on Wellness, Success, Marketing and Being an Entrepreneur* is packed with both wisdom and witticism, providing those who wish to succeed in business-and life-a treasure trove that can help guide them exactly where they want to go.

The bestselling author of *The Miracle Morning* shares the secret to unlocking your full potential—all day, every day. "A simple, proven formula for creating extraordinary results in your life."—Lewis Howes, *New York Times* bestselling author of *The School of Greatness* Even after the incredible success of his book *The Miracle Morning*, Hal Elrod realized that he still had more to share with the world. What he had discovered was a timeless but overlooked formula for success. The world's top achievers have used it for centuries. He used it to thrive against seemingly insurmountable odds, from overcoming life-threatening health challenges to near financial collapse. That formula is *The Miracle Equation*, and it couldn't be any simpler: Unwavering Faith + Extraordinary Effort = Miracles By establishing and maintaining Unwavering Faith that you can achieve anything you desire, and then putting forth Extraordinary Effort until you do, you'll create results beyond what you believe to be possible. In *The Miracle Equation*, you'll learn how to

- Replace fear with faith
- Move from resistance to acceptance
- Let go of negative emotions
- Turn off your stress response
- Overcome your limitations to unlock your limitless potential
- Develop emotional invincibility
- Grow from happiness, which is fleeting, to inner peace, which is lasting

And with the *Miracle Equation 30-Day Challenge* to guide your way, you'll

create a step-by-step plan to actualize your miracles and become the person you need to be in order to succeed. No goal is out of reach! Praise for The Miracle Equation "The Miracle Equation isn't just a book, it's the formula that I myself have used to achieve greatness beyond what I ever believed was possible. Hal Elrod has taken the mystery out of miracles and gives you a simple, proven formula for creating extraordinary results in your life. Highly recommended."—Lewis Howes, New York Times bestselling author of The School of Greatness "You're only two decisions away from achieving everything you want. And my friend, Hal Elrod, has simplified these two decisions into a simple equation for achieving results. Follow it, and your success is virtually guaranteed. If you want your biggest goals to move from possible, to probable, to inevitable, you better read The Miracle Equation."—Mel Robbins, bestselling author of The 5-Second Rule

The relationship between America and Pakistan is based on mutual incomprehension and always has been. Pakistan—to American eyes—has gone from being a quirky irrelevance, to a stabilizing friend, to an essential military ally, to a seedbed of terror. America—to Pakistani eyes—has been a guarantee of security, a coldly distant scold, an enthusiastic military enabler, and is now a threat to national security and a source of humiliation. The countries are not merely at odds. Each believes it can play the other—with sometimes absurd, sometimes tragic, results. The conventional narrative about the war in Afghanistan, for instance, has revolved around the Soviet invasion in 1979. But President Jimmy Carter signed the first authorization to help the Pakistani-backed mujahedeen covertly on July 3—almost six months before the Soviets invaded. Americans were told, and like to believe, that what followed was Charlie Wilson's war of Afghani liberation, with which they remain embroiled to this day. It was not. It was General Zia-ul-Haq's vicious regional power play. Husain Haqqani has a

unique insight into Pakistan, his homeland, and America, where he was ambassador and is now a professor at Boston University. His life has mapped the relationship of the two countries and he has found himself often close to the heart of it, sometimes in very confrontational circumstances, and this has allowed him to write the story of a misbegotten diplomatic love affair, here memorably laid bare.

Cannibalism. It's the last, greatest taboo: the stuff of urban legends and ancient myths, airline crashes and Captain Cook. But while we might get a thrill at the thought of the black widow spider's gruesome mating habits or the tragic fate of the 19th-century Donner Party pioneers, today cannibalism belongs to history - or, at the very least, the realm of the weird, the rare and the very far away. Doesn't it? Here, zoologist Bill Schutt digs his teeth into the subject to find an answer that is as surprising as it is unsettling.

'Stylish, straight-talking and switched on... her tell-it-like-it-is tactics are attracting a new audience.' Sunday Times Style magazine In Spirit Junkie, Gabrielle Bernstein shares the story of her spiritual journey and shows you how you, too, can overcome the fears that paralyse you and manifest the greatest joy in your life. Before she became an international bestselling author and teacher, Gabrielle Bernstein kept a journal of self-loathing, self-doubt and calorie consumption for more than twenty years. That all changed when she discovered A Course in Miracles, which taught her that much of what she feared in life was not frightening at all and, in many cases, not even real. Bernstein guides you through the life-changing lessons that she has lived and learned in three parts: · 'The Detour into Fear' explains how our minds go wrong and why we become accustomed to fearful ways of being. · 'The Answer' provides the necessary tools for reconditioning our minds back to peace and joy. · 'The Miracle' helps you maintain your happiness and share it with the world. By understanding and changing our perceptions, resentments will release, hang-ups will melt away and a renewed faith in joy will be reignited.

Maria Stepanova is one of the most powerful and distinctive voices of Russia's first post-Soviet literary generation. An award-winning poet and prose writer, she has also founded a major platform for independent journalism. Her verse blends formal mastery with a keen ear for the evolution of spoken language. As Russia's political climate has turned increasingly repressive, Stepanova has responded with engaged writing that grapples with the persistence of violence in her country's past and present. Some of her most remarkable recent work as a poet and essayist considers the conflict in Ukraine and the debasement of language that has always accompanied war. The Voice Over brings together two decades of Stepanova's work, showcasing her range, virtuosity, and creative evolution. Stepanova's poetic voice constantly sets out in search of new bodies to inhabit, taking established forms and styles and rendering them into something unexpected and strange. Recognizable patterns of ballads, elegies, and war songs are transposed into a new key, infused with foreign strains, and juxtaposed with unlikely neighbors. As an essayist, Stepanova engages deeply with writers who bore witness to devastation and dramatic social change, as seen in searching pieces on W. G. Sebald, Marina Tsvetaeva, and Susan Sontag. Including contributions from ten translators, The Voice Over shows English-speaking readers why Stepanova is one of Russia's most acclaimed contemporary writers.

From the millionaire entrepreneur and New York Times bestselling author of The 10X Rule comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's

version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to:

- Set crazy goals—and reach them, every single day.
- Feed the beast: when you value money and spend it on the right things, you get more of it.
- Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.
