One of America's foremost experts on gunsmithing, Bryce Towsley here provides the definitive guide for anyone interested in building or maintaining guns. He gives detailed explanations and color illustrations for just about every aspect of gun repair. Featured tutorials include: stock modifications, accuracy enhancement, weather preparation, a total rifle makeover, and much more. Beginning with shop design and maintenance, Towsley builds on the knowledge he provides until ending with directions on rifle building from scratch. For anyone interested in fixing or building guns, Towsley's book is a complete education from A to Z.

This manual reflects an impassioned belief in the 2nd Amendment, and is a must have for any woman interested in buying, owning, and securely keeping a gun.

Having shaped our nation since its birth, guns are an integral part of American life. As more and more Americans choose to own firearms, it becomes increasingly important to educate them on proper shooting and handling techniques. Drawing on the National Rifle Association's more than two centuries of shooting experience, as well as the collected knowledge of more than 55,000 certified instructors, The NRA Step-by-Step Guide to Gun Safety offers key--and life-saving--advice on using, caring for, and storing handguns, rifles, and shotguns. Packed with essential information and resources, including details on how propellants burn in cartridges, shooting etiquette on and off the range, and where to find a certified NRA shooting instructor, The NRA Step-by-Step Guide to Gun Safety will help reinforce the importance of safe gun-handling habits. Included is information on: The safest and most effective way to store and transport pistols, rifles, and shotguns The anatomy of the many kinds of guns available The proper way to reload any firearm The best way to clean your gun Proper use of eye and ear protection The correct clothing to wear while hunting Whether you are an experienced shooter or haven't shot a round in your life, The NRA Step-by-Step Guide to Gun Safety will provide new and enlightening information that will make you, and your family, safer gun owners. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not

otherwise find a home.

Continuing the proud tradition of Gunsmith Kinks®, Gunsmith Kinks® II, and Gunsmith Kinks® III, this newest member of the family - Gunsmith Kinks® 4 - presents 569 brand new gunsmith kinks to help you cure problems in the shop, to bring you new ideas for tools and time-saving fixtures for your gun work, to give you lots of solid and useful suggestions for your business and shop -- and, of course, to bring together all the jokes that have appeared in the Gunsmiths Newsletter since Gunsmith Kinks® III came out back in 1993. As an added plus, we've added many brand new Gunsmith Kinks® and jokes that haven't appeared in any Newsletter yet. All are shop proven and written by the people doing the work and, every Kink® has a credit line identifying the author. Included are lots of instructions -- 64 pages in fact -- that walk you through a variety of processes - from Color Case Hardening to applying BakeOn finishes. How-to articles reprinted from Brownells BenchTalk Newsletter and a whole chapter dedicated to advice on proven ways other folks have increased their sales and, therefore, their profits. That same chapter has advice and counsel on subjects ranging from customer service, to making a buck and just about every other aspect of the business. 133 pages feature 167 job-specific Gunsmith Kinks® for handguns, rifles, and shotguns. To make finding all this tremendous new information easy -- for info is of no use unless you can find it -- the new Gunsmith Kinks® 4 is cross-indexed with ALL THREE previous volumes Gunsmith Kinks®, Gunsmith Kinks® II, and Gunsmith Kinks® III. If you look up a subject in Gunsmith Kinks® 4, right beside the entry you can see if there is more information on the same subject in one of the other three volumes, and which page to find it on. The sum total of know-how collected here is truly mind-boggling. You, the reader, get to tap into the job files of the world's best gunsmiths and take advantage of the hours they've spent figuring out how to fix the problem that's sitting on your bench!

Can you pursue what you love to do naturally and earn a living from it in a tough world based on money where you're constantly being pushed to be a functional worker doing a mundane job? I'm not talking about being an artist, an actor, a model or professional athlete. These are pipe dreams for almost everybody and they're frivolous too. These entertainment fields don't add value to the economy or to people's real lives. Paintings, somebody doing a cute dance in a music video or people chasing a ball around add nothing to the practical needs of life like food, clothing, energy, transportation, etc. I'm talking about doing something useful that can be fun and interesting for you and earn you a living. This book is about earning and making money for self-starters, misfits, creative

people, adventurers and travelers who either: don't know what to do to earn a living don't want to sell their souls for an artificial job in the system do not have the personality to work a regular job do not want to be around other people want to work anywhere in the world want adventure, novelty and new experiences There are two main ways for a free spirit to earn money: do my own thing as in self-employment work an interesting job The 68 volumes are as follows: Volume 1.
