The One and Only Ivan was perfect for adapting to the screen. The story is tender and sweet, with a little heartache, but simple enough to not need too many changes to make it suitable for a movie. I've heard a lot of people complain about CGI, but it's never really bothered me.

### *The One & Only by Emily Giffin - Goodreads*

Return to the unforgettable world of the Newbery Medal-winning and #1 New York Times bestselling novel The One and Only Ivan (soon to be a major motion picture!) in this incredible sequel, starring Ivan's friend Bob! Bob sets out on a dangerous journey in search of his long-lost sister with the help of his two best friends, Ivan and Ruby.

This is a review of The One and Only Bob by Katherine Applegate. This stand-alone follow up novel is an empowering journey of grace and redemption as Bob works through his past and learns

how to stand tall - or at least as tall as a small dog can. Book Review: The One and Only Bob

"The One & Only is one to read...Giffin's specialty is writing about relationships, especially when they are messy and complicated. In her bestsellers she has tackled themes such as betrayal, adultery and heartbreak while keeping her characters relatable, albeit flawed....The One & Only follows Shea Rigsby, who begins to question her path in life, and admits truths she never allowed herself to see.

The One and Only Ivan is one of the best children's books ever written, in our opinion. That means that adults should read it as well, for everyone was a child once, and so many of the most powerful stories find their initial audience there. *The One and Only Ivan Summary | GradeSaver*

*The One and Only Bob* offers plentiful examples of people being cruel to animals, and vividly describes how it feels to be on the receiving end. It also features many people being kind and supportive, even heroic, in protecting the animals. Do you come away from the story with more empathy for those being abused, animals and humans?

*The One and Only Ivan - Weebly*

Inspired by the true story of a gorilla who spent 30 years alone in a cage at an indoor zoo in a mall, this beautiful book imagines what that gorilla might have felt and said about his life. Ivan does not dwell on his memories as does his friend Stella, an elderly elephant in the cage next door.
