Socialism: Definition, Pros, Cons, Examples, Types

In his Dictionary of Socialism (1924), Angelo S. Rappoport analysed forty definitions of socialism to conclude that common elements of socialism include: general criticisms of the social effects of private ownership and control of capital—as being the cause of poverty, low wages, unemployment, economic and social inequality and a lack of economic security; a general view that the solution to these problems is a form of collective control over the means of production, distribution and ...

Economic system - Economic system - Problems with socialism: The socialist experiments of the 20th century were motivated by a genuine interest in improving life for the masses, but the results instead delivered untold suffering in terms of economic depravation and political tyranny.

Some critics of socialism have argued that in a socialist state the leadership will either become corrupted or be replaced by corrupt people and this would prevent the goals of socialism from being realized.

Margaret Thatcher on Socialism

Democratic Socialism: The means of production are managed by the working people, and there is a democratically elected government. Central planning distributes common goods, such as mass transit, housing, and energy, while the free market is allowed to distribute consumer goods.

EXPLAINED: The Spectacular Failure of Socialism

What's the Problem with Socialism? - Townhall

1. The Problem with Socialism. 2. Why Socialism is Always and Everywhere an Economic Disaster. 3. Egalitarianism versus Human Reality. 4. Islands of Socialism: The Follies of Government Enterprise. 5. Why "The Worst" Rise to the Top Under Socialism. 6. The Socialist Roots of Fascism. 7. The Myth of Successful Scandinavian Socialism. 8. How ...

The Necessity of Profits, Prices, and Entrepreneurs. The inherent theoretical problems of socialism all emanate from its definition, and not the particulars of its application. However, the supporters of socialism define "collective," as no exchange of the factors of production. And without exchange, there can be no prices,...

The Problem with Marxist Socialism. A final criticism, and a very serious one, is that socialist forms of government have to be more coercive than democratic capitalist forms. The more the government controls, the more power it has. The 20th-century Russian version of socialism was authoritarian, as are the ongoing systems in Cuba...

The Problem With Soft Socialism | Hoover Institution

The Problem with Socialism. True, advocates of wealth redistribution can point to circumstances where it did "work," and where it does "work" from time to time (if only for a limited time). But I can also point to circumstances where the laws of gravity are temporarily suspended, such as when I get on a plane.

EXPLAINED: The Spectacular Failure of Socialism

In the process, socialism actually creates injustice. It destroys true liberty: the freedom to decide all matters that lie within our own competence and to follow the course shown by our reason, within the laws of morality, including the dictates of justice and charity. 3. Socialism violates human nature. Socialism is anti-natural.
