The Woodwright's Guide - University of North Carolina Press

Beginning with the standing tree, each chapter of The Woodwright's Guide explores one of nine trades of woodcraft: faller, countryman and cleaver, hewer, log-builder, sawyer, carpenter, joiner, turner, and cabinetmaker. Each trade brings new tools and techniques; each trade uses a different character of material; but all are united by the grain in the wood and the en-

during mastery of muscle and steel.
