### 64 Mind-Blowing Facts That Will Make You Feel Incredibly Happy

"This Will Make You Smarter gives us better tools to think about the world and is eminently practical for life day to day. The people in this book lead some of the hottest fields." (DAVID BROOKS, from the Foreword)

Some of those scenarios are really fun and make me smile. "Would you rather an elephant drank your bath water, an eagle stole your dinner, a pig tried on your clothes, or a hippo slept in your bed." Some are not that fun but still within acceptable range: "would you rather be covered in jam, soaked in water, or pulled through the mud by a dog."

There are books that entertain, books that inform, books that enthrall - books that speak to the brain, the mind, the intellect and the emotions. And then there are books that seem to speak direct-

ly to the soul - life-changing books that make you question your core beliefs, staying with you long after you've finished reading.

back.
