The Tiny House movement is gradually catching on in the UK. More and more people in Great Britain are looking to their gardens to create a bit more living space or temporary accommoda-

tion. Whether it's for a teenager, a spare bedroom for family or friends, a bit of extra B&B space. These custom built, fully insulated, luxury cabins are built like a house which will last a lifetime. Welcome To Tiny Homes UK. The concept of tiny houses or tiny homes as we like to call them is one that is creating big waves across the UK. As the cost of living is going up, many are looking to downsize and tiny houses allow you to do just that in quite a radical, yet life enhancing manner. For those homeowners who find themselves needing a bigger house, a tiny home could be just the ticket with multiple uses and their small size means they are very versatile in terms of placement.

With authentic country character and hand-crafted, farmhouse-inspired details, Tiny Heirloom Homes makes it easy to downsize and upgrade at the same time. This 192-square-foot luxury farmhouse is outfitted with a sleeping loft, kitchen, bathroom, living space, and even a laundry machine.
