• J. Noland White These human skulls clearly show the signs of trepanning, a process in which ancient priests or medicine men cut holes into the skulls of a living person, perhaps to release the “demons” that were making the person’s behavior odd or disturbed.

I have and am using this textbook for my general psychology course which lasts for two semesters. I love how this book uses research to explain certain theories and concepts in psychology. Also how they integrate the history of notable psychologists or professionals in the field of psychology. I greatly appreciate the end of section review quiz.
