® vs. ™: Which trademark symbol should I use and when? Dennemeyer & Associates / October 4, 2019 Your business has successfully registered trademarks in your home country. Congratulations! That is an excellent step towards making sure that your company can gain a strong position in your industry.

The two symbols associated with trademarks, ™ (the trademark symbol) and ® (the registered trademark symbol), represent the status of a mark and accordingly its level of protection.

Trademark symbols can make a clean piece of marketing material seem cluttered and messy. Using the ™ or ® symbols is optional, so if you feel their use compromises your artistic vision or a doc-

ument's readability you can always leave them off. Just remember the benefits of using the trademark symbol provides when making your decision.

There are three main trademark symbols – ®, ™, and ℠ – that are often used in superscript form to identify trademarks. Trademark symbols can signify many things, but one of their most important functions is to let others know your name or logo is protected. Each of the main symbols tells others that you are asserting trademark rights.
