 The aftermath of rape and sexual trauma. Sexual violence is shockingly common in our society. According to the Centers for Disease Control and Prevention (CDC), nearly 1 in 5 women in the U.S. are raped or sexually assaulted at some point in

their lives, often by someone they know and trust.

*Recovering from Rape and Sexual Trauma - HelpGuide.org*

The book opens with a vivid, gripping account of rape trauma that underscores the terror of sexual violence. Turning next to the scientific literature, the authors review studies on epidemiology, psychopathology, and treatment for rape-related posttraumatic stress disorder, and interpret these data within the framework of Foa's emotional processing theory.
