Do you want to pursue a career and succeed in the lucrative area of music publishing? The Art of Music Publishing provides real inspiration and a tangible hands on perspective to this exciting side of the high-risk, high-reward music business. Prepare yourself for a career in music publishing and understand this complex but profitable part of the music business. Author Gammons walks you through all you need to know * understanding the role of the publisher * copyright * managing rights * income

streams * contracts*. Learn how, when and where income is generated in all the current areas of business as well as exploring the new industries offering new income streams and the business models that are developing. The supporting website includes video interviews and podcasts with music business legends. 'If there is anything that Helen Gammons doesn't know about music publishing, it's probably not worth knowing! If you want to take it to the next level in music publishing - read this book. I know I'll be referring to it often.' David 'Hawk' Wolinski

Composer of "Aint No Body" (Rufus and Chaka Khan) and one of the most covered songs ever. "Whether you're already a music publisher or would like to be one, this book will give you a mass of useful information - fresh ideas, up-to-date legal opinions, video interviews with music biz legends, provocative thoughts about where the business is heading, and plenty of good anecdotes." From Simon Napier Bell Manager: The Yardbirds, George Michael and Wham, Marc Bolan. Japan. Corporations Law: In Principle, 10th edition, continues its tradition of being

one of the most easy to understand texts on corporate law in Australia. Since the last edition, there have been many significant developments in both legislation and case law as a result of a range of government reviews and administrative changes.

No one understands the music industry--from the technology, to the legalities, to the new industry practices--better than veteran music lawyer Donald Passman. In this completely revised and updated seventh edition of *All You Need To Know About the Music Business*, which the *Los Angeles Times* called "the industry bible" and which has sold hundreds of thousands of copies, Passman offers executives and artists, experts and novices alike the essential information they need not only to survive in these volatile and exciting times, but also to thrive. Drawing on his unique, up-to-the-minute experience as one of the most trusted advisors in the business, Passman offers advice concerning: - The Copyright Royalty Board's latest decisions regarding online transmissions. - The developing new customs concerning new technologies such as streaming on demand,

ringtones, and digital downloads. Passman also gives guidance on other fundamental issues such as how to: - Select and hire a winning team of advisors--personal and business managers, agents, and attorneys--and structure their commissions, percentages, and fees in a way that will protect you and maximize these relationships. - Master the big picture and the finer points of record deals. - Navigate the ins and outs of songwriting, music publishing, and copyright law. - Maximize concert touring and merchandising deals. Almost everyone in the music business, from musicians and songwriters to entertainment lawyers and record company executives, are scrambling to sort out what is going to happen next, and Passman is right in the thick of these changes. Here is a book for anyone interested in a music career: a comprehensive and crucial guide to making it in one of the world's most dynamic industries.

This essential and highly acclaimed guide, now updated and revised in its eighth edition, explains the business of the British music industry. Drawing on her extensive experience as a media lawyer,

Ann Harrison offers a unique, expert opinion on the deals, the contracts and the business as a whole. She examines in detail the changing face of the music industry and provides absorbing and up-to-date case studies. Whether you're a recording artist, songwriter, music business manager, industry executive, publisher, journalist, media student, accountant or lawyer, this practical and comprehensive guide is indispensable reading. Fully revised and updated. Includes: · The current types of record and publishing deals, and what you can expect to see in the contracts · A guide to making a record, manufacture, distribution, branding, marketing, merchandising, sponsorship, band arrangements and touring · Information on music streaming, digital downloads and piracy · The most up-to-date insights on how the COVID-19 crisis has affected marketing · An in-depth look at copyright law and related rights · Case studies illustrating key developments and legal jargon explained.

A guide to the music business and its legal issues provides real-world coverage of a wide range of topics, including teams of ad-

visors, record deals, song-writing and music publishing, touring, and merchandising.

Now going into its 9th edition, the successful textbook *Book-keeping and Accounts* is a vital guide for students undertaking studies of book-keeping and accounting for the first time. Through its gradual introduction of topics, explanation of technical terminology in a clear, easy to understand way, this text provides an accessible and reliable guide for any student in their undergraduate career. New to this edition:

- Fully compliant with International Financial Reporting Standards (IFRS), with current IFRS terminology.
- Questions and exercises to test your understanding and help with revision.
- Selected chapters amended and re-structured.
- Full explanation of HMRC changes in VAT relating to cash discounts.
- Illustrations and diagrams to help explain key concepts.
- Updated 'learning objectives' and 'chapter summaries', to reflect developments in the financial environment
- Easy to understand to double entry book-keeping using the 'IN' and 'OUT' approach. With its highly regarded authorship this text is used by lecturers

for teaching students undertaking the following qualifications and examinations; Association of Accounting Technicians (AAT), International Association of Book-keepers (I-AB), A Level Accounting, Oxford Cambridge and Royal Society of Arts (OCR), and as a general foundation text for personnel employed in the accountancy profession. Accompanying the text is a collection of resources to support both lecturers and students which can be found at www.pearsoned.co.uk/wood - For instructors : Solution's manual, and Powerpoint slides - For students : Opportunities to practise and additional support with our companion website

Provides students with an understanding of the dynamics of E-Business. This title offers coverage of emerging online business strategies and technologies in the electronic commerce marketplace. It provides coverage of e-commerce growth in China and the developing world, social media and online marketing strategies, and more.

Takes autistic children step by step through everyday activities.

Addresses law and em-

ployment decisions with a management perspective. This text explains how to approach and manage legal employment decisions, and outlines the specific legal framework in which management decisions are made.

Choose a platinum experience. Choose Understanding Business.

Sharing the essentials of sales, marketing, negotiation, strategy, and much more, the creator of PersonalMBA.com shows readers how to master the fundamentals, hone their business instincts, and save a fortune in tuition. The RIBA Job Book is the Royal Institute of British Architects' long-established and recognised standard reference for running construction projects. This major new update fully reflects the new RIBA Plan of Work 2013 and contemporary working practice. It embraces themes of collaboration within the project team, better briefing, advances in information technology and BIM, and the continued importance of sustainability including valuable detail on a range of 'cradle to grave' processes in

a building project. Applicable to all forms of procurement and to all sizes and types of project, the RIBA Job Book provides a systematic operational framework that is comprehensive in scope and easy-to-follow, and which examines step-by-step the key obligations of the architect or lead consultant. Setting out all the actions to be undertaken throughout a project, it includes invaluable checklists, notes and practical guidance.

Over a half-million sold! The sequel, The Unicorn Project, is coming Nov 26 "Every person involved in a failed IT project should be forced to read this book."—TIM O'REILLY, Founder & CEO of O'Reilly Media "The Phoenix Project is a must read for business and IT executives who are struggling with the growing complexity of IT."—JIM WHITEHURST, President and CEO, Red Hat, Inc. Five years after this sleeper hit took on the world of IT and flipped it on its head, the 5th Anniversary Edition of The Phoenix Project continues to guide IT in the DevOps revolution. In this newly updated and expanded edition of the bestselling The Phoenix Project, co-author Gene

Kim includes a new afterword and a deeper delve into the Three Ways as described in The DevOps Handbook. Bill, an IT manager at Parts Unlimited, has been tasked with taking on a project critical to the future of the business, code named Phoenix Project. But the project is massively over budget and behind schedule. The CEO demands Bill must fix the mess in ninety days or else Bill's entire department will be outsourced. With the help of a prospective board member and his mysterious philosophy of The Three Ways, Bill starts to see that IT work has more in common with a manufacturing plant work than he ever imagined. With the clock ticking, Bill must organize work flow streamline interdepartmental communications, and effectively serve the other business functions at Parts Unlimited. In a fast-paced and entertaining style, three luminaries of the DevOps movement deliver a story that anyone who works in IT will recognize. Readers will not only learn how to improve their own IT organizations, they'll never view IT the same way again. "This book is a gripping read that captures brilliantly the dilemmas that face companies

which depend on IT, and offers real-world solutions.”—JEZ HUMBLE, Co-author of Continuous Delivery, Lean Enterprise, Accelerate, and The DevOps Handbook ——— “I’m delighted at how The Phoenix Project has reshaped so many conversations in technology. My goal in writing The Unicorn Project was to explore and reveal the necessary but invisible structures required to make developers (and all engineers) productive, and reveal the devastating effects of technical debt and complexity. I hope this book can create common ground for technology and business leaders to leave the past behind, and co-create a better future together.”—Gene Kim, November 2019

Through seven editions and twenty years, *All You Need to Know About the Music Industry* has been the essential go-to reference for music business pros—musicians, songwriters, entertainment lawyers, agents, concert promoters, music publishers, record company execs, and music managers—as they try to navigate the rapid transformation of their industry. -- From publisher description.

Parker's Will Precedents provides private client so-

licitors and professional will draftsmen with a thorough understanding and working knowledge of the will drafting process and, as a result, the ability to draft better wills. It provides:- A comprehensive collection of precedents aimed at anyone who needs to draft wills - A variety of precedents for individual clauses as well as a set of complete wills catering for different scenarios - An emphasis on clarity, practicality and simplicity, so you can quickly draft legally sound wills for a variety of circumstances - Notes and guidance on drafting and additional materials, including letters, support materials and extracts from relevant legislation The ninth edition includes coverage of the Residential Nil Rate Band (changing from April 2017) as well as new chapter on flexible life interest trusts and EC Succession Regulation. This book comes with an electronic download of the precedents, for you to adapt and use in your contracts. On purchase, you will be provided with a code and a web link from which the precedents can be downloaded in a generic format such as *.doc which will be compatible with all operating systems.

An anthology of readings, legal perspectives, and cases in business ethics. *Ethical Theory and Business* provides students with a strong understanding of ethics in business. Case studies, a discussion of ethical theory, and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves. Learning Goals Upon completing this book readers will be able to: * Reflect on ethical and sustainable business practices * Understand the role of ethics in all function areas of business including management, marketing, international business, human resources, finance, and accounting * Discuss the most pressing issues confronting business leaders today

A special edition celebrating 30 years of a picture book phenomenon. A success since its publication in 1989, *The Story of the Little Mole* has delighted adults and children alike to become an all-time humour classic. This hilarious picture book tells the tale of a little mole who wakes up one morning only to have one of the other animals 'do its business' on his head. The Little

Mole then sets out to track down the culprit to exact his revenge in his own little way. This new anniversary edition is a fantastic way to introduce children to the amazing world of books. This children's classic by story and illustrator duo Werner Holzwarth and Wolf Erlbruch is now reissued in a special anniversary edition, with accompanying marketing and publicity campaign.

Understanding the Business of Entertainment: The Legal and Business Essentials All Filmmakers Should Know is an indispensable guide to the business aspects of the entertainment industry, providing the legal expertise you need to break in and to succeed. Written in a clear and engaging tone, this book covers the essential topics in a thorough but reader-friendly manner and includes plenty of real-world examples that bring business and legal concepts to life. Whether you want to direct, produce, write, edit, photograph or act in movies, this book covers how to find work in your chosen field and examines the key provisions in employment agreements for creative personnel. If you want to make films independently, you'll

find advice on where to look for financing, what kinds of deals might be made in the course of production, and important information on insurance, releases, and licenses. Other topics covered include: Hollywood's growth and the current conglomerates that own most of the media How specific entertainment companies operate, including facts about particular studios and employee tasks. How studios develop projects, manage production, seek out independent films, and engage in marketing and distribution The kinds of revenues studios earn and how they account for these revenues How television networks and new media-delivery companies like Netflix operate and where the digital revolution might take those who will one day work in the film and TV business As an award-winning screenwriter and entertainment attorney, Gregory Bernstein give us an inside look at the business of entertainment. He proves that knowing what is behind filmmaking is just as important as the film itself.

This document is a compilation of TOGAF Series Guides addressing Business Architecture. It has

been developed and approved by The Open Group and is part of the TOGAF Standard, 10th Edition. It consists of the following documents: TOGAF® Series Guide: Business Models This document provides a basis for Enterprise Architects to understand and utilize business models, which describe the rationale of how an organization creates, delivers, and captures value. It covers the concept and purpose of business models and highlights the Business Model Canvas™ technique. TOGAF® Series Guide: Business Capabilities, Version 2 This document answers key questions about what a business capability is, and how it is used to enhance business analysis and planning. It addresses how to provide the architect with a means to create a capability map and align it with other Business Architecture viewpoints in support of business planning processes. TOGAF® Series Guide: Value Streams Value streams are one of the core elements of a Business Architecture. This document provides an architected approach to developing a business value model. It addresses how to identify, define, model, and map a value stream to other key

components of an enterprise's Business Architecture. TOGAF® Series Guide: Information Mapping This document describes how to develop an Information Map that articulates, characterizes, and visually represents information that is critical to the business. It provides architects with a framework to help understand what information matters most to a business before developing or proposing solutions. TOGAF® Series Guide: Organization Mapping This document shows how organization mapping provides the organizational context to an Enterprise Architecture. While capability mapping exposes what a business does and value stream mapping exposes how it delivers value to specific stakeholders, the organization map identifies the business units or third parties that possess or use those capabilities, and which participate in the value streams. TOGAF® Series Guide: Business Scenarios This document describes the Business Scenarios technique, which provides a mechanism to fully understand the requirements of information technology and align it with business needs. It shows how Business Scenarios can be used to develop resonat-

ing business requirements and how they support and enable the enterprise to achieve its business objectives.

The book explains the principles and practice of

bookkeeping sequentially, including:

- The bank reconciliation
- Writing up the petty cash book
- Extracting a trial balance
- Accruals and prepayments
- Setting up a limited company
- Accounting for VAT

Plus step-by-step guides to compiling a balance sheet, depreciation, accounting for bad and doubtful debts and much more. The 10th edition also includes significant enhancements to reflect the teachings of the principle bookkeeping institutes as they endeavour to raise the professional competence of their members. For example, accounting staff are increasingly being required to extend their record keeping into management accounts areas. The new edition includes chapters on stock control and budgetary control accounting. In addition, it will include more detailed guidance on the significance and importance of ratio analysis and statements of sources and application of funds, plus the latest available IAB and ICB exam papers.

"Picking up accounting as a language and as a skill will add credibility to your CV and enhance your employability. Any job role

you may be involved with - from an HR manager, to investment banker, to a self-employed musician - they all require, and are done better with, a basic grasp and understanding of accounting to be able to make financially sound decisions on a daily basis. Warren Buffet is an example - not an accountant - but making a good use of accounting in his investment and business dealings to notable success".

BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today's social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and confer-

ence calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This must-have book is a comprehensive yet accessible guide to copyright and related rights in the music industry, illustrated with relevant cases and real world examples. Key features include:

- An engaging and approachable writing style
- A practical orientation for those in the industry and their advisors
- The impact of social media on copyright infringement, management and remedies
- Accessible explanations of key concepts in copyright and related rights, as well as commonly misunderstood topics such as sampling and fair use.

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.
