A new omnibus collecting the first three volumes of the Vampire Hunter D horror novel series! It is 12,090 A.D., thousands of years since the human race nearly destroyed itself in a nuclear war—a folly foreseen by those who waited to emerge out of the underground...not from shelters, but from crypts! The aristocratic vampire lords known as the Nobles inherited our world, and with dark science and immortal patience made real the things that mortals had merely dreamed, whether voyaging to the distant stars, or conjuring monsters to roam the Earth. Yet the grand civilization of the Nobles has grown decadent, and as the terrorized remnants of humanity at last found the strength to rebel, their undying lords have been pushed back to the Frontier—the violent borderlands where humans still remain the prey of vampires, who for all their knowledge and power have never lost their obsession with our living flesh, blood...and souls! In this bizarre and deadly far future the most dangerous thing of all is not a vampire, but the one who hunts them—the one who is half them—a dhampir, the unearthly beautiful wanderer known as D. The Vampire Hunter D Omnibus collects the first three novels in author Hideyuki Kikuchi's adventure horror series: Vampire Hunter D, Raiser of Gales, and Demon Deathchase. Illustrated by Final Fantasy artist Yoshitaka Amano, this book is only the beginning of a legend!

From Hugo, Nebula, and Locus award-winning author T. Kingfisher comes an original and subversive fantasy adventure. *A very special hardcover edition, featuring gold foil stamp on the casing and custom endpapers illustrated by the author.* This isn't the kind of fairytale where the princess marries a prince. It's the one where she kills him. Marra never wanted to be a hero. As the shy, convent-raised, third-born daughter, she escaped the traditional fate of princesses, to be married away for the sake of an uncaring throne. But her sister wasn't so fortunate—and after years of silence, Marra is done watching her suffer at the hands of a powerful and abusive prince. Seeking help for her rescue mission, Marra is offered the tools she needs, but only if she can complete three seemingly impossible tasks: —build a dog of bones —sew a cloak of nettles —capture moonlight in a jar But, as is the way in tales of princes and witches, doing the impossible is only the beginning. Hero or not—now joined by a disgraced ex-knight, a reluctant fairy godmother, an enigmatic gravewitch and her fowl familiar—Marra might finally have the courage to save her sister, and topple a throne. "Nettle & Bone is the kind of book that immediately feels like an old friend. Fairytale mythic resonance meets homey pragmatism in this utterly delightful story. It's creepy, funny, heartfelt, and full of fantastic characters I absolutely loved!" —Melissa Caruso, author of The Tethered Mage At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
